

# Rheumatic, Your Cure is Absolute!

When the Wall between Suffering and Health Seems Impregnable, South American Rheumatic Cure Comes to the Sufferer's Relief—“Shells” the Stronghold of Disease.

Drives out the Hostile Forces—Breaks the Shackles of Rheumatism's Prisoner— and Guarantees him Perpetual Liberty.

This Great Remedy is Invincible—Gives Relief in a Few Hours and a Cure in from One to Three Days.

Of all the tortures that disease can inflict upon man perhaps there are none more agonizing than Rheumatism, and its ailments, such as Gout, Lumbago, Neuralgia and Sciatica—and these are no respecter of persons—they attack the old the young alike.

The active, irritating cause of Rheumatism in all its phases is Uric Acid, a poison that collects in the blood. It is the waste or effluvia of the system, which, from various causes, are not carried away through the natural channels; and the pain and torture of it none can describe but those who have passed through the ordeal of suffering that Rheumatism entails.

In its more acute and inflammatory form it often attacks vital parts, such as the heart, and on the evidence of expert testimony it is believed that the many cases of Rheumatism of the Heart, and its behav-

ior, is due to the fact that the patient is not to daily with a relentless foe. It is a relentless disease, but so common that in many cases the suffering is borne unheeded when the patient may be within a step of death.

South American Rheumatic Cure is no respecter of cases. It is a never failing specific—a panacea for rheumatic sufferer. It enters quickly into the circulation; it drives out the foreign and irritating matter. It starts in at its work of purification, and in a trice its healing power is felt, and as by magic, pains disappear, joints are reduced to the normal, natural size, stiffness of the muscles makes way to suppleness, and where was a few hours or days at most, all suffering and torture, is the calm of peace that comes after the great struggle. South American Rheumatic Cure has a thousand times made the erstwhile sufferer discredited that “that a day of miracles are past.”

The most obstinate, obdurate, acute and chronic forms of rheumatism have been absolutely cured in from one to three days. The remedy is simple and harmless. Here is the testimony of one that ought to know its real worth:

Mrs. E. Esser, a professional nurse, 92 Cornwallis street, Halifax, N. S., says: “For six years I was a great sufferer from Rheumatism, and while in my possession I met and consulted many prominent physicians as to my case; none of them gave me any treatment that was permanent. I tried many remedies which claimed to be cures, with the same results. I noted the almost magic relief which came to a patient of mine in using South American Rheumatic Cure, and I decided to try it on myself, and I proclaim it here and now a great remedy, the only thing I ever took that did my Rheumatism any noticeable good. When I had completed taking the second bottle I was free from all pain, and although that is some three or four years ago, I have not the slightest return of it. I do strongly recommend it.”

South American Kidney Cure is a searching remedy—it cures quickly all bladder and kidney ailments. Relieves in six hours. South American Nerveine is a health builder; it acts directly on the nerve centres—good for the stomach— aids digestion—gives tone to the nervous system—richness to the blood. Sold by J. E. Richards.

## DYNAMITERS AT WORK

Dastardly Attempt to Blow Up a Welland Canal Lock.

THREE MEN ARE UNDER ARREST

Conjunctures as to Motives—Fenianism and Pro-Boerism Among Those Suggested, but Another Is That Capitalism Is at the Back of the Dastardly Attempt—Story of the Crime.

Thorold, April 23.—About 7 o'clock Saturday evening two men attempted to blow up lock 24 on the new Welland Canal here with dynamite. They were seen at a distance running towards Niagara Falls. All four gates of the lock are more or less damaged, but it is a miracle that the gates were not entirely dislodged, in which case the result would have been most disastrous to the canals. A large number of lights of glass in the town were broken with the shock. It is not considered that the damage is sufficient to prevent navigation from opening on Tuesday next.

Two sticks of dynamite had been fired at the foot of the head gate of the lock, and the woodwork was shattered and twisted. The damage cannot be stated now, but it is probably several thousand dollars.

## Singers and Speakers

During the cold weather singers and speakers almost invariably carry in their grips a bottle of Dr. Chase's Syrup of Linseed and Turpentine as a cure for hoarseness, sore throat and throat irritation.

Dr. Chase's Syrup of Linseed and Turpentine has by far the largest sale of any remedy for coughs and colds. It is the standby of Canadian homes. 25c. a large bottle at all dealers. 17

## Brick and Tile Yards

Yards at Vienna and London.

Now on hand and ready for immediate sale.

Any quantity of tile, sizes, also brick. Call and see them at our yard.

Respectfully yours,  
TELFORD & WADE.

## WANTED

Good honest men in every locality, local or travelling, to introduce and advertise our goods taking up show-cards on fences, along public roads and in conspicuous places. No experience needed. Salary or commission \$60 per month and expenses \$2.50 per day. Write at once for full particulars.

THE EMPIRE MEDICINE CO., London, Eng.

It was evident that the men intended to blow out the gate at both ends of the lock. This would have let down a mass of water half a mile in length, 40 feet wide and 20 feet deep, which would have carried out the entire system of seven locks, submerged the town of Merritt and swept out the great tunnel of the Grand Trunk Railway.

