

ALLEGED MURDERER HIS OWN COUNSEL.

Accused of Killing Miss Norling and Charles Wilson While in a Frenzy.

Fireworks at Political Meeting Injure Five Persons at Buffalo.

New York, Oct. 26.—Frank H. Warner, formerly a prosperous hat dealer, insisted upon acting as his own lawyer when he was put on trial in the Court of General Sessions to-day, charged with two murders.

Judge Foster assured him that his witnesses would be subpoenaed for him, and directed that the case go to trial.

Warner is charged with the murder of Esther C. Norling, cashier in a haberdashery store in East Forty-second street. He shot the girl down in the doorway of the store.

Warner is charged with the murder of Charles Wilson, a business acquaintance. A policeman who failed to capture Warner during the chase after he shot Miss Norling was shot, was publicly degraded and dismissed from the Police Department after he had been tried and found guilty on a charge of cowardice.

Fireworks Explode. Buffalo, Oct. 26.—One person was possibly fatally injured and four others received serious injuries as the result of the explosion of fireworks at a political meeting held last night at 1338 Broadway.

The piece of fireworks that caused the accident was a sort of a bomb that was supposed to explode in midair after it had been set off.

The injured are: Anthony Schaefer, 20 years old, of 56 Central avenue, right breast lacerated and lung punctured. In critical condition at Emergency Hospital.

Eglo Glusce, 11 years old, of 89 Perso street, right leg lacerated. Taken home.

Ignatz Chmielewski, 11 years old, of 1275 Broadway, right leg lacerated. Taken home.

M. S. Hand, Y. M. C. A., 45 Mohawk street, cut in leg and burned. Taken to Emergency Hospital.

Unknown woman, slightly burned. Taken home.

The explosion took place just before the opening of the big meeting that was held in Krzyzowski's Hall, 1388 Broadway.

As has been customary through the campaign there has been a lot of red fire touched off previous to the opening of each meeting and a considerable amount of other fireworks were set off at the Broadway gathering.

Mr. Hand, who had charge of the display, touched a match to the bomb that caused the damage, according to the story told to the police by witnesses. He ran from the spot and the bomb let go.

Instead of going into the air the bomb shot into the crowd of three hundred persons who lined up on the sidewalk to witness the spectacle.

Hand did not have time enough to head the way before the explosion occurred. A stampede followed, and though there were several policemen on the scene, it was with difficulty that the crowd was controlled so that the injured could be gathered together.

Hundreds of tons of grapes practically unfit for use. A Grimby Wedding—Bible Society Meeting—Benefit for an Ex-Teacher.

Grimby, Oct. 26.—(Special).—Miss Doran has returned home, after a pleasant visit in Burford.

T. H. and Mrs. Brooks, from the Cobalt, are new residents in town.

Henry Culp is having a week's holidays in New York city.

J. J. Grace is in Detroit this week.

Thanksgiving services will be conducted in St. Andrew's Church this coming Sabbath.

There are several cases of typhoid in town.

The marriage of Mr. H. Hawkes, to Miss M. Lyburner, took place in St. Andrew's Church on Wednesday afternoon.

Rev. J. A. Ballard being the minister. Miss Edith Barker was the bridesmaid, and the groomsmen, Mr. Van Hawkes, brother of the groom.

The honeymoon is being spent in western Ontario.

Hundreds of tons of grapes that could not be picked before the last frost, are practically unfit for anything at all now.

Beautiful large clusters of Rogers and Niagaras present a sad sight to the passerby as they hang shrivelled in thousands of bunches on the withering vines.

The Winton Women's Institute, met on Thursday afternoon of this week at the home of Mrs. J. E. Henry. Quite a good turnout of members were on hand, despite the raw weather.

An interesting paper on the Thanksgiving dinner was read, and discussed. Several other papers were also read, being interspersed with musical selections; a dainty lunch wound up the most interesting meeting.

Miss Miller is visiting Mrs. Dr. Biggar.

John B. VanZuizen was in Toronto, over the week end.

Beamsville District. Mrs. Gehot, of Manistee, Mich., spent several days in town last week, being a guest at the Robinson House.

