RESCUE IN SIGHT.

Allies Within Sixteen Miles of the Chinese Capital.

Enemy Offers But a Faint Opposition—Some Fighting to do Yet.

London, Aug. 15.—The Standard, after expressing the opinion that there is increasing ground to hope that the ministers will be rescued by the arrival of the allies at Peking to-morrow (Thursday) if the initial rate of progress is maintained, goes on to deal with what will follow, and says it may be taken for granted that the policy attributed to the Washington cabinet represents the absolute minimum of the demands of the combined powers. The only news which takes the advance upon Peking further than Hosiwu, comes from Paris. The London morning papers contain nothing to confirm the French report that the allies are within 16 miles of Peking, although the Che Pao despatch is printed, saying they were within 27 miles of the goal on Saturday. Confirming the report of the arrival of the international forces at Hosiwu, the Daily Mail's correspondent adds: "The Chinese offered little real opposition. The arrival of the allies frustrated a determined attempt to divert the course of the river. The heat is intense, but the health of the troops is good."

At Port Arthur special announces that the women and children have been notified to leave that place. The allied troops, says the St. Petersburg correspondent of The Times, having on Aug. 9th, occupied Hosiwu, have now moved on toward Manchung without meeting any great opposition. The artillery is being moved satisfactorily in spite of the bad roads, which the Japanese are engaged in repairing. The Chinese are now concentrated at Esing-shih-Sien, where fighting may be expected.

THE BONNIE BELLE

Now Takes Possession of the Erie & Huron Cup.

She Beat the Eric B. After the Latter Had Scored Twice and Only Required Another Win.

At the Scotch picnic at the Eau yesterday there was a yacht race sailed, around which centred much interest. Three seasons ago the Eric & Huron gave a beautiful cup for competition among the Eau boats. To permanently own the silverware some boat had to win it three summers in succession. The contest soon narrowed down to two boats, the Eric B. belonging to George Bunsall, of Blenheim, and the Bonnie Belle, owned by Supt. Jones, of Chatham. They were the two flyers. In both cases the owners had built these boats and they were both designed on something of the same model. However, though the Bonnie Belle showed great speed, the Eric seemed to be with the Eric B. The Bonnie Belle always seemed to meet her chances. Mr. Bunsall had already scored two wins, so that if he had beaten the Bonnie Belle again the cup was his.

The judges this time were J. K. Laird, Ira Burke and Captain Post. The start was made at 2:20 o'clock, the Eric B. gaining a slight advantage in the jockeying which preceded the gun and crossing the line 15 seconds ahead.

THE START.
It was a run before the wind to the first buoy of the triangular course, and on this the Eric B. maintained her lead. From the first to the second buoy it was a slight test to windward

and the Bonnie Belle here showed her superior sailing powers by overtaking her opponent, and at the second turning buoy the Chatham boat was one and one-half minutes in the lead. On the reach home Jones' craft gained still more, and when she passed the last buoy on the first time around the course the little flyer was two and a half minutes to the good. On the second run before the wind Skipper Bunsall had some trouble with his spinnaker, but the canvas on the Bonnie was drawing perfectly. Here Commodore Jones added another minute to his lead and on the second beat windward still further increased it by 60 seconds more.

THE BONNIE WON.

On the reach home for the second and last time the Maple city boat did some very pretty work and finally crossed the line, amid the blowing of whistles of her admirers, a winner by six minutes. The "Eric B." had been beaten by nearly one mile. It required an hour and 28 minutes to sail the race. The Chatham yacht was skipped by Commodore W. R. Phillimore and E. B. Jones, the sails being managed by Bert Jones. Will Tackaberry was carried along as ballast.

Geo. Bunsall directed the sailing of the Eric B., assisted by Fred Bunsall and W. E. Hall. A good breeze was blowing throughout the race, so that at any time did the excitement die away for lack of wind.

OTHER AQUATIC EVENTS.
In the free for all only three boats entered. The promoters of the picnic feel rather hurt at the refusal of the Chatham yachtmen to enter their boats in this race. The hitch occurred over the non-recognition of the Rondeau Sailing Association. The Eric B., the Eric Boy, and the Kingsville boat entered and finished in the order named.

