We have not heard the name of the candidate who is to succeed the late Hon. D. Beaton in the representation of the first district of King's County. The Speaker having been notified of the vacancy the name must come out within the month. The Canadian Government has set about its business of putting the Militia in order. Having resolved that the Fenian plotters in the United States shall not possess the Province unawares, the regular army is to be disposed of as best to meet an attack, the volunteers are in part to be called out for active frontier duty, the remainder are to be brought up to the highest condition of efficiency by steady drilling, and the Militia, as yet unorganized, is to be put upon a proper footing of organization. A new and substantial bridge has been recently erected near the eastern end of this town, in place of the old one which tumbled down there last summer. The new bridge has been constructed under the supervision of Adam McKinnel, Esq., who has become famous in this part of the Province for his skill and ability in connection with such matters.—Antigonish Courier.

The Jamaica "Standard" says that over 1000 rebels have been hanged and shot in the parish of St. Thomas, and it is likely that the Court Martial close their sittings, over 10,000 will have paid the penalty of their lives for the vile attempt to exterminate the white and mulatto inhabitants of the island. The O'Connor Don, M. P. for Roscommon, has been making a rapid tour through Canada. He was in Montreal a few days ago. Gen. Gillmore, U. S. A., lately interested himself in securing the "pardon" of Gen. Elliot, who defended Fort Sumter against Gen. Gillmore's siege. Gen. Gillmore asked the President to grant the application "as a personal favor to himself." Gen. Elliot was occupying a fisherman's hut at Port Royal, and was supporting his family by fishing. This pardon will secure him the immediate release of his lands, those to which his fisherman's hut now stands. The Montreal "Gazette," an organ of the Canadian Government, says that the commissioners to the West Indies and Brazil are expected to sail from England on their mission in the early part of next month, and to conclude their mission by the end of March or the early part of April. Some Prince Edward Islanders made the passage from Charlottetown to Queenstown, Ireland, in three days, in the last homeward voyage of the "China" from Halifax. An old man was found dead in a steamer going to Montreal one day last week. Nobody knew him, he had no baggage, no papers, nothing that would furnish a name for his grave—nor give a hint of his death to his friends. St. John City sent over a hundred hogs to Boston by steamer last Thursday. Pork carcases are coming to hundreds from Prince Edward Island, and the soft weather is spoiling much of the meat. Some of the pork, it is said, had to be buried as unfit for use. St. Pierre's DESTROYED BY FIRE.—A trading vessel at this port about ten days ago brought information that the town of St. Pierre, Miquelon, was destroyed by fire on the 6th inst. One hundred and twenty houses were burned, and the loss is stated at about 4,000,000 francs.—Hx. Cit. Considerable quantities of Pork are being shipped at Prince Edward Island ports, for the American and Halifax markets. The pork of P. E. Island has a wide celebrity for excellence.—Hx. Express. It is reported that the United States Government have very properly put a stop to the issuing of the proposed Fenian bonds, compelling the engravers to undertake that no further progress of the work shall be made, and impounding the plates. From Jamaica we learn that the recent revolt has been completely trampled out. The Governor, in his opening speech to the Legislature, recommended the formation of a strong Government, in order that Jamaica might be ruled by a second Hayti. Paul Bogle, a preacher, and a leader of the rebellion, was hanged at Morant Bay. It is stated that many of the most energetic men (Blacks) in Jamaica were prime movers in the rebellion. The saved goods from the "Greyhound" are to be sold in Halifax to-day. The St. John "Globe" says:—There is a report current that one of the vacant seats in the Government has been tendered to J. V. Troop, Esq., M. P. P. for the city. The probability is that Mr. Troop will accept. Warm blood by the tumblerful is given to consumptives in France. The slaughter-houses furnish an excellent article. It is hinted in well informed quarters, that the new Archbishop of Westminster, Dr. Manning, will be created a Cardinal. Mr. Michael McCormack, of Souris East, has kindly consented to act as Agent for the Herald, for the Eastern section of this Island. SHIP NEWS. The Schr. Minerva with a load of produce from Souris, P. E. I. to Gloucester, was stranded on the Beach at Marguash, on the night of Sabbath last. A survey was held on the wreck, which had been considerably, and ordered to be sold, together with the cargo, consisting of oats, beef, pork, and tallow. The Bark Undine, from Boston and the Gut of Canso, arrived here last evening. She takes in a cargo of Oats, and proceeds direct to Liverpool from this Port. Should the Undine arrive home safe, she will have delivered eight cargoes during the present season—six to and from Liverpool and two to and from the United States. This is unprecedented in the history of P. E. Island.—Fxy. The Ship David Cannon, left this Port for Pictou, yesterday morning, where she takes in a Cargo of Coal for New Orleans.—Fxy. TAN STRAITS (GREENWOOD).—A letter has been received by J. F. Platen, Esq. Agent for the Boston line of steamers, dated off Bird Island Ledges, east of Beaver Harbor, and signed by John Sheridan, submarine diver, and John W. Payne, master of the steam tug Neptune, cooperating Capt. Nicholson, of the wrecked vessel, from all blame, and attributing the loss of the ship to a disarrangement of the compass. The diver's report is that the vessel was on her side, and the cargo, consisting of oil, tallow, and other articles, was scattered all over the bottom. Should the weather prove favorable most of the cargo will be saved. The Neptune came here on Sunday with the passengers' baggage and a considerable portion of the cargo, consisting of petroleum fuel, &c. The Greyhound is of course a total loss. As previously reported she is insured in Boston and New York Offices for \$100,000.—Hx. Reporter, Nov. 21. The Steamer "Queen Victoria" recently reported on shore at Cape Tormentine, 40 miles from Sherbrooke, has been got off and subsequently arrived at Pictou, without a loss of cargo. Her coal and freight were discharged prior to getting ashore.—This appears to have been Capt. Davidson's first mishap during a long and useful career of steamboat life. The Barque "Banchania" which left this port with a general cargo of produce, &c., from Mr. R. T. Holman, for Boston, was wrecked on the United States coast, and the vessel and cargo were lost. We learn that both were insured.—Summerside Journal. The steamer Commerce leaves to-day for Boston, this being her last trip for the season, after to this port is captured by the schooner "Dove" on her passage from Sherbrooke to Halifax, was wrecked upon the "Beaches" of Richmonds. We understand that her insurance, and she was insured by the owner, Mr. James Gougeon, of this place, with the firm of Messrs. Gougeon, & Co., of New York. The Hon. F. Simons, was wrecked on the United States coast, and the vessel and cargo were lost. We learn that both were insured.—Summerside Journal. nothing so speedily relieved or so certainly cured as these inestimable remedies. These disorders are too often neglected at the commencement, or are injudiciously treated, resulting, in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature commences the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred upon the stomach and frame generally; the fluids are regenerated, morbid matter is expelled, and a happy revolution occurs throughout the system. This is the Season of the Year when children dieing are almost sure to have diphtheria and throat. MRS. WINSLOW'S SOOTHING SYRUP is a never-failing remedy. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly cure griping in the bowels and wind colic. Mothers, don't fail to procure it. A Neglected Cough, Cold, or Sore Throat might be checked by a simple remedy, like "Brown's Bronchial Troches," if allowed to progress may terminate seriously. For Bronchitis, Asthma, Catarrh, and Consumptive coughs, "The Troches" are an absolute advantage, giving often times immediate relief. Singers and public speakers will find them also excellent to clear the voice and render articulation wonderfully easy. PRICES CURRENT. CHARLOTTETOWN, Dec. 5, 1865.