W. Sinclair, James Culp, and Richard Glover, are at the Grand River this week, duck shooting.

Andrew and Mrs. Phillips, of Hamilton, were at "Inverurie" on Sunday.

E. L. Lemmett has gone north on a hunting and fishing excursion.

The regular annual meeting of the

TIMES WILL CALL OFF THE GAME

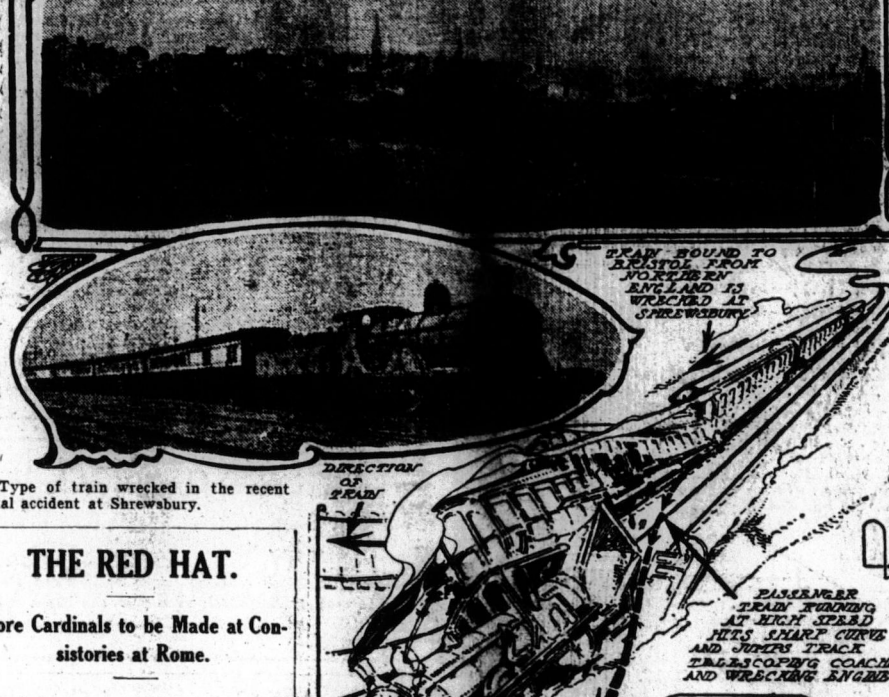

The Times will receive a detailed report of the big football match at Montreal this afternoon over its own leased wire, which will run direct from the scene of the battle into the Times building.

Immediately after the game a special edition of the Times, giving a full account of the game, will be issued.

Drop around about 3 o'clock and hear all about the big game.

SCENE OF RECENT ENGLISH HORROR.

General View of City of Shrewsbury, Where Nineteen Persons Were Killed and Thirty-nine Injured in a Train Smash-up Recently.

Type of train wrecked in the recent fatal accident at Shrewsbury.

THE RED HAT.

More Cardinals to be Made at Consistories at Rome.

Rome, Oct. 26.—Unless there should be a change in the present programme private and public consistories will be held respectively on the nine and twelfth of December.

Several Italian prelates will be given the red hat, but whether any foreigner will be so honored has not been decided.

TO HELP FOREIGNERS.

Scheme For a Night School is Well Advanced.

The night school for foreigners in this city is an established thing now, and the organization will take place early next week.

L. Berowitz, head of the Colonial Labor Bureau, and Nicholas Erdos, of the Philadelphia Hungarian newspaper, Onalpas, are working hard to get started, and the foreigners are all with them.

There are probably about 2,000 immigrants in the city now, and there are very few of them who know the first rudiments of writing and reading English.

What will be taught in the schools will be a thorough training in the English language, and reading and writing.

The Mayor was spoken to this morning about the matter, and said that he would write a letter recommending these two men to Adam Zimmerman, and they intend asking him to get the right to use two rooms in the old Customs House building.

The Board of Education have promised to supply all the necessities, such as light, heat, paper, books and pencils, and also a number of seats and desks.

The project has the able support of Mr. Fraser, of Fraser & Randall, and he is doing all in his power to help it along.

