SOME STRANGE PROPOSALS

Hon. Mr. Morrissy proposed at his meeting in Newcastle last night, that Canada conscript the wealth of unity" here, rather than with the Lauriers and the Olivers, the Murthe country and put it into a fund to insure the soldiers and set them up in business on their return. He forphys and the Lomieuxs. got all about, or at least never men tioned, the admirable pension ar rangements that have been made by the Government, the most generous in all history.

He complained about the insuffiof the soldier's pay of \$1.10 a day and demanded that a soldier be paid as ruch as he could earn at home. Here again, re forgot, or sup pressed the fact that a soldier's pay much more than \$1.10 a day. soldier receives \$1.10 a day besides clothing, food and medicine, and be sides \$25 a month separation allowance to his wife and Patriotic Fund allowance of, wherever there are children, from \$13 to \$35 a m onth ertra. So the smallest amount the married soldier and his family get from the government is \$71 a month besides the soldier's own food and clothing, and in case of large families the amount is \$93 a month. This is already more than the average workman receives at home. The pen sion for death or total disability is frcm \$40 a month upward Why does Hen Mr Morrissy not state all the facts of the case?

Hon Mr Morrissy also proposed that we send no more men overseas our money (ALL of which would have already gone into the soldiers' insurance fund, by the way) and hire from 100,000 to 500,000 East Indians, Chinese or Japanese to do our fighting for us. What a strange proposal. No nation carries on its wars by more enary troops. Such men are not sufficiently interested in the cutocme to stand firm in a crisis The British have used no real mecrenar ies since 1783, and in that war only a very few. Furthermore, the men who fight also rule. The experience has been that, whenever a nation got too lazy to do its own fighting and handed the conduct of its wars over to armed foreigners, those foreign ers turned round and seired the lands of those who had hired them Does Hon Mr Morrissy want this coun try seized and ruled by the Chinese Japanese or even by our East In-

dian fellow citizens? In denouncing profiteering Hon Mr Morrissy also forgot to mention that the Union Government has cut down

the profits of such men as Sir Wm Flavelle to a maximum of eleven per cent. Would Hon. Mr. Morrissy be willing to run his own business at less profit than eleven per cent on his investment?

DISSENSION IS FATAL

Lloyd George at Albert Hall There could be no more patriotic creed than the above for the Canadian people today. Union Govern-ment is clearly carrying with it a great majority of the best brains of the country. But the good will and support of everf man counts. If there are Canadian Liberals who are still in doubt as to what their course should be, we hope they will the words of Lloyd Beorge, that great champion of British Liberalism and decide to join with Rowell and Carvell, Guthrie and Sifton, Creran and MacLean in "concentiztion and

### A BISHOP'S REASONS.

Bishop Sweeney (Anglican) of Tornto, in declaring himself a support er of Union, gave five reasons which all Canadians should reflect upon: (1) Because it is non-partism—be ing composed of the best men on both sides of politics.

(2) Because its raison d'etre is to win the war."

(3) Because it pledges both sides equally to any policy or action that in their combined wisdom they may adopt toward this end.

(4) Because its determination is to keep full faith with the Motherland in the matter of Canada's pledges, and thus with Canada's sons at the front. (5) Because to do otherwise at this time of stress for the Empire would be to emphasiza division, the quences of which might lead to dis aster.

UNANIMOUS FOR UNION GOVERNMENT

Archbishops Fallon of London, Ont. Casey of Vancouver, and others of the Catholic church in Canada; Bishop Richardson of Fredericton, Bishop Sweehey of Toronto, among other Anglicans; and Presbyterian, Methodist and Baptist bodies of all rank and all sorts of organization have endorsed the idea of Union Government and call on their people to support Union Government. Never before, except on the Temporance question, were the leaing men of all the different churches so unanimou at the time of an electioon This is a sign of the times and betokens in creased unity and national spirit. When such men all agree, isn't their advice a safe one to follow?

#### THE WOMEN'S RIGHT.

"The woman who votes in this con test votes by the right of her sacri-fice. She finds her right in the morn ing call of our regiments;' she sees it on the honor roll of our churches; she traces her title overseas to the trench es where her son defends her, to the grave where her husband sleeps. say to the enfranchis<sup>d</sup> of this province: This Union Govern ment is formed for the primary pur pose of making sure that those sons and husbands are at all hawards and at any sacrifice, supported by the na-

tion at home. Let the first women's vote in Canada be a vote for Union for Honor, for Fidelity, for Real and Nictorious Meighen War."-Hon Arthur

## **Final Appeal Judge Gives Ruling on Exemption of Farmers**

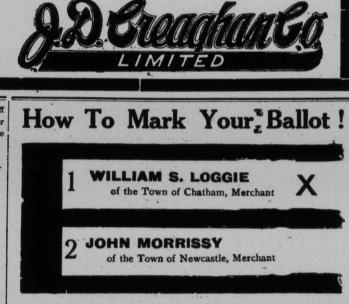

Mr. Justice Duff (the Final Court of Appeal) Declares it is Essential that there shall be No Diminution in Agricultural Production.

