## CANADA REGISTRATION BOARD

Charles Comben,  
Superintendent District No. 2  
Woodstock, N. B.  
May 27th, 1918.

The Canada Registration Board has been created under the presidency of Hon. Senator G. D. Robertson for the purpose of carrying out the registration of the man and woman power of Canada, in order that the information so obtained may be utilized to proceed intelligently with the mobilization of the entire resources of the nation towards the successful prosecution of the war. Data of military value will be secured, but the main purpose to be served by this Census of all males and females in Canada over 16 years of age will undoubtedly be the better distribution of agricultural and industrial labor to the end of securing the maximum results from the productive labor of the Canadian people—especially as regards the essentials of war. One of the most beneficial results which it is expected will follow the Census will be a more efficient organization of the agricultural forces of the country, becoming daily more imperative in view of the constantly diminishing food reserves of the Entente Allies and the imminence of a food shortage which threatens our own civilian population.

### REGISTRATION DAY

"Registration Day," the date of which is June 22, 1918, will give every Canadian affected by the law an opportunity to perform the great national duty of citizenship.

Registrars will be appointed for every federal constituency; these in turn will appoint deputy registrars and assistant deputy registrars in sufficient numbers to register the entire population. Registration offices or booths will be opened in conveniently situated locations, in factories, school houses, halls, etc., in every municipality, and certificates of registration will be issued to every registrant.

### VOLUNTEER ASSISTANCE ENCOURAGED

In order to facilitate the gigantic task, Councils, School Boards, Boards of Trade, Labor and fraternal organizations, Patriotic and Red Cross Societies, are invited to assist the registration officials in every possible manner, by providing free of charge suitable locations, school buildings, etc., and by furnishing volunteer helpers to do the clerical work. The registration offices will be kept open from 7 a. m. to 10 p. m.; hence the necessity

of providing lighting facilities for the registration places.

### REGISTRATION A NATIONAL DUTY

While non-registration entails many penalties of the most serious character, it is expected that the Canadian people will look upon registration as a great national duty, to be performed, not out of a sense of compulsion, but rather in a spirit of a pure patriotism and as an act of encouragement to our gallant overseas defenders. The registration of the man and woman power of Canada will go forth to the world as the solemn expression of Canada's unalterable determination to support her own and the allied armies until the final victory.

### REGISTRATION WILL STRENGTHEN MORALE OF THE ARMY

The few minutes required for registration, or the one day's salary donated by the willing workers, will be a small sacrifice indeed compared to those now being made by the Canadian manhood in the forefront of the battle line. Yet it will be of inestimable value in maintaining the splendid morale of our unsurpassed citizen soldiers to know that those for whom they are fighting on the fields of France and Flanders are not recreant to the solemn duty of the hour in their beloved Canada. The duty calls for the exercise of every generous and high resolve in all the avocations of a spirited people whose very existence as a people and whose great heritage is involved in the issue of the struggle.

For the purpose of registration, all the Counties in the Province of New Brunswick have been formed into one superintendency. These constitute a registration district. I have been honored with the charge of Superintendent of the Registration for the district outlined, a charge I felt I could accept with the confident expectation that all good citizens of this Province would co-operate in order to render the task less onerous and to bring it to a successful conclusion.

### EDUCATION NECESSARY

It is particularly desirable that clergymen of all denominations, members of Parliament, school teachers, professional agriculturalists, and members of other professions, journalists, captains of industry, members of council—in short all those who by reason of their social position wield great influence, should make known the requirements and the purposes of registration, in order that no false conception of its import may gain ground, or jeopardize its success.

The population of the Counties included in this Registration unit, according to official statistics of the Province of

New Brunswick, is approximately three hundred and thirty thousand. Well over half, possibly two thirds, of this number will be subjects for registration.

### THE CALL AND THE RESPONSE

The people of New Brunswick responded nobly to the urgent demands of the war; large numbers of their best young manhood have left and are still leaving for the front; they may be found in all the different army services; many have made the supreme sacrifice, others have been wounded or invalidated by sickness; all have gained imperishable renown on the blood-stained fields of Ypres, St. Julien, Lens, Festubert, Arras, Vimy, Passchendaele and elsewhere. The record of their achievements is the immortal heritage of New Brunswick for all time.

Out of their abundance our people have contributed freely to the different war Relief Funds and organizations; shall we be less generous now in making a much smaller contribution to the great cause by simply placing ourselves on record as a united people, mobilized for the purpose of helping these boys of our flesh and blood who are battling overseas for all we now so bountifully enjoy?

Let our message, from New Brunswick on Registration Day be one of sympathy and steadfast purpose to our soldiers at the front; in common with the rest of Canada let our answer to the calls of the Registration Board be the clarion voice of a united people, conscious of the justice of its cause, and animated by a common determination to do all in its power to have that cause prevail.