Mr. Erdos, who is coming here next week, is a graduate of the University of Buda Pest, and his wife, who is coming with him to teach in the school, is a French lady, with an excellent education.

The night school has been long wanted here, and the citizens who have been approached on the subject are all in favor of it.

The project for the civilization of the foreigners does not stop here, and the two energetic workers at the head of it are going to start a weekly newspaper, which will be printed in five or six of the principal languages spoken in the city.

With the Mayor, Mr. Howell, of the School Board, Adam Zimmerman, M. P., and Mr. Fraser assisting the two men in the scheme, success is assured for the school. On Sundays the school will be open morning and night for church services, and in the afternoon a Sunday school class will be organized.

The foreigners are all in favor of the school, and promise to attend. They are quite satisfied to pay the teachers for their work.

Pipe Standard of the World.

G. B. D. briar pipes overtop all other pipes in material, workmanship, and artistic style. They prove their claim for superiority. All the different shapes are sold at peace's pipe store, 107 King street east.

The Hero of Blenheim

Was never so popular as Marlborough skin food is now. This preparation is a perfectly clean toilet article, which relieves chapped and roughened skin, as well as feeds the skin tissues. This preparation is sold in 50c jars by Parke & Parke, druggists.

At Osgoode Hall yesterday: Re Robb—J. L. Counsell (Hamilton), for Lilia Maria Robb, moved for order declaring lunacy. Order granted. Reference to Master at Hamilton.

Why is gooseberry jam like counterfeit money?—Because it is not current.

MORE THAN OUR SHARE.

Sometimes we think that we get more than our own share of trouble. We see others succeed where we fail. We see

many of our friends enjoy the best of health while we suffer from want of it oftener than we would wish. We see others happy and contented—surrounded by a loving family and true-hearted friends, and we compare our lot with theirs, often wish that we could be like them, and wonder why affliction should come to us while they are spared.

Death taps at our door once, twice perhaps, while it passes by theirs, and we feel sick at heart. We repine, cry "Woe is me," and feel ready to rebel. We ask, "Is it justice; is it fair play? We want to know why. Perhaps it may be because you are a favorite. Did you ever think of that? It was only the other day I met an old man, inmate of one of our public charities. In course of a short conversation he said to me, with much eagerness: "Do you know, I believe I am a favorite of the Almighty." "Why?" I asked. "Because I have received so many blessings." Yet that man was friendless—no, not friendless; but he was penniless and dependent upon others for his very livelihood. Our afflictions may be blessings in disguise. Maybe! I have not the least doubt that many of them are. We do not know the end. We do not always know the purpose, and therefore we are unable to judge. What may seem to you a cruel loss—the light of your life may go out, leaving you in the blackness of darkness, without a ray of light ahead, as far as you can see. But the sun of hope and faith will shine to-morrow, and you will realize that all things work together for good—that afflictions turn into blessings.

A PRESENTATION. Mr. W. G. Stenason Honored By T. H. & B. Employees. A pleasing event took place last night in the Park Hotel, when Mr. W. G. Stenason, who has severed his connection with the T. H. & B. Railway Co., for the appointment of assistant general air brake inspector of the C. P. R., eastern lines, was presented, by his fellow employees of the mechanical department of the T. H. & B. Railway, with a handsome gold watch, fob and charm. Mr. Stenason, in a very neat speech, thanked his fellow workmen for the honor they had conferred upon him. After a supper had been partaken of, the evening was spent in speeches and songs. Mr. J. McKeown filled the chair very ably.

A Tempting List. Chestnuts, new table raisins, figs, dates, pineapples, green ginger, preserved ginger, pigeons, ducks, chickens, Long Point ducks, select and standard oysters, snow apples, grape fruit, California rock, Malaga grapes, extracted honey, salt mackerel, haddie, ciscoes, Holland herring, sweet cider.—Bain & Adams, 89-91 King street east.

SAFETY DEPOSIT BOXES. ..To rent at \$5 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables, at the TRADERS BANK OF CANADA.

ST. PETER'S HOME WILL LIKELY BE CLOSED.

Suggestion That Country Might Use it for Home for Incurables.

