

the influence of the malaria; it arouses to healthy action the liver, spleen, and gastric organs, prostrated and dormant from the deadly influence of the malaria. In these cases it is necessary to regulate the liver, spleen, stomach, skin, and kidneys to a healthy action; this is secured by Radway's Pills. Now, let any person seized with Fever and Ague, as soon as the Fever is off or the Chills on, take a spoonful of Ready Relief, in water, every hour for six hours, and rub the spine of the back with the Relief clear; follow this up every day, and take Radway's Pills in large doses every night, and a cure will soon be made. If you wish to avoid attacks of Fever and Ague, or any other malarious Fevers, observe these directions. No FEVER CAKE follows the use of these remedies.

CHICAGO, Jan. 12, 1873.

DEAR SIR—I got a bottle of your Radway's Ready Relief, for the FEVER AND AGUE. I have only taken half of it, and I am sound as ever I was in my life. I got a box of your Pills; I have taken three doses of them, and now all the family are taking them.

Please find inclosed a stamp, for which please send me one of your False and True. Please address

J. W. ROBINSON.

900 Archer av., Chicago, Ill.

PARSONS, KANSAS, June 16, 1874.

MR. RADWAY—Dear Sir: Having the FEVER AND AGUE for eight months and found nothing to relieve me until purchasing your great medicine, Ready Relief and Pills, in which I have taken great interest in reading your Almanac, and should be happy to get a book of yours called "False and True," and also Radway's Illustrated Treatise on Irritable Urethra, and Radway on Scrofula.

Very respectfully yours,

MRS. NELLIE C. KING,

Parsons, Labelle Co., Kansas.

Rheumatism, Lumbago, Colic.

A RELIABLE AND CERTAIN CURE FOR COLIC.

NEW YORK, June 3, 1871.

DR. RADWAY—I have been for many years a sufferer from attacks of Colic, attended with the extremest agony, lasting for several hours. In reading your "False and True," I saw that you attributed this pain and trouble to ACIDITY IN THE STOMACH, and remembered how you said it must be treated. Your Ready Relief and Pills have just subdued the pain, and brought me through a severe attack. In the excess of joy, I say to you that you are right. I used to think my trouble was in the lower bowels. I am now satisfied, as you say, that it is ACIDITY in the STOMACH. Your Ready Relief is the ANTIDOTE. It stopped the pain after a few doses, taken with short intervals, and corrected my stomach. But you must take a dose of the Regulating Pills after the Relief has moderated the pain. I took them right away—powdered seven in a tea-cup, with water, and then swallowed the dose. They operated in forty minutes, and completed the cure in the happiest manner. The Pills did not interfere with the Relief.

Yours truly,

FRANK H. LEWIS,

107 Worth street, New York City.

In cases of LUMBAGO and RHEUMATISM, RADWAY'S READY RELIEF NEVER FAILS.
