## "Furniture for Homes"

Volume VI., Preface

The record of five years of advertising through The Transcript  
is gratifying to us and we appreciate the interest of our readers.  
All this time we have been working towards a definite end and  
every year have noted progress. We hope that 1909 shall show  
greater advance than any former year.

We realize that present day Furniture Selling is not that of  
twenty-five years ago. So we aim by the gradual and judicious  
introduction of approved business methods to bring our business to  
the highest standard.

We have taken the name of "The Value Store" and mean to  
live up to it. 'Tis our ideal expressed in a word.

We desire to make every transaction of mutual advantage, to  
retain the confidence of every customer and to merit the considera-  
tion of intending purchasers.

Bearing this in mind, we hope to make 1909 a year of special  
interest to all who need Furniture.

## Great Year Ahead.

A great year is promised for readers  
of the Family Herald and Weekly Star  
of Montreal. Already the acknowl-  
edged best family and farm paper  
printed, the publishers are out with  
the announcement that it is to be  
vastly improved during 1909, in ap-  
preciation of the enormous number of  
subscriptions received. The paper is  
to be enlarged, their news service  
vastly improved, more stories of a  
high order of merit are promised, new  
contributors of great literary fame  
will contribute and many new features  
of absorbing interest are to be intro-  
duced. Evidently the Family Herald  
and Weekly Star during 1909 is going  
to be greater value than ever before.

## Oil In Mosca.

Drillers who have been engaged for  
some time on the farm of Mr. Blackall,  
in Mosca, a short distance north of  
Newbury, struck oil on Monday and  
the present indications are that the  
flow will be heavy.

## Niagara Power Plebiscite.

Following is the wording of the  
Niagara power plebiscite submitted in  
several municipalities in Western On-  
tario on Monday:—  
"Are you in favor  
of obtaining a supply of electric power  
from Niagara Falls for the use of the  
municipality and the inhabitants  
thereof by a contract with the Hydro-  
Electric Power Commission for such  
quantities and upon such terms as  
may be agreed between the council  
of the municipality and the com-  
mission?"

## Hon. Adam Beck at Glencoe.

On the invitation of several of our  
citizens, Hon. Adam Beck, chairman  
of the Ontario Hydro-Electric Power  
Commission, paid a brief visit to Glen-  
coe on Saturday afternoon and ad-  
dressed a public meeting in the Opera  
House on the possibilities of Niagara  
power. The house was well filled,  
many being present from the sur-  
rounding country, and the gathering  
included several ladies. Reeve Moss  
accepted an invitation to preside and  
introduced the speaker.

Mr. Beck spoke for about an hour  
and a half and on concluding was  
tendered a hearty vote of thanks. He  
reviewed the steps taken by the On-  
tario Government for securing for the  
people a cost Niagara power for lighting  
and heating their homes and running  
their industries. The commission  
which he represented had been ap-  
pointed by the government and pro-  
vided with unlimited means to engage  
the best available engineering experts  
and enquire into the power question.  
The result of the enquiry was given in  
a report issued by the commission.  
Their finding convinced them that  
Niagara power could be supplied to  
the consumers at 200 miles from the  
Falls at a figure that would scrap every  
steam, gas or gas producer plant that  
ever was in the province of Ontario.

They had contracted for power at the  
Falls at \$9 per horsepower per year.  
This power they proposed to distribute  
as widely as possible to the consumer  
at the bare cost of development and  
transmission.

Mr. Beck did not venture on figures  
for Glencoe, but staked his reputation  
and that of his government on the  
assertion that no other power in ex-  
istence could equal that which it was  
proposed to transmit from the Falls.  
And while he favored municipal own-  
ership of lighting plants, Mr. Beck  
most strongly condemned producer  
gas power in view of what the com-  
mission had learned in their investi-  
gations.

