over to Gideon Reid.

For a year past the rev. J. T. Parsons, of St. John, has been laboring in the Marysville circuit, extending his services to Gibson where there were many F. C. Baptist people who worshipped with the Baptists of that 'place or attended the church of their faith in this city Shortly after Mr. Parsons began his work, Garden's hall at Gibson was hired and ar-

ranged as a church. Here services were held for about eight months, when it was decided that the work would be of more effect if the band of worshippers were united in church organization. This was effected about two months since, when C. Estabrooks, of St. Marys, and Hazen Pond, of Gibson, were elected deacons. The lease of the hall not being satisfactory

at the end of the term it was relinquished and steps were at once taken to build a new church. Meetings were called, an effective building committee appointed, funds collected, and the work commenced in earnest, under the supervision of Mr. Macum. of

St. Marys. On Sabbath last the building was finished and consecrated. The morning service, when the church was dedicated, was conducted by the rev. C. T. Phillips, of Woodstock. Service was held in the afternoon. Kingsclear, a notice of which was given when rev. G. Swim officiated. Rev.
