After the lawyers get the legal fight between the two board of direc-tors settled, they will own the Binder Twine factory. Messrs. Fraser & Davidson are at-

press, which shows that both are yaluable men. The Binder Twine Co. ought to be

well managed. One board of directors met inside the factory and one outside Saturday night. I guess the Binder Twine Co. shareholders sowed good money and are

harvesting a windstorm, judging by Saturday's meeting. If the Binder Twine Co. could only work some of those scraps which they had at their meeting, up into twine, the company could pay a dividend of

about 25 per cent. I can scarcely see why the cemetery committee should worry about the condition of the trees on the lots at the cemetery. The tenants won't

When the Battered Red Rag called this G. H. J. a lie hatchery, didn't it mean a lie hatchet and weren't they insinuating that we were a sort of George Washington.

Anybody with ordinary intelligence would know that you don't hatch lye. You make it out of ashes. But, as we have mentioned before, who ever accused the Banner of having even ordinary intellect.

That Gealer who wrote this journal from London, England in regard to the formation of a Canadian Rifle Brigade, evidently doesn't know how to spell his name. He should spell it

Pimples and eruptions are more than a disfigurement to a woman,—they make her sensitive and unhappy. The way to cleanse the skin is to purify the blood. Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the clogging accumulations and poisons which corrupt it. When these are removed, pimples, boils, eruptions, sores, and other consequences of impure blood are entirely cured.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main St., Battlecreek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Doctor Pierce's Golden Medical Discovery to any one similarly afflicted."

WHAT MOVED THE DOG!

A Remarkable Story of Canine In-

telligence and Affection. Among the tales told of the intelligence and affection of our canine friends by Mrs. Sarab K. Bolton in her book, "Our Devoted Friend, the Dog," is the story of Dan, a deerhound owned by Mr. L. C. Meachamp of Lomer, La. Mr. Meachamp was one day going on a squirrel bunt and, not wishing Dan to accompany him, tied the dog to a post by a rope. Dan whined and begged, but finding his master obdurate he

at last lay down quietly before his kennel. It was growing dusk and time for the hunter to return, when Mrs. Meachamp was suddenly disturbed by the whining and barking of the dog, who had been quiet all day up to that time. She spoke to the dog, but instead of being pacified at this attention he redoubled his exertions and broke the rope which held him. Then he bounded away, over the fence and into the

woods: He was g when he came running back, panting and almost breathless, with his mas ter's hat in his mouth.

Mrs. Meachamp became at once alarmed, and, calling her son, they set off to find the missing man, Dan all the time bounding abend and leading the way. At length they came upon Mr. Meachamp lying helpless in the woods, where he had fallen into a little

ditch and broken his leg. The accident happened, as nearly as could be reckoned, at the moment when the dog began to show his uneasiness. That he should have had knowledge of the accident seems incredible, but his master firmly be-Heves that he did know it and that it was because he knew it that he was so anxious to get away.

The man highest in authority is not always the most aggressive.

THE RED MEN WON. The baseball season in Wallaceburg was opened on Wednesday, when the Walpole Island team and local aggregation tried conclusions. The home team showed weakness in several points and lack of work together, matters that will be speedily overcome. Cook, the new twirler for the locals, pitched a splendid game, but at many critical stages received weak

The Indians throughout played a fast, clean game, and showed much improvement over their old style. The work of Pinnance and Wright won praise from all. The latter stopped everything that came back of the bat, while the former had twists and speed to spare, and splendid control of the ball.

The score-Wallaceburg 6, Walpole Island 8, with an innings to spare.
