Farming in Ontario Is a Very Profit-

able and Healthful Occupation

Many a man whose health has failed through too close attention to indoor work has regained it by adopting an out-door life on a farm. While farming has restored many a man and his family to health it has also placed many a man and his family in a position of independence.

We have some splendid farms in Western Ontario for sale at bargain prices. Some of them can be bought for little more than what the buildings have cost to but them up. The following are a few of the farms we have for sale:

No. 5757-48 acres in the Township of London, in the County of Middlesex, soil splendid clay loam, all tile drained, watered by well with windmill, wire fences in good condition, brick house 46x30, frame kitchen, cetter under whole of the house, frame bank barn 40x30, stabling under barn, water in barn for stock, frame bank barn 24x40, cement silo, pigpen, root house, granary; situated 1½ miles to Hyde Park, 3½ miles to London.
