NUMBER 107.

RELIEVING COAL FAMINE

Local Producers Are Shipping 200 Ton Per Day Down The Line

(Thursday's Daily) Local coal producers are shipping on an average about two hundred tons of coal a day to points down the line of the C. N. R. No one particular point is favored as the coal is scattered out to wherever it will do the most good. Most of the Edmonton properties are working two shifts now and some are working three. The mild weather of the past week has allowed the shipment of several cars that would otherwise have been consumed at home.

VEGREVILLE

Correspondence. Vegreville, Nov. 26.—What might have been a serious runaway occurred north of the track yesterday. Mrs. C. R. Morton, when out driving was thrown from the cutter, but sustained no injuries luckily. The cutter was badly smashed. Mr. A. Newby, rancher of Birch Lake was in town getting supplies for winter. Mr. Newby stated that the snow was very deep in that part of the country, and as a lot of the hay was burned by that had 'tired' last fall, some of the ranchers have to haul straw for their stock.

Mrs. Jas. Newby from Grand Forks B.C. came in last week to join her husband at Birch Lake. Since the burning out of the only laundry in town, another Chinaman has bought a lot and is going to build right away. Through the Alberta Land and Loan Co. the Roberts Brothers disposed of two of their side street lots for \$1,000. Vegreville real estate has never ceased, but is getting stronger again now. The cry is for houses to rent. No house in town to rent. People would come into town for the winter to send their children to school if any houses could be had to rent.

APPEALS FOR PROTECTION

Chicago, Ill., Nov. 25.—Ray, the leader of the street railway strike at Hamilton, Ont., and ordered to leave Canada after the serious riot Saturday night or be jailed, appealed to Washington for protection. His superior officers have notified him to demand protection from the U. S. consul at Hamilton and stay where he is. This is the first instance where such case has arisen.

KING EDWARD OPENS TO-DAY

Dinner Served Gratis This Evening To All Who Come

(Thursday's Daily) The new King Edward hotel, one of the finest hotels in the province of Alberta, opens its doors to the travelling and sojourning world today and this evening a royal reception, with supper served gratis to all who care to come, will mark the inauguration. The King Edward is a tribute to the confidence and enterprise of the proprietors and managers. Speaking in approximate figures it represents an investment of close to \$100,000. The "judy," which was purchased by Calhoun & Ferguson for \$5,000 at a time when the possibilities of First street were not recognized, is now rated at \$25,000, and in fact an offer of that figure was turned down not many months ago. The building cost slightly over \$45,000 for building and finishing and the furnishings cost \$20,000. It is three stories high, 50 feet frontage and 120 feet deep, and built on a plan which permits of a duplicate building alongside. The plan is a triumph in hotel architecture; it has high ceilings, broad stair cases, spacious halls, a dining room second to none in the country, a kitchen that could scarcely be excelled, and there is not a dark room nor a "borrowed" light in the house. From cellar to cornice it is fitted with all the requisites of a modern caravansary.

VERMILION

Vermilion, Nov. 26.—We regret to report that Mr. Harry Bowtell is under the weather, having been in bed for nearly a week now. The Canadian Order of Foresters, Court Vermilion, held a Church Parade on Sunday last to celebrate the anniversary of the foundation of the order. As it was rather a stormy day several members from the country were unable to get in, but there were about twenty in line to march from the hall to the Methodist church, where the service was conducted by the Rev. A. R. Aldridge, chaplain of the court. Mr. Aldridge took for the subject of his sermon the three watch words of the order, "liberty, benevolence and concord" and in a very able way pointed out to those present the duty of living up to the standard embodied in these words. Some good music was rendered by the church choir, Miss Bessie Pitkin singing as a solo "Throw out the lit line" in a well appreciated way.

After the service the members marched in a body to Mr. Harry Bowtell's house and sent up one of their number with an expression of sympathy from the court by which he is a member. On their return to the hall a hearty vote of thanks was passed to the chaplain, the members of the choir and the ushers for their able assistance. Organizer D. C. Eberstone acted as Chief Ranger for the afternoon.

House to House Visitation.

(Thursday's Daily) The house to house visitation takes place Friday and Saturday afternoons of this week. What is asked for is the street number, the name of the head of the family, the number of domestics, and boarders, the number 18 years and over, the number under 18 and over 4 years and the church preference with the name of the local church attended or preferred. It is not required to state whether a church member or not. The public can greatly assist in the task of the visitors by being ready with the information. Any one may write the information on a card and hand it to the visitors. In case of boarders particularly those in charge of the house are respectfully asked to have the information prepared before hand. The value and success of the project will largely consist of the co-operation of the citizens.

