"I Am So Short of Breath"

"IT MUST be your heart, Grand Dad." "Yes, I suppose it is. I am getting old, you know."

"Oh, you are not so old. You have got run down after the cold you had and will be all right when you get your blood built up again."

"Well, I hope so, dear."

"You remember how weak my heart was, Grand Dad, when I used to be pale and anaemic. It was no joke for me to climb these stairs then."

"You are all right now, aren't you?"

"I never felt better in my life, Grand Dad, and if you will use Dr. Chase's Nerve Food for a while you will get strong and well, too. That is what cured me."

"But do you think that the Nerve Food is any good for old men like me?"

"I am sure it is. I often read letters in the newspapers from old people telling about what a great benefit it has been to them by enriching the blood and increasing their vitality."

As an example of what Dr. Chase's Nerve Food does for people of advanced years, here is a letter from Mr. James Richards, 73 Dundas St., Belleville, Ont., who is 89 years of age. He writes:

"I was suffering from a weakness of the heart, shortness of breath and frequent dizzy spells which used to force me to go and lie down for a time. I secured Dr. Chase's Nerve Food and received such splendid results that I continued its use until I am now feeling fine and am not troubled with these symptoms any more."
