Eaton Clothing At Eaton Prices

OUR ready-to-wear clothing, both for men and women, represents the best value obtainable, so good indeed, that to appreciate the excellence of our offers, it is necessary to compare prices and goods. If this is not done you are liable to think that either the goods are inferior, or the workmanship. Of course there is a reason for our prices. Most of the garments we sell are made in our workrooms from goods bought by us direct from the manufacturer. We pay cash and buy in such quantities that we get the very lowest prices obtainable. The goods are then made up in our own factory, the largest and most thoroughly equipped in the world, that sell their entire output direct to the wearer. By buying direct from the mills, and doing our own manufacturing, we save our patrons all middlemen's profits. This means a saving of just about one-half to our patrons.

Designed and tailored by experts, the clothing is well made and in style strictly correct.

Our Catalogue, which is sent Free for the asking, describes and illustrates the clothing we sell.

The Ithaca Hammerless Gun

It is high time to think of guns and ammunition, is it not? The gun we recommend is the hammerless Ithaca, which we have handled for a number of years and which has given unparalleled satisfaction. To any one desiring a reliable gun at a reasonable price, there is no better fire arm sold. All Ithaca guns have narrow skeleton rib, double thick nitro-breech, self compensating fore-end, taking up all wear at joint. They are made to shoot harder and closer than any other gun at the same price. These guns are choke bored. The standard boring is left barrel full choke, right barrel modified.

The guns range in price from \$28.00 to \$88.50. The lowest priced one is thoroughly reliable and the highest priced one is a perfect beauty.

Quality No. 1, SPECIAL—30 in. imported nitro steel barrel, black walnut stock and fore end nicely hand checkered, full pistol grip, with hard rubber cap, neat scroll on each side of frame, weight about 7 1/2 lbs., 12 gauge.....\$28.00

Quality No. 4—30 in. Krupp steel barrels, fine selected French walnut stock, full pistol grip; beautifully checkered and very finely engraved, rolled gold triggers, gold name plate in stock, double thick nitro breech, reinforced frame and stock fastening, narrow skeleton rib, six ounces lighter than any other rib made.....\$88.50

Other prices are \$30.00, \$40.00, \$50.00 and \$70.00

We have a full stock of ammunition of all descriptions, particulars of which we will furnish on request.

The Acme Corset

The Acme Corset is made in our own factory, and it is equal to many corsets that sell for double the money. The value is only possible when middlemen's profits are saved to the wearer. In studying our prices you want to keep this in mind. Here are a few of the popular lines:

17—Straight front, jean, with single strips of sateen, 9 in. back and front steel, lace and ribbon top and bottom, white and drab, size 18 to 24.....50c