In the swimming race, Thomas Mainville was first and Charles Ryall second. Thomas Mainville also won first in the diving race with Fred. Tobey second.

The matched race between the four oared crews of the Walkerville and Detroit Boat Clubs was very exciting, the Walkerville club, however, won the race by a length.

"WHO IS WHO."

The title, "Who is Who" which has been assigned to the musical farce comedy in which Chas. A. Lober, John A. McMahon and a large company appear under the direction of F. W. Starr, certainly indicates the nature of the production. It is termed a comedy of complications and promises, a merry antidote for the blues. Many of the situations are new and this is considerable of a triumph now-a-days. While the play partakes of all the elements of legitimate drama, there will be sufficient interpolations of specialty features to entitle it to be classed with the most colloquial farce comedy bill extant. This superb organization will open the Grand Opera House next Monday evening.

THE SONS OF ENGLAND

Fred Cook, of Ottawa, Will be Next Supreme President—Grand Lodge Meeting.

Windsor, Aug. 15.—The Sons of England Supreme Grand Lodge opened its sessions here yesterday afternoon in the auditorium of the Collegiate Institute. The afternoon was taken up with addresses of welcome from the Fraternity of Wales Lodge, fraternal greetings from Essex and Kent districts, civil greetings by Acting Mayor John McConnell and aldermen, the city board of trade and greetings from Sons of St. George of Detroit, Sons of Scotland of Windsor and other fraternal organizations. The general purpose committee was in session yesterday arranging the details for the coming sessions and other matters connected with the convention. The election of officers will be held on Thursday. It seems a foregone conclusion that Fred Cook of Ottawa, will be elected Supreme President without opposition. The Grand President has appointed Rev. C. C. Purton, of Windsor, Grand Chaplain; J. L. Broughton, of Winnipeg, and H. B. Lloyd, of St. John's, Nfld., Grand Guides, and John Plimmer and J. Hoodison, of Windsor, as Guards.

HAS GREAT PROPERTIES.

What Chatham Mineral Water Will do For Man, Beast, Tree and Shrub.

Chatham has taken the plug out of the loud-smelling mineral water well on the McGregor farm and sees millions in it. The water has in the past been credited with most marvellous cures, a case of the healing of a broken bone being recorded by The Planet. The same paper says the water will cure anything from fleas on a dog to the seven-year's itch, and no bedbug will stay within its sphere of influence. Chatham has almost swooned into ecstasy, a condition which is attributed partly to the "high" quality of the fluid.—(Tribune Times.)
"It is all very well to make fun of this water but its curative properties are simply marvellous. Gardeners now draw it away to sprinkle their fruit trees with. Paris green is not in it with this mineral water as a potato bug destroyer. The Times is quite right when it says it will relieve any dog of fleas in about half a minute, or mange also in a little longer period. No microbe or insect can live where this water reaches it on man, beast tree or shrub. There is no doubt but that the owners of the well will make a big thing out of it. It is expected the canes, crutches and invalids' chairs cured people will leave behind them, having no use for, will alone sell for more than enough to pay the running expenses of the institution, when it gets going."

To Save Her Child.

From frightful disfigurement Mrs. Nannie Gallagher, of LaGrange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds, Piles, Etc. Cures guaranteed by A. I. McCall & Co.'s Drug Store.

AN ANCIENT LIBRARY.

One Unearthed in Nippur With Many Valuable Records of the Time Before Christ.

London, Aug. 15.—Mail advices to the Daily News from Constantinople dated Aug. 8 announce the arrival there of Prof. H. V. Hilprecht, head of the University of Pennsylvania expedition to Nippur, after having discovered the library of the great temple, with over 17,000 tablets, dealing with historical and literary matters, not one of them of later date than 228 B. C. "The unexplored remains of the library," says the correspondent, "will require five years for excavation. If those parts prove as rich in results as the portions already found, there will be no example in the world's history, not even in Egypt, of so complete a recovery of the records of ancient civilization."
