A fence competitor says

"It has no equal."

A trial will convince you also.

The product of years of practical experience, careful study and experiment under the hardest climatic conditions of heavy snow and severe frost in winter and high temperature in summer, with a variation of 150 degrees. Our Spring Post meets perfectly the requirements and overcomes all the difficulties of contraction and expansion, under a variation of 180 degrees of temperature, and has besides a reserve capacity of as much more to provide for great strain and to automatically take up the stretch in the wires. Our "Hinge" Stays so act, when under pressure of snow or other weight, that when the weight is removed the fence springs back to place, with Stays unbent and fence uninjured. A system all our own and unlike any other. We use heavy wires—high carbon spring steel wire of highest quality—but our system is cheaper and the completed cost less than any other fence. Write for full particulars, and state fully your requirements.

FARMERS' CO-OPERATIVE BINDER TWINE COMPANY, Limited, Brantford, with its thousands of stockholders, is again ahead in the great Binder Twine race for the harvest of 1900. Competition defied. Red Star (magnificent), 12½c.; Blue Star, 11½c.; Standard, 10½c. Mill running full tilt. Raw material bought right. See our farmer agents at once. Farmers, you would have paid 16c. to 20c. a pound this coming season for twine had it not been for the existence of this Co-operative Company. Opposition—"Buy us you can't. Leave us you cannot. Crush us if you can. We hold you at defiance so long as the farmers are loyal to their trust." Order early, this is your last warning.

BOYS FOR FARM HELP.

The managers of Dr. Barnardo's Homes will be glad to receive applications from farmers or others for the boys who are arriving periodically from England to be placed in this country. All the young immigrants will have passed through a period of training in English Homes, and will be carefully selected with a view to their moral and physical suitability for Canadian life. Full particulars as to placed may be obtained upon application to Mr. ALFRED B. OWEN, Agent, Dr. Barnardo's Homes, 214 Farley Ave., Toronto.

The Gem Sickle and Tool Grinder.

In the hands of a boy alone will sharpen any moving-machine knife made in ten minutes, and do it right. A grindstone and two men won't do it in an hour—not right. It will grind anything that can be ground on a grindstone, and many things that can't, and do it quicker, easier, and better. It's fitted with stones that cut, and on which you can't spoil the temper of your knives or tools. It's made by emery-wheel people—people who furnish emery wheels, grinding stones and grinding machinery to manufacturers—people who ought to know how. There's not room here to tell it's good points—it has too many. Catalogue free—it tells the rest. With one stone each for tools, sickles and saws, it sells at \$7.50, and it's worth more. Address:

 Great Reduction in Prices. Send for Price List, etc. Parliament Buildings, Toronto, October 20th, 1900.

THE W. A. FREEMAN CO., 57 Ferguson Ave., South.

Gentlemen:—Nine years ago I purchased from you a large quantity of material known as Freeman's Ready Roofing, with which I roofed the north half of my barn and two sheds, 60x20 each. This year we re-painted this roof and found it in excellent condition. A shingle roof put on part of the barn two years before was badly in need of repair. I shall hereafter use your ready roofing on all my buildings. Yours truly
