LORD ROSEBERY ON IMPERIAL DENFENCE

side with those who would not wish Points Out Duty of British Citizens in Notable Address Before Institution of Engineers and Shipbuilders in Glasgow.

Sir Francis Drake's view to control our naval policy. (Cheers.) I am not even sure that the eminent man, were he alive now and entrusted with

the defence of our coasts would b Glasgow, Feb. 22—Lord Rosebery lation to the enemy which is supposed delivered a notable address on Im- to have given him so much pleasure

at having refused absolutely my heartrending appeal to be allowed to come ham, and ask them to excuse my not to Glasgow on this occasion without dilating longer on the subject with making a speech. (Laughter.) Sir, for that course of action on my part there

Manhood of the Empire.

Soll 2. Admiral Bearcroft and Colonel ExShearn.

Answering the chairman, Mr. Lumsden said that there were others responsible for overclassification, whom he

lbs. and up 3½ to 3¾ making a speech. (Laughter.) Sir, for that course of action on my part there is more than one reason. In the first place there is this general reason.

The subject with den said that there were others responsible for overclassification, whom he sible for overclassification, whom he could not name, but the commission-place there is this general reason.

The subject with den said that there were others responsible for overclassification, whom he could not name, but the commission-place there is this general reason.

The subject with den said that there were others responsible for overclassification, whom he could not name, but the commission-place there is this general reason.

The subject with den said that there were others responsible for overclassification, whom he could not name, but the commission-place there is this general reason.

The subject with the said that there were others responsible for overclassification, whom he could not name, but the commission-place there is this general reason.

The subject with the subject with the said that there were others responsible for overclassification, whom he could not name, but the commission-place there is this general reason.

The subject with place there is this general reason. are not the only Imperial forces, not which is that after 40 years of making the only forces of the Empire, not the submitting the names he gave refer. Extra good fat heifers, 1,050 which is that after 40 years of making speeches you have heard as many and made as many and made as many and made as many and made as many as you ever wish to hear or speak. (Gries of "No, no.") Gentlemen who say "No, no" have evidently not lived 40 years—(laughter)—in the atmosphere of which I am speak as reason more particular than that general cause to which I appeal, and it is this. Just at this moment we are selecting who are to be our masters for the next lew years, and that is a process in which a peer has no part what cess in which a peer has no part what strength in what this dinner reprever, where he has no vote to exertise, and where he is not even allow.

The development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of our comparison of the strength in what this dinner represents the development of the strength in the strength cise, and where he is not even allowed to raise his voice in public. It is quite certain, Mr. Chairman, that you were not aware of that sacred, but I any other element you could name?

Semis—the development of our commerce and of our shipping, which after all has had as much to do with the building up of the British empire as were not aware of that sacred, but I any other element you could name?

Mr. Lumsden informed E. W. Macterial any other element of our commerce and of our shipping, which after all has had as much to do with the building up of the British empire as any other element you could name?

Mr. Lumsden informed E. W. Macterial any other element of our commerce and of our shipping, which after all his information. This was certainly a mather than the building up of the British empire as any other element you could name?

Mr. Lumsden informed E. W. Macterial and the strength of the British empire as any other element you could name?

Mr. Lumsden informed E. W. Macterial and the strength of the British empire as any other element you could name? think unfounded, tradition which pre- (Cheers.) I would even venture, were Donald that he regarded this as simpvents any peer from appearing in publit allowed, but I am not sure that it ly a preliminary statement of his lic any more than if he were the in- is permissible, to name our capital. position. mate of a seraglio during this sacred which has pulled us with the heroperiod of political pressure. (Laughter.)

Which has pulled us with the heroperiod of political pressure. (Laughter.)

Peers and Posters. To not, quite know whence arises the idea that a peer at this juncture occasions. I should not always occasions I should not only a considerable part of the Leith burgs, as considerable part of the Leith burgs, not of course on any political adventure, for that would have consigned not of course on any political adventure, for that would have consigned not of course on any political adventure, for that would have consigned not of the Tower. (Laughter) But was agreably interested as I passed along the streets by seeing a long set streets by seeing a long set streets by seeing a long set streets of the street of the streets of the

were entitled to the ordinary rights of humanity. (Laughter.)

A Controversial Subject.

Well under these circumstances, sir knowing that I could not make a speech on the only subject that interest people at this moment, that it is tried to the controversial subject. The could not make a speech on the only subject that interests people at this moment, that it is their duty only also to take some part in the defence of the commissioners had written to the dear in may avoing any matter, that interests the public during their elections, I should be guilty of some think that it was a little obdurate of you not to head my appeals to be allowed to remain in silence. Instead of that you have entrusted to my charge a toast which the rules which I speak of forbid my ou have entrusted to my charge a toast which the rules which I speak of forbid my dealing with at of the Imperial Forces of the Crown. You ask a man who is debarred from political utterance for an other ten days—I am not sure that a Peer may speak till after the returns from Crincey and Shetland have come im—(laughter)—which I imagine to the toast of the imperial forces. I do not altogether regret it, because I members again that the control of the from Orkney and Shetland have come in—(laughter)—which I imagine will be somewhere about the month of May—(laughter)—vou ask a man in coldinate the latest of the imperial forces. I do not altogether regret it. because I think it is well, even in the presence of our gallant sailors and gallant and the investigation. May-(laughter)-you ask a man in soldiers, to remember the forces with-this debarred and emasculated condi-out which they would be nothing and tion to address you on a subject of the without which the empire would cease highest political and controversial importance. The Imperial Forces of the Crown I can say nothing about to-nights They have entered for the moment, much to my regret, the region of the party, and therefore I can sinkable Boat for Purpose. say nothing about them to-night. The Army, we are told by one side, is in Niagara Falls, Ont., Feb. 22.—In a a critical condition, as it has been all motor boat filled with 150 watertight my life. (Laughter.) The Territorial compartments, so that it can be punctured 125 times and still float, W. E. bulwark of our country and on the Rose and C. I. Walford, of Detroit, other that it is a mere phantom. As for the Navy, one side tells us that rapids of Niagara next June. Both it never was so strong and so efficient and the other side tells us that Sir Francis Drake—a rather ancient precedent by the by—was never satisfied unless the forces he was energed. with were two as to his one, and that those who are content to coupy a danger is from capsizing. those who are content to occupy a position less heroic than that of Sir Francis Drake are mere poltrooms, un-worthy of the name of Englishmen—

worthy of the name of Englishmen—or Scotsmen. Well, I cannot decide

Do you know that croup can be prevented? Give Chamberlain's Cough Remore edy as soon as the child becomes hoarse or even after the croupy cough appears or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has losses on both sides were heavy, but dealers.