If in the same family there are persons who prefer different churches there will be placed an X opposite each denomination preferred, with the number, thus X 2. A separate card is made out for each boarder or domestic. A card is left at each house with an invitation to attend some church. Children not attending Sunday school are invited to attend some school. But in no case is any particular denomination or church advocated.

If there is no one at home visitors will call again. If information is refused this is indicated in the proper column, but such information as to the family as can be got from a neighbor is entered. Cases of sickness or distress requiring immediate attention will be reported promptly. Factories and stores are not visited, but roomers over stores should be entered.

REAL ESTATE EXCHANGE

(Thursday's Daily) A meeting of the real estate men of Edmonton was held last night in Heimeinck Block to consider the advisability of establishing a Real Estate Exchange. Those present were Messrs. P. T. Butcher, of the Great West Land Co., E. J. Taylor, Killen, of Killen & Gilbert, Rolfe, of Rolfe & Kenwood, Lee of Crafts & Lee, J. B. Walker, Carsley, Magrath of Magrath, Hart & Co., and Ryder of Moser & Ryder.

A committee was named to prepare bylaws and instruct to choose the best features found in Winnipeg, Chicago and Regina real estate exchanges and to devise features suitable to the condition of the business that obtain in this city.

It is thought that such a move will obviate many of the unsatisfactory features of the real estate business in Edmonton at the present, and give protection to legitimate real estate firms from curb brokers, and establish values on a more equitable basis.

MEETING TO-NIGHT

(Thursday's Daily) The first meeting of the municipal campaign will be held in Rudyk's hall this evening, at which the three candidates for mayor will be invited to speak and the candidates of the east end ticket will express themselves to the electors. The hall, which is none too large, will undoubtedly be packed to suffocation as interest is running high in the east end.

DEPENDS ON MITCHELL.

Regina, Sask., Nov. 26.—The scene of interest in the big Lethbridge coal strike has suddenly shifted from Lethbridge, Alta., to St. Paul, Premier Scott, who arrived here today from the east, did not stop off but went through to Moose Jaw in response to a telegram from W. Mackenzie King to meet him and the Western Canadian representative of the United Mine Workers' Union of America there. These two gentlemen were en route to St. Paul, where they were to meet President John Mitchell, of the United Mine Workers, in a final endeavor to settle the strike. A wire received tonight states that Premier Scott has accompanied them to St. Paul and upon their arrival a conference between Premier Scott and W. Mackenzie King, on the one hand, and President Mitchell and Representative Sherman on the other, will take place. The latest news from Lethbridge is to the effect that everything is in readiness there for resumption of the work and all that is necessary to start the men at work is a wire from John Mitchell.

ABLE TO GO ALONE

Washington, Nov. 25.—President Roosevelt believes the Porto Ricans entitled to American citizenship and will recommend it in a special message to congress.

STEAMER LOST

Owen Sound, Nov. 25.—The steamer J. H. Jones has been lost in Georgian Bay with twenty-one persons on board. Wreckage and two bodies were found on Christian Island by the Innes.

HAMILTON NOMINATIONS

Hamilton, Nov. 27.—J. J. Scott, Conservative and Allan Stucholme, Labor, were nominated in East Hamilton for the Legislature.

GERMANY'S DEBT

Berlin, Germany, Nov. 28.—A memorandum submitted to the Reichstag today shows a public debt of 350,000,000, half expended on the army and navy.

PETITIONS FOR PAVING

Namayo, Jasper and First In Line. McDougall Property Owners Want Extension

(Thursday's Daily) In conformity with the law covering such cases, J. D. Blaney, the city building inspector, has circulated petitions to the property holders interested in the paving projects on Mamayo, First, McDougall and Jasper. The property holders on Namayo and First have signed unambiguously and without dissent for the curb and sidewalk block. On Jasper avenue a sufficient number of signers have been secured but there are three or four more heavy realty owners who have not been seen yet and whose names will be sought before the petition is presented. On McDougall there is a difference of opinion. Some property holders have refused to sign but others want the paving extended to Isabella, the last street south of the C. N. R. track. K. W. McLeod, one of the heaviest holders on the street, is promoting the extension and he took a petition out at the city hall today promising to get all the signatures necessary between College avenue and Isabella. An agitation for the construction of a street railway line on McDougall, is also arising and by the time the petition reaches the city council it may call for a large expenditure.