City Patients Will Be Cared For in Institution Being Built Now.

It was intimated on good authority in the City Hall this morning that the death of Miss Chowne, matron of St. Peter's Home, would probably result in the closing of that institution. This was talked of at the time of the death of Rev. Father Geoghegan, founder of the home, but the board of directors decided to continue its operation under Miss Chowne's management.

There was on an average about twenty-four patients in the home. The building of the new Home for incurables will take care of a large number of these. Miss Chowne had been connected with the home since 1890, when it was founded, and gave her services free. It is doubtful if anyone else could be induced to do this, or operate the institution without outstaff to help, as Miss Chowne did.

The city would not be likely to contribute to this, after building an expensive home for incurables. It has been suggested that the county might take over St. Peter's Home, which is outside the city limits, improve and fit it up for county patients, instead of building an expensive institution.

Eleven cases of diphtheria have been reported to the Medical Health Officer during the week. Five of these are in three houses on Macaulay street, east of James. The families came in contact with each other before it was discovered that a member of one of them was suffering from diphtheria. Dr. Roberts adminis-

tered antitoxin to the other members of the family. The other five cases are scattered around the city. Other infectious diseases reported included three cases of scarlet fever and one each of whooping cough and mumps.

The Hydro-Electric Power Commission has prepared the figures for the various municipalities which have passed by-laws for the supply of electric energy from Niagara under the plans of the commission. These figures have now been sent to Galt, Hamilton, Stratford and one or two smaller places. Toronto has already received the figures for the city. Those places which have got the figures will now be able to decide whether they are sufficiently low to warrant the municipalities entering into contracts for a supply of energy.

Members of the Board of Works and Parks Board, after inspecting the land W. D. Platt is offering for a park, on Monday afternoon, will inspect the mountain brow, from Chalk Lake to below the East End Incline. This is the section an effort is being made to secure for a mountain drive and system of parks.

The City Council meeting on Monday night should be a short one. The only thing likely to provoke discussion, the granting of Ald. Bailey's request for a switch on Main street, will stand over until the next meeting.

The Board of Works expects to have the asphalt-paving of the block from James to Hughson on Main street completed by Monday night.

William R. Webb was granted a permit this morning for a brick addition to 52 Market street, to cost \$500.

The Board of Hospital Governors meet on Tuesday afternoon.

TIGERS ARE FAVORITES IN BETTING AT MONTREAL.

Kings of the Jungle Had Light Work Out This Morning.

(Special from Times Reporter.) Montreal, Que., Oct. 26.—This city is quite football wild to-day. The Tiger-Montreal game is about the only thing talked of in the hotels since the Tigers arrived here last night in good condition and put up at the Windsor. They were accompanied by about 20 supporters and over 100 came by the evening trains. There was no Montreal money in sight this morning.

The Gazette this morning announces that \$1,600 is available at one office in town. The Hamilton boys were hot-foot after it this morning, but could not find the whole or any part of it. Outside money is more plentiful. One well-known Hamilton man has \$320 up; \$500 at events and \$420 for which he got Montreal money to the extent of \$600. In Ottawa there was practically no betting around the

hotels this morning. The entire Montreal team is in hand, including Kingston, Kelley and the others who were reported doubtful. Tommy Stinson, rumor has it, is not in shape but the Hamilton people think that is another bluff.

Adam Zimmerman, M.P.; Hugh Murray, W. H. Ballard, Dr. Thompson and all the officers of the Tigers are here and the boys are very confident; in fact, both teams are confident.

The Tigers had intended to work out this morning, but decided to take only a light practice before the game. The weather is fine and the field is splendid shape. Dr. Hendry is here to referee, but Jack Lash could not come to umpire. The game is timed to start at 2:45. Hamilton's bunch could not get enough tickets for the stands. Secretary Jamieson was able to procure only 8 for a crowd of 75 that arrived this morning. Indications are for an enormous crowd.

DEATH OF THE GOOD, KIND MATRON OF ST. PETER'S HOME.