## Oyster Supper.

The Willing Workers of the Bethel  
Methodist church, Metcalfe, will hold  
an oyster supper at the residence of  
Charles Towers, Ekfrid, on the eve-  
ning of Tuesday, January 12, 1909.  
Everyone is cordially invited to be  
present. Admission:—Adults 25c,  
children 15c.

## McColl—Squire.

A pretty home wedding was solemn-  
ized on Thursday, Dec. 31st, at the  
residence of Joseph R. Squire, Esq.,  
of South Ekfrid, when his youngest  
daughter, Florence Willard, was united  
in wedlock to Donald A. McColl, a  
prosperous young farmer of the same  
township. At five o'clock the bridal  
party entered the spacious parlors to  
the strains of Mendelssohn's wedding  
march played by Miss Mabel Ferguson  
of Appleton. The ceremony took place  
beneath an arch of evergreens decorated  
with ferns and white bells. Rev. S. W.  
Moxworthy officiated in the presence  
of about ninety guests. The bride,  
who was given away by her father,  
was becomingly attired in a  
bridal gown of net over white silk,  
with a long tulle veil fastened with  
orange blossoms, which were worn by  
her mother on the occasion of her  
wedding, and carried a shower bouquet  
of carnations. She was attended by  
her sister, Miss Cornelia, who was  
dressed in white organdie and also  
carried a bouquet of carnations. The  
bridegroom was supported by his  
cousin, D. McKenzie, of St. Thomas.  
The ring-bearer, little Kathleen Ben-  
nett, of Saskatchewan, Sask., carried the  
ring on a plate encircled with roses.  
After congratulations and good wishes  
the guests repaired to the dining-room,  
which was decorated in ferns and  
carnations. The presents were nu-  
merous and costly, the groom's gift to  
the bride being a gold watch and  
chain. The bride's going-away gown  
was of blue broadcloth with hat to  
match. Mr. and Mrs. McColl left for  
Adrian, Mich., and will visit at Car-  
leton and Detroit. They will be home  
to their friends after Feb. 1st. Guests  
were present from Detroit, Saskatchewan,  
Washington D. C., Parkhill, Forest,  
St. Thomas, London, Strathroy and  
nearby places.

## Whitfield—Campbell.

A very quiet but pretty wedding  
took place at the home of the bride's  
parents, Mr. and Mrs. John D. Camp-  
bell, of Melbourne, on the evening of  
Dec. 31, when their daughter Agnes  
Marie was united in marriage to Dan-  
iel Whitfield, of Detroit, Mich., by  
Rev. T. R. Shearer officiating.

A cousin of the bride, Miss Estella  
Showers, of Sterling, Mich., acted as  
bridesmaid, while Jesse Whitfield, a  
brother of the groom, acted as best  
man. The bridal party entered the  
drawing room to the strains of Men-  
delssohn's wedding march, played by  
the bride's brother, Ernest, the bride  
being given away by her father. The  
bride was prettily costumed in silk  
mull over champagne taffeta, and car-  
ried bridal roses. The bridesmaid  
wore cream albatross strapped with  
pink silk and carried pink carnations.  
The ceremony was performed beneath  
the Canadian and American flags. The  
happy couple were the recipients of  
many costly gifts from friends and  
relatives.

After congratulations the guests ad-  
joined to the dining-room where the  
tables were laden with the good things  
of the season. Mr. and Mrs. Whitfield  
left on the G. T. R. 10:20 train for east-  
ern points, the bride's travelling suit  
being of Persian plum ladies broad-  
cloth with hat to match.

The brave and bold persist even  
against fortune; the timid and cow-  
ardly rush to despair through fear  
alone.

## PROSPERITY FOR 1909

How the Weekly Sun Views the  
Outlook.

The close of the year comes with the  
pendulum of commerce swinging visi-  
bly toward greater industrial and  
commercial activity. Almost all lines  
show an improved and brighter out-  
look than was the case a year ago, and  
a return of more prosperous trade con-  
ditions is confidently looked forward  
to. One of the most marked effects of  
the trade depression of last year was  
the depreciation in the wool market.
