WHAT a glorious country is the East, where they have no such thrilling winds, and cold stormy blasts, to wreck the constitution. Nature has kindly endowed mankind with the conquering power of wielding an all-sufficient weapon against the enemy Disease. Diseases of the Throat, Lungs, Liver, Kidneys, Digestive Organs, etc., are here most prevalent, and for their cure you have nothing to compete with the great Shoshone Remedy.

Purify the Blood.—If the blood be pure the body which it feeds from and by the blood cannot be diseased. But if there be in any part of the body any affection, such as a boil or ulcer, even a bruise, the blood circulates through that part takes up impure matters from the local affection and carries it to the general system. This is the cause often of sudden death to persons of full health afflicted with boils and ulcers, and it is the cause of many other diseases. The blood is the cause of all diseases, and it is the blood which supplies the brain with vitality, and life ceases as it.

Benefit by Lightning.
Now, this can be remedied.

BRANDRETH'S PILLS take all impure matter from the circulation, and take the general health, soon curing local affections also. Brandreth's Pills protect from tedious times of sickness and often save life. It is sold by all druggists. Oct. 3-1m

THE CONFESSIONS & EXPERIENCE OF AN INVALID.

ECONOMY IS WEALTH.—Franklin.

When people pay \$20 or \$100 for a Sewing Machine, when they will buy a better one for all practical purposes? Notwithstanding reports to the contrary, the subscribers beg to inform their numerous friends that the "FRANKLIN" and "MEDALLION" Machines can be had in any quantity. This machine is a double-thread, constructed upon entirely new principles, and is superior in every respect to any other in the world. It is especially adapted for the poor man's Sewing Machine, and is warranted to excel all others, as thousands of patrons will testify.

Agents Wanted.—Machines sent to Agents on trial, and given away to families who are needy and deserving. Address

COUGHS AND COLDS.

Sudden changes of climate are sources of Pulmonary, Bronchial and Asthmatic affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should be at once had to "Brown's Bronchial Troches," or Lozenges. Few are aware of the importance of checking a cough, or "common cold," in its first stage. That which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "Brown's Bronchial Troches," or Cough Lozenges, allay irritation which induces coughing, having a direct influence on the affected parts. As there are imitations, be sure to obtain the genuine. Sold by all dealers in medicine at 25 cents a box.

Mothers! Mothers! Mothers!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of **Mrs. Winslow's Soothing Syrup**, it will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price 25 cents. Sold everywhere. Be sure and call for **Mrs. Winslow's Soothing Syrup**. All others are base and dangerous imitations.

AMERICAN WATCH

MADE AT **WALTHAM, MASS.**

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 25 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.
Office of the General Superintendent,
Allentown, Pa., 12th Dec., 1866.

GENTLEMEN: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn as long as we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done so good service as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS,
General Superintendent,
American Watch Co., Waltham.
