A finely-carved oak Communion table, of Georgian style, the gift of clergy and others of the diocese has just been placed in the Bishop of Truro's private Chapel in Lis Escop.

At the solemn Eucharist at 11.30 a.m. on a recent Sunday at the Church of St. Jude-upon-the-Hill, Hampstead, a very antique sanctuary lamp, of rare and clever workmanship was dedicated to the service of God, and was placed in its position before the High Altar. The lamp is of silver gilt and its estimated age is 350 years, the design being admirably adapted to this Byzantine building.

For China's millions of inhabitants the Bible Society has published the Scriptures in about a score of languages and dialects. Two fresh versions are now being added to the number by the printing of St. Matthew in Lisu and St. Mark in Laka. These tongues are spoken in Yunnan, a province of South-western China which adjoins Tibet and Upper Burma. Yunnan is inhabited by various tribes of non-Chinese origin, as well as by some Chinese. The two large tribes speaking Lisu and Laka are classed with the former. Christianity is spreading rapidly among them through the endeavours of missionaries from the China Inland Missions, including the Rev. A. G. Nichols and Messrs. Porteus and Metcalfe, who are jointly responsible for both the new translations.

The Ven. Archdeacon Scrivens' text when preaching at the consecration of the Lord Bishop of Columbia was, "We give ourselves continually to prayer and the ministry of the Word."  
At a vestry meeting which was held lately at Lahore in the Punjab it was decided to put in hand at once the completion of the two towers of the Cathedral. It is hoped also to carry out the extension of the nave in the near future.

The Bishop of Minnesota intends to apply very shortly to the Council of the Diocese for the help of a suffragan Bishop owing to the growing demands of the work of the diocese, and to the condition of his health due to the long strain he has been under.
