The "Whack"

When the Government was recently faced with a sudden and violent wave of unemployment, govern the country with a view to the "Whack" was the speediest and probably the only way of meeting the crisis. And it is probably tion; but the "Whack" is not a cure for unemployment and it probably does more harm than present financial condition. As to borby the Government and some come to the end of our tether. When people begin to regard it as their right. England has been faced London Daily Mail, which is runto say about the ruinous effect economic crisis to-day and the newly that the Dole creates:

"Even when corporations start relief works, such as building roads, it does not solve the programme of rigid economy. There moral problem. What is the good are many useless departments and ofof putting a pick or shovel into fices that could be dispensed with It does not give him the mental overmanned and the work could be his self-respect, and he soon per- efficiently as at present. Able bodied ceives that he is of less value in men are turned out of their offices and the work than the ordinary jobs on the slightest excuse and given navvy. The feeling of charity stop. The gospel of honest work Little River Coal Co. and uselessness will gall him should be preached to the people and still, especially if he knows that they should be told that the very road he is making is not qualities that are now really wanted.

The law of supply and demand is reform at the fountain head. at the root of the question, and so long as the community is McMurdo's Store News. misled into thinking that they can live without working, so long will unemployment remain acute. And so long will fraud putting away furs, woollen gar-ments, etc., after the winter, and the continue; plenty of people are question of their protection against drawing relief who are not moths comes up. For this purpose "available" for work, but they we are pleased to be able to offer are so seldom offered work that Bell's Moth Bags, in different sizes, it is not discovered whether they are available or not.

The Dole is a form of paraly- moths away, and protecting furs and sis. Permissible as a measure of fabrics against dust, etc. Price acurgency, it has now fastened it- cording to size, 60c. to \$1.20. self upon the country like a fatal Blades, Freezone Corn Remedy. disease. Men must be insured against unemployment, but they must be made to realize that it Sports will be held on Wednesis an insurance. Equally society day, June 13th. may 18,21 must justify itself by a constructive policy, and not merely feel satisfied by putting forward demoralizing palliatives."

"The purpose of an organiza- down to defeat in their match with the B.F.C. lads on Saturday last, will tion is to get, not one thing, but play a return game at the Tannery derly, efficient fashion and at the team since their last appearance have right time. TO-NIGHT—All roads lead to St. Patrick's Memorial School, Deanery Avenue. Don't miss the season's most enjoyable Card A few civil cases were disposed of judgment being given by default.

"Economy" Should Now Be the Watchword.

ton in the new government that the delf-governing. Dominion the watch-word or slogan of Economy should be proclaimed from one end of the country to the other. Our interest debt on bonds, Foreign and Domestic loans is persists in putting it into effect. True, now about \$3,000,000, and as the Mr. Coaker has been shorn of his big ing summer at the prices that are powerful as ever, and he knows it. The Premier also knows it, and can-00,000. There will be left out of the follars to meet the civil service and all other obligations. Allowing all hese other industries to produce a Coaker. The Premier knows that the days ago with the other party to the programme has been arranged, feashall still be short between about two allion dollars of the amount neces- tionalization" of fish which did him first witness called was Mr. French. Rose of Summer" by Mr. P. Dobbin, sary to meet our requirements. The \$12,000,000 made up of two loans borrowed by the present Government and the \$3,500,000 left in the Treasury by the late Government have all been dissipated with very little to show for obvious duty for the Government then is to cut out all unnecessary expendiure and the orgy of extravagance will undertake to issue supplies. And pole, who occupied the same bedroom Management." Messrs. Arthur Clift, that has been going on the past three and a half years, and thereby furnish knows that the merchants are right cused Grey. The accused was noisy an example to the whole country. If the Government is patriotic, honest and sincere in their professions to well-being of the people and the pre- his attitude, Sir Richard Squires will sworn as a witness or of making a should draw a crowded house. The servation of our independence, they have to submit. The Nationalization statement on his own behalf. Squires entire show will be repeated later at will do this; if not it is inevitable that we shall either drift into Confederation or back to the status of a Crown new name, and one would imagine Mr. Barron began his summing up on true that the "Whack" saved Colony and have to call on a Receiver that the experience of 1919 and 1920 behalf of the Crown at noon and ocmany people from utter starva. before this Government is half way in the foreign markets would be sufficiently of the Crown at noon and occurrence of 1919 and 1920 behalf of the Crown at noon and occurrence of through its term of office. All this is quite plain to any man who gives the should never contemplate government Chief Justice. The jury was out less least serious consideration to our good, in as much as it is issued rowing more millions, we have about that he prefers to risk another The prisoner will come up for senthe country was in financial difficulties before under the Government others. The very knowledge on the noon. of Sir Robert Bond after the Bank by the same crisis, and the Dole Crash he did not hesitate to apply the we had adopted by law such a scheme was introduced to combat the pruning knife and cut down all ex- as is proposed would be the signal for unemployment situation. The penditure that could be dispensed a boycott against our fish in all the with and reduced temporarily the markets of Europe and America, and hing a series of articles on try recovered her financial status. We than ever as they can get all the fish civil service allocations till the coun-"Scandals of the Dole," has this have approached a very much worse they require from Norway, Iceland and France. As we see it, Mr. Coakelected Government will be recreant er's scheme, if carried into practical to their duty and to the conduct that effect the coming fall, would be "nathe people expect on their part if they tional suicide" for our fish trade. The fail to cut down expenditure by a injury and annoyance and interference with individual effort at this end would be nothing compared to the injury to our prospective fish sales in the hands of a skilled artisan? both in the city and the outports, and the foreign market. Mr. Coaker evidthe civil service, it is well known, is ently leaves one factor out of his calsatisfaction which would restore done by half the employees just as factor that can't be grappled with and can't be killed. The fish buyers abroad have their share of it. a pension. It is time that this should

Gaelic League.

At last night's meeting of the Gaelic The St. Bonaventure's College League an interesting and instructive paper was read by Mr. M. Walsh entitled "Nationalism in Anglo-Ifish Literature." The lecturer reviewed the works of the best known Irish writers during the period since the English language became the medium through which Irish national writers The city Rugby team, which went expressed their views, not only did the writings of Irishmen during this time keep alive the spirit of Irish Naa thousand things done in or- Field to-morrow afternoon. The city the effect of enriching in a large measure English literature. Amongst the best known Irish writers of prose and verse, whose works are written in the English language, we find the names of Swift, Goldsmith Griffin, Wolfe, Tone, Charles Lever, Carleton, Loyer, Kickham, Sheridan, Moore, Davis, Mangan, Mitchell, Ferguson, Canon Sheehan and Wm. Rooney. The literary work of the "Young Irelanders" was noted as was and very interesting. The city line-up also that of many other writers whose will be as follows:-J. Withers, D. Clouston, E. Fox, A. Bruce, A. John-

names are less known to fame. At the conclusion of the lecture on most hearty vote of thanks was accorded the lecturer by acclamation. During the week a Gaelic language class under the direction of Mrs. M. Walsh, B.A., held its first session and satisfactory progress was made.