Miss Lucy A. Chowne, for many years the matron of St. Peter's Infirmary, passed away yesterday afternoon at the City Hospital, as a result of an accident that occurred on October 9th last, when she, in company with Mrs. George Bull and Miss Macartie, were being driven along Duke street by James Bolton, and on reaching the corner of James street, Mr. Bolton turned the carriage to go along Augusta street, when a north-bound car struck the carriage and threw the occupants out. Miss Chowne received serious injuries. Miss Chowne was taken at once to the City Hospital, where she lingered until yesterday afternoon, when her kindly Christian spirit was taken to her Maker.

Miss Chowne was a graduate of the Florence Nightingale School of Nurses, and she came here about 25 years ago, entering the City Hospital in her capacity as nurse. She was not there long, however, being moved to the Girls' Home, when St. Peter's Home was opened for the care of old and infirm people. Miss Chowne offered her services, which were gladly accepted. On the death of Rev. Father Geoghegan, the founder and manager of the home, Miss Chowne took charge of the institution, and did her best for the host of old people in her charge, until the time of the accident. Her tears were dropped by the old folk when they heard of the death of their friend.

Miss Chowne was identified with many Christian enterprises, and she was a loving worker in all charity, and there will be many who will miss her cheery smile and pleasant ways, that endeared her to all with whom she came in contact.

The funeral will take place to-morrow afternoon at St. Peter's Church. Rev. J. W. TenEyck will conduct the services. The interment will be made at Elmsdale, Ont., on Monday.

DROPPED DEAD. Had Pledged Not to Be Sent to Jail as it Would Kill Him.

New York, Oct. 26.—A despatch to the World from Pittsburgh says: "Please don't send me to jail, judge. I've never been in jail in my life and it will kill me," pleaded Michael Dolan, an old man who has been arrested for drunkenness.

Magistrate Frank Brady had sentenced him to serve ten days in default of a fine. Miss Chowne received serious injuries. Miss Chowne was taken at once to the City Hospital, where she lingered until yesterday afternoon, when her kindly Christian spirit was taken to her Maker.

Half an hour later as Dolan walked through the barred door he staggered and fell dead from heart disease.

Dartmouth Castle is an ancient structure, picturesquely situated at the mouth of the beautiful river Dart, one of the prettiest spots in Devonshire.

BROKE DOWN. Mutual Life's Ex-Vice Collapses From Shock.

New York, Oct. 26.—The Herald to-day says: Despite the fortitude displayed by Dr. Walter R. Gillette when he heard a jury convict him of perjury committed before the special grand jury which inquired into the business methods of the Mutual Life Insurance Co., for which he had been vice-president, he collapsed when he was taken to the Tombs on Thursday night and yesterday, although it was consoling by members of his family, it became evident he had succumbed to the shock of his conviction. Should he become worse he will be taken to Bellevue hospital where he will be kept under guard in the prison yard.

ON STOCK EXCHANGE RAN PAST SIGNAL.

When the Financial Crisis Was at Its Height. Three Persons Killed and Twelve Hurt in Railway Collision.

Mr. Robert Loring, of Montreal, representing the great firm of printing press builders, R. Hoe & Co., was in the city yesterday, on his way home from New York. He was at Gotham on Thursday, when the financial crisis was at its height, and was a spectator of the scene at the Stock Exchange, from the gallery. What a scene! Mr. Loring says language fails to describe it.

The excitement was maddening. During the time he was there he saw one stock decline 31 points. All about Wall Street crowds of excited persons were to be seen, pushing and elbowing around the exchange, growing every minute more excited, and in many cases seeming to almost lose their reason.

Three Persons Killed and Twelve Hurt in Railway Collision. London, Oct. 26.—Three persons were killed and a dozen others were injured this morning in a rear collision at West-hampstead station of the Metropolitan Underground Railroad. The rear train, it appears, ran by signals in a fog and crashed into a train which was standing at the station. This is the first accident of the kind since the London lines were electrified, when a system of electric signals were installed, which the company claimed would absolutely preclude the possibility of such an accident.

The Metropolitan has had a remarkable record of immunity from fatalities. This is said to be the first accident resulting in the death of a passenger, although 300 billion persons have been carried since the opening of the road.