#### (Published by authority of Director of Public Information, Ottowa.)

Hon. Mr. Justice Duff gave judgment on December 6th, in the first test case brought before him, as Central Appeal Judge (the final court of appeal), for the exemption of a farmer. The appeal was made by W. H. Rowntree in respect of his son, W. J. Rowntree, from the decision of Local Tribunal, Ontario, No. 421, which refused a claim for exemption. The son was stated to be an experienced farm hand, who had been working on the farm continuously for the past seven years, and ever since leaving school. He lives and works with his father, who owns a farm of 150 acres near Weston, Ontario. With the exception of a younger brother, he is the only male help of the father on the farm. The father is a man of advanced years.

In granting the man exemption "until he ceases to be employed in agricultura'l labor," Mr. Justice Duff said:

"The Military Service Act docs not deal with the subject of the exemption of persons engaged in the agricultural industry; and the question which it is my duty to decide is whether the applicant being and having been, as above mentioned, habitually and effectively engaged in agriculture and in labor essential to the carrying on of agricultural production, ought to be exempted under the provisions of the Military Service Act.

# To the Clergymen of New Brunswick

The Provincial Union Government Committee has endeavored by a campaign of advertising, and public meetings addressed by well known men and women to assist in the presentation of the great issue before the peorle of New Brunswick and Canada in this all im portant Election and national crisis

The success of Union Government and the safety of the Homor of Canada will depend largely upon the informatioon given to former Liberals and Conservatives and winning their support for united action in the face of a common enemy until peace is declared

Feeling that it is the high est duty of every leader of the people to persuade the men and women of this country as to what is best for them and the Empire, the officers of the Provincial Union Committee request the clergymen of NEW BRUNSWICK to MAKE SUNDAY, DECEMBER 16th, UNION SUNDAY and to direct the attention of their congregations to their duty to their Country and the gallant Camadian Soldiers who are fighting for freedom civilization overseas.

IRVING R. TODD, Chairman Provincial Union Committee

Laurier Candidate on Monday next there will be no conscription in Can-ada, evidently has never studied the life of Sir Wilfrid Laurier, or would pause one moment and ask himself: How will Sir Wilfrid's pol-icy of Provincial autonomy work out

on the Conscription question? In 1896, the Liberal party led by Sir Wilfrid Laurier came into power on the Manitoba school question, or that of Provincial Autonomy. On

this question he has never changed his mind. He today is as firm a be-Act. liever in the policy that no province shall be forced to submit to a law

that she does not like. Suppose by your ballot Sir Wilfrid comes into

ower on Monday next, that he keeps his promise and submits the question of Conscription to a referencium, and all the provinces with the ex-

ception of Quebec vote in favor of the Military Service Bill. Elector the Military Sérvice Bill. Elector have you considered what his answer will be? Would it be against his policy to say "I have always stood for Provincial Autonony; Quebec does not want conscription, but the men must be had. The rest of Canada have voted in favor of the Bill and therefore the rent of Canada will have Conscription but we will

If Quebcc had enlaited up to the standard of the other provinces, the Military Service bill would not have been necessary. It is for you to decide whether Quebcc shall quit and you and we carry on the fight for her freedem as well as out iteration. for her freedom as well as our swa to exemption on the grounds that pro-Your ballot decides that question! duction must be meintained in order

### A GREAT CHANGE

The Provincial Prohibition law came into effect in this country this week. The whole of the pro-vince is now under that law except the the counties of Queens, Kings, Albert and Westmoreland, which still retain

the Scott Act. No' liquor may be drunk stronger than one per cent pure alcohol.

Quebec city has adopted the Scott

The USA decrees that no beer shall contain more than two per cent alcohol.

Thus Prohibition that seemed far away in 1914, grows everywhere.

FARM WORKERS WILL BE EXEMP TED FROM MILITARY SERVICE

Mr. Justice Duff's, first judgment rendered as Central Appeal Judge for Canada on Dec. 7th. makes it quite clear that farm workers are entitled

"These two propositions are indisputable :

"(1) In order that the military power of the allies may be adequately sustained, it is essential that in this country and under the present conditions, there should be no diminution in agricultural production.

"(2) The supply of competent labor available for the purpose of agricultural production is not abundant, but actually is deficient.

"The proper conclusion appears to be that the ap-plicant, a completent person, who had been habitually and effectively engaged in labor essential to such production, ought not to be withdrawn from it.

"It is perhaps unnecessary to say that such exemptions are not granted as concessions on account of personal hardship, still less as a favor to a class. The sole ground of them is that the national interest is the better ground of them is that the national interest is the better served by keeping these men at home. The supreme necessity (upon the existence of which, as its preamble shows, this policy of the Military Service Act is found-ed) that leads the State to take men by compulsion and put them in the fighting line requires that men shall be kept at home who are engaged in work essential to en-able the State to maintain the full efficiency of the com-batant forces, and whose places cannot be taken by others not within the class called out."
