Shot at Wrong Man.

That it is a foolish thing to try to run away from the military police was discovered by Clinton Shantz, of Waterloo, who narrowly escaped being shot as a result of his attempt to evade officers who have been in that district rounding up defaulters since Friday last. Shantz was driving home on Erb-st., Waterloo, after midnight, when he heard a revolver shot which whizzed by his carriage and was followed by another which pierced the buggy top. His horse became frightened and ran away, turning into Shantz yard, closely followed by the military police. When Shantz was rounded up it was discovered that he was the wrong man. The military police claim they did not hear them. Later reports on the condition of Philip Nowak, military deserter, who was shot accidentally by P. C. Blevins on Sunday afternoon, are that he is improved, and will in all probability recover. It has been determined at the hospital that the bullet glanced off Nowak's hip-bone and lodged in his bladder.

Gas Killed Pigs

An unfortunate affair that might have been attended with more serious results happened on the farm of Mr. Jno. Hamilton of near Cromarty. Mr. Hamilton started the gasoline engine running, allowing the exhaust to escape in the barn. After some time he was overtaken with a sick and dizzy spell and started for the house. He also noticed that some of the cattle were down. Neighbors were immediately telephoned for and when they arrived at the farm Mr. Hamilton was in an unconscious condition as were also some of the cattle. The animals were hauled from the barn into the fresh air where they afterwards revived but four pigs that were in the building at the time succumbed to the fumes.

Building-up for the Spring Attack at the Front is a good deal like putting the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever" here at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips. The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, fifty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food. When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Anuric from your druggist. In tablets, fifty cents.
