## Volunteer Met Accident

While engaged in a friendly wrestling bout at the C.L.B. Armory yesterday afternoon, a volunteer of No. 2 Co., of the second contingent, named Patrick Power, accidentally broke his leg near the thigh. Rev. Father Nangle, who happened to be in the Armory at the time, rendered first aid. The wounded volunteer, who suffered much pain, was then attended to by Dr. Campbell, who applied temporary splints, after which the patient was removed to the Hospital.

## Are you Anaemic?

Our blood is composed of red and white corpuscles—the red to nourish the body, the white to fight disease. In Anæmia, the red corpuscles are more or less deficient. Thus the blood cannot properly sustain and nourish the body. The eyes become dull, the face white and a feeling of intense weakness pervades the whole system. There is nothing so effective in Anæmia as 'Wincarnis.' Because 'Wincarnis' floods the body with new, rich, red blood, which gives a sparkle to the eyes, brings the roses into the cheeks, and gives new vigour, new vitality and new life to the whole body.

Begin to get well FREE.

'Wincarnis' is made in England and you can obtain a liberal free trial bottle—not a mere taste, but enough to prove good by sending one coupon to the post—payable to COLEMAN & CO., Ltd., Wincarnis Works, Norwich, England. Mr. and Mrs. Tichit Both Searched in Vain for Health Till They Found the Wonderful Twin Remedies.

Rathwell, Man., Feb. 26. (Special).—"Both Mrs. Tichit and myself have every reason to speak well of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets," says Mr. Seraphie Tichit, a well-known resident of this place. "Mrs. Tichit was attacked with nervous Dyspepsia. She saw a number of different doctors and took many medicines, but could only get temporary relief, till she used Dodd's Kidney Pills and Dodd's Dyspepsia Tablets. "For myself I could not eat much, I could not sleep well and I was utterly discouraged, when one of my friends gave me a little book telling of Dodd's Kidney Pills and Dodd's Dyspepsia Tablets. After using them I could eat and sleep well. I also gained twelve pounds in weight. "Both my wife and myself feel that we owe our health to Dodd's Dyspepsia Tablets and Dodd's Kidney Pills. "Dodd's Kidney Pills and Dodd's Dyspepsia Tablets are a grand combination. Dodd's Kidney Pills cure the Kidneys so that they strain all impurities out of the blood. Dodd's Dyspepsia Tablets digest the food properly, giving the body the nourishment it requires. With proper nourishment carried through the body by pure blood perfect health is assured."

## Promotions

FOR Nfld. VOLUNTEERS IN CANADA.

Newfoundland is always proud to hear of the success of her sons and takes special pride in recording the movements of her volunteer soldiers. Recent promotions have been given to A. Duffett (Corporal), A. Ledwith (Lance-Corporal), and A. Noseworthy (Lance-Corporal), of the machine gun section of the 25th Battalion of the N.S. Regiment. All three young men who enlisted at Halifax, were well known engineers here in the city. L. C. Noseworthy is a son of Sgt. Noseworthy of the Terra Nova Constabulary. We wish our volunteers continued success.

## The Newfoundlanders

TRAINING AT FORT GEORGE.

For nearly two months the Newfoundland contingent of volunteers, who responded to the call of the Motherland, have been undergoing military training at Fort George, and to use a familiar phrase, they have taken to the fortress by the sea like a duck takes to the water. They have found their quarters inside the old fort comfortable, and they have entered heartily into their military duties. Real training has been undergone, and drill is engaged in daily. Progress has also been made in musketry instruction on the excellent ranges which are situated on the Common.

Like Jack, the Newfoundlanders are fond of play, and when military duties are over for the day, many of them find their way to Naïre and Inverness. Some of them, who belong to the Freemason order, have been entertained by the local lodges. The colonials have proved themselves to be a happy social lot of fellows, as well as good soldiers. How well they have taken to their new quarters is evident by the many friends they seemed to have made. Already one of them has taken unto himself a wife, so cementing his visit to the home-land by a matrimonial tie. There has been one note of regret since they have taken up their quarters in the North. The first death since the contingent arrived in this country occurred at Fort George. A promising young soldier, a son of a well-known business man in St. John's, the young fellow contracted a cold, which developed into a more serious trouble. His death was regretted by the whole contingent. The remains were interred, with military honors, in the old burying ground at Campbelltown. In the same sepulchre lie the remains of many a Highland soldier, who had passed through the storm and stress of active fighting. It is interesting to learn that another contingent of volunteers has been raised in Newfoundland, and are at present undergoing some preliminary training in St. John's. The second contingent, it is expected, will ultimately join the first contingent—Inverness Courier.

PRECAUTIONARY MEASURES.

LONDON, Feb. 26.

Successful operations by submarines in British waters, resulted in issuance of secret orders for all trans-Atlantic liners to be in port until further notice, acting on reliable information received here to-day. This news caused confusion in maritime circles, where it became known to the official steamship lines, who refused comment on the order, and the Admiralty maintained its customary reticence. Reports are in circulation that British naval authorities have secured information that a fleet of submarines has succeeded in reaching the Irish Sea, and is lying in wait for big liners. Pending revocation of order, no Americans can leave for United States from England. Those wishing to return to America can do so only by going to France and if they do this they will risk lives in the English Channel.