## THREE ARRESTS MADE.

The Ontario Police Nab Three Men Who Are Said to Be the Men Who Committed the Outrage.

Niagara Falls, Ont., April 23.—The Ontario police were notified at 7:15 p.m. on Saturday, by telegraph, of the blowing up of lock 24 on the new canal at Thorold, that evening. Detective Mains, with his aides, immediately called on subs and covered the whole meagre description of the men, as they were flying from the scene of their diabolical work. As the news spread the streets, people turned out in crowds, in the rain to assist the police. County constables began to arrive from the townships and vicinity of the explosion on horseback and in rigs. Mayor Wilson and County Constable Clark of Thorold arrived about 9 o'clock, and reported that they had passed two men on the Thorold road in Stamford, who compared favorably with the description. Detective Mains, with Officer Walsh and Constable Clark of Thorold, started out towards Stamford, and when reaching the west end of Bridge street where the first concession crossed it, they saw the two men coming down the road, about 9:30 o'clock.

Two Men Were Captured. Concealing themselves until the two men reached them, the officers pounced upon them in the dark, arresting them both, and found each man had a loaded revolver in his outside coat pocket ready for action. They both tallied with the description given by the Thorold men, who said they had been around town the past week and had been under police surveillance for the past two or three days as supposed crooks.

They gave their names at the Police Station as John Walsh of Washington, D. C., age 28, smooth face, small sized. John Nolin, Philadelphia, Pa., 50 years, dark brown moustache, tall, stout man, weighing 215 pounds. Both men wore dark stiff hats. Walsh had \$35 and Nolin \$11 in their possession.

A Third Man Nipped. The police had knowledge that these two men had been seen in the company of a short-set, smooth-faced man, with whom they crossed and recrossed the steel arch bridge two or three times a day the past three or four days, and would meet the short man at seemingly the same given point. The police set out at once and hauled in the third man, who positively refused to give his name or identity at the police station. He first arrived at the Roslin Hotel on the evening of April 12, had supper, engaged room 4, and after supper paid his bill and left the hotel, and did not return to the hotel until the evening of April 16 for supper, and had occupied the room ever since, going out two or three times every day, principally to the American side of the river. He drank pretty freely, and made himself generally a genial fellow, spending his money freely, of which he seemed to have considerable about him. He registered at the Roslin on both occasions as: Karl Dullman, Washington, D. C. Detective Mains feels confident he has the right man, and that they were in an organized gang. Dullman he considers the leader. He is well dressed, in a dark suit, with white shirt and tie. The other two men are dressed in dark suits, not so carefully taken care of.

The men will be detained, Walsh and Nolin charged with blowing up the lock at the canal with dynamite. They will have a hearing on Monday.

More Important Developments. After the arrest of the three men Saturday evening by the Ontario police, the American police at Niagara

Falls, N.Y., late that evening located the abode of Nolin and Walsh on the American side, to be at the Dolphin House, Suspension Bridge, N.Y., and on searching their rooms found exploding fuses concealed there. It has been further learned that Canadian Inspector of Customs Bumpfield and American Customs Inspector Lewis had been shadowing the three men for the past week as opium smugglers, and both officers came to the conclusion they were a gang of crooks.

## SOLDIERS ON DUTY.

Niagara Falls Militia Called Out, and Are Now Guarding the Prisoners and the Canal.

Niagara Falls, Ont., April 23.—Without a doubt the Ontario Police here have made a very important arrest in the three men charged with blowing up the gates of lock 24 of the Welland Canal at Thorold last evening. Chief Young and Detective Mains have been working assiduously all day yesterday and with the American police and Buffalo detectives have probably unearthed a gang of dynamiters operating from the Dolphin House at Suspension Bridge, N.Y., the Roslin Hotel here and Buffalo, N.Y. The leader is supposed to be the man registering as Dullman at the Roslin. The three men, no doubt for the purpose of taking observations for their dastardly work, drove out to Chippawa along the Welland River to the canal at Port Robinson on Wednesday last and again on Friday to Thorold, and left Saturday evening for Buffalo.

Several of the gang are still at large, and another attempt will probably be made to destroy the canal. Chief Young and Detective Mains placed a strong guard of deputies on the jail Saturday night and yesterday where the prisoners were locked up.

Information was received yesterday afternoon that probably an attempt would be made by a crowd of 200 men from Buffalo to forcibly liberate the prisoners some time last night.

Special Patrols on the Canal. Mayor Slater with two other magistrates made a demand for a detachment of No. 6 Company of the 44th Battalion to guard and frustrate any such attempt. As the Ontario and local police would be inadequate to cope with such a gang of thugs.

Captain Vandersluis called out his men, and a detachment of 25 men in full uniform and accoutrements, under Sergt. Fuller, were put on guard at the jail, parading up and down the four sides of the building with fixed bayonets. Special police deputies are guarding the three bridges, and any attempt at rescue will be promptly frustrated.