Toronto, Nov. 27.—The laying of the corner stone of the public library took place today. Chief Justice Falconbridge wielded the silver trowel and the Lieutenant Governor presided.

Atlanta, Ga., Nov. 27.—Special despatches from Palatka, Florida, say the country jail there was broken into early yesterday and nine prisoners including three alleged murderers escaped.

Mexico City, Nov. 27.—Baronesa Ergizetta, a visitor from Australia was robbed of diamonds and jewelry valued at \$6,000 at the Hotel Sen here.

CORONER'S INQUEST

Jury Summoned This Morning To Inquire Into Cause Of Brennan's Death

(Thursday's Daily) A coroner's inquest will be held at the police court chambers at four o'clock this afternoon, on the case of George Brennan, who died at the Isolation hospital from drinking formaldehyde. Dr. H. R. Smith will act as coroner. The inquest is authorized by the attorney general's department. Officer McCallum summons a jury this morning to sit on the case.

NARROW ESCAPE FROM DROWNING

Wabamun, Nov. 24.—C. H. Dunn had a narrow escape from drowning himself and team the first of the week. While looking after some nets in the bay, the ice broke, letting the team, sleigh and driver into the water. After a lot of strenuous effort the team and driver was rescued, but the sleigh had to be left below twenty feet of water. This is the third time one of the horses has broken through the ice in as many years.

J. A. McPherson, M.P.P. made a visit to this section last Thursday. He was making a tour of the district to become better acquainted with the needs of each part of it and the desires of the people. He informs us that the survey work on the short road to Edmonton is practically completed and that if the weather is at all favorable some work will be done on it this season. It is hoped that a good deal of the cutting out can be gotten through with before too much snow falls.

In the matter of the new road on the township line from Egreys to Alkin's there seems to be a decided opinion among the residents of McPherson. However, the majority of the people are in favor of the road and believe that the others will soon realize that Mr. McPherson's decision is the wisest thing in placing the road on the township line, as it will accommodate the largest number of settlers and when completed will make a road with the least number of "heavy pulls" on it. Mr. Kreys and some propose to straighten out the road at their place by building across the slough at their corner at their own expense, thus saving a mile and a half in distance on the road.

Mr. Merriwether returned from the capital last Wednesday, accompanied by Mrs. Merriwether, and they are now comfortably domiciled in their new home, on 24-53-5.

A move is being made to organize township 53-5 and 5 5 4 and 5 into a local improvement district.

Mr. Jesse Kaufman is the latest arrival in the district and he is at present staying with his aunt, Mrs. C. H. Dunn.

DYNAMITE OUTRAGE

Coroner's Jury Charges Two Men With Deliberately Wrecking Hotel

Bulletin Special. Grand Forks, B.C., Nov. 29.—Coroner CV. M. Kingston's investigation into the recent dynamite outrage at Niagara was concluded tonight. The jury decided that Louise King, the murdered girl, came to her death by the blowing up of the Canada hotel willfully by Frank Cedio, alias Frank Angilio Bainblanc, who was aided by an accomplice named Rovelio. The result of the inquest is against the Italian Rovelio, it being claimed that the man had charge of the powder that did the fatal work. Great satisfaction is felt here that Rovelio has been captured and a report has reached here today that Bainblanc, the alleged principal in this outrage, was seen near Chesaw last Thursday.

VOTERS ELECT 5 COUNCILLORS

Misapprehension Dispelled By The City Solicitor Re Elections

In an election campaign many funny reports may gain circulation and credence. One report to the effect, that the city solicitor had given his opinion that only four aldermen could be elected at the forthcoming election, the fifth man to be appointed, was overtaken by a Bulletin representative this morning and referred to the city solicitor. Mr. Beck said that he had never said anything that could be construed into such an idea. He pointed out that one of the amendments to the charter which were passed at the last session of the legislature prescribes plainly that when an alderman resigns subsequent to the 1st of November the election of a successor shall be held at the same time as the general municipal election. This covers the present case. The fifth man on the list will be the man elected to fill Alderman Griesbach's case and will serve one year.

the roof—should have good attention. If yours is made of shingles see to it they are sound and knot free. Don't need a microscope if we furnish this material, for the reason that our shingles as with all other lumber in reaching the highest standard at the lowest reasonable price.
