Many think it is a sin to be aich; being to, one cannot bestow their affections on others as the Creator intended; being so, it certainly is a duty to cure yourself. Most women, these days, need an invigorating tonic. Worn-out teachers, "shopgirls," dressmakers, milliners, and those subject to tiresome labor, have found a boon in Dr. Pierce's Favorite Prescription. It is a soothing and strengthening nervine, inducing refreshing sleep, relieves despondency and restores to full use all the appetites and affections of one's nature. It is sold, by druggists, under guarantee from its makers that it will, in every case, give satisfaction, or price (\$1) will be promptly refunded.