Special patrols have been placed on the canal and the Grand Trunk have a posse of men guarding their tunnel under the canal near Merritt.

The prisoners will have a hearing before Police Magistrate Logan at 10 o'clock this morning.

## SEARCHING THE MEN'S ROOM.

Only a Bag Filled With Fuses Was Found There.

Niagara Falls, N.Y., April 21.—Late last evening the police were informed that a look on the Welland Canal at Thorold had been blown up, and that three men who did the work had fled toward this city. The Canadian authorities also said that the men had been captured and the Falls police were asked to search a room they had occupied in the Hotel Dolphin at the North End.

Sergt. Maloney went to the North End, and the proprietor of the Dolphin admitted to him that he had had as boarders for a week three men of whom he knew little or nothing. Maloney went to the room occupied by the men and there found a rubber bag filled with fuses, such as are used in dynamiting operations. The room was found to be empty, and the men were not to be found. The room was searched, and Maloney returned to headquarters.

The proprietor of the Dolphin said that the men came to his house a week ago and engaged a room. They said little to anyone, but he noticed something about themselves, where they came from, or why they were in the Falls. They were well dressed. They spent all of their nights, so far as known, in the hotel, but made frequent trips abroad by day, several times crossing the

HEINTZMAN & CO., "Canada's Greatest Piano."

## A Piano with a Record

Empty declamation of one's claim to superiority is easy. Anyone can do it. There is no trick in mere assertion.

The Art Piano of Canada, made by this firm, does not rest its success and kingship on what its manufacturers say of it, though none know as well as they the years of thought and care and skill and ability that have been put into its manufacture. It is those who know the Piano best who are most generous in its praises, and they are of those in the musical world who have strongest claim to speak knowingly of the merits of any Piano.

It is something that a Piano has been endorsed by musical critics like Hyllested, Burmeister, Plunkett Greene, Ben Davies, Nutini, Warkins Mills, Albani, Pol Plancon, Trebelli, Scacchi, and a host of other names that your own memory will call up.

Toronto World April 7th, 1899—"Within the past few weeks we have had Sauer with a Knabe, Rosenthal with a Steinway and Carreno with a Chickering. Last night we had a great artist with a piano made right here, and all present must have felt gratified with the feeling that the home-made article is as good as can be had. Indeed some remarked that the bass of the Heintzman & Co. was the firmest and roundest of all, while the upper tones possessed a singing yet mellow quality that could not be excelled. Mr. Burmeister certainly brought out the finest effect, particularly in the Wagner music. The crashing effects characteristic of Wagner's music were brought fully out. The finale from 'Tristan and Isolde' and the Liszt rhapsodic were also fine exhibitions of fine bravura playing, while Beethoven and Chopin furnished the means of displaying the subdued tonal effects of the great instrument."

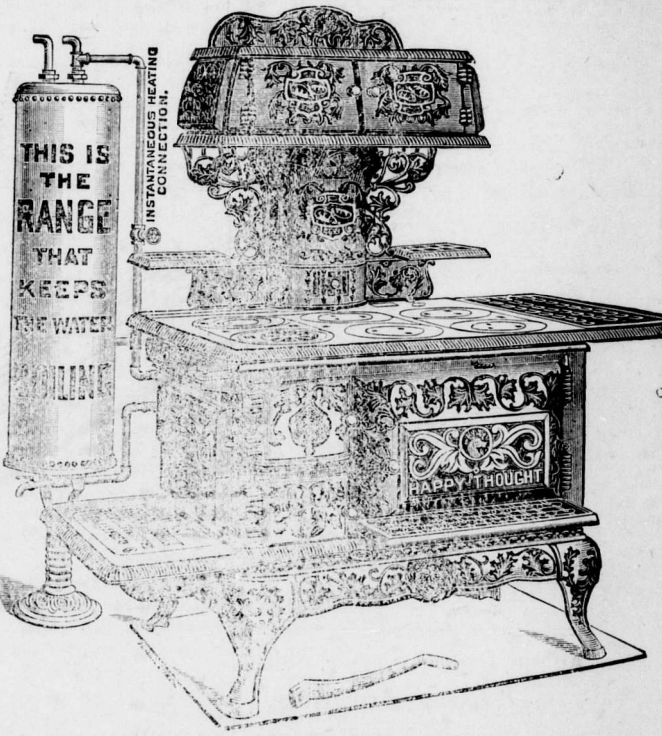

## SPECIAL PRICES

Besides our own Piano we have always in stock an assortment of pianos of different makers, for we are dealers in pianos as well as manufacturers. You will hardly find any difficulty here in getting a piano to suit your taste or your purse. A new Kingsbury Piano, made in Chicago, for as little as \$150.00. Kingsbury Cabinet Grand for \$275.00. You can have a new Whitworth piano for \$275.00. A number of pianos of various makers, including Gerard Heintzman, Williams, Nordheimer, Mason & Risch that have been used some, but have been put in good condition at very special prices.

## HEINTZMAN & CO.
