POTATO PRICES LOWER;

Apples at 15 Cents a Peck-Scarce.

There was a good-sized market on the local square this morning, and all

the local square this morning, and all kinds of produce were offered for sale. The quality is first-class, the great amount of rain during the past months producing a spiendid yield.

The only change in the vegetable list is in potatoes, and these have lowered to 80 cents and \$1 per bushel. The fruit market is gradually increasing and the price decreasing according, and the price decreasing accordingly. Apples are worth 15 cents a peck, and average 40 cents for a bushel. Peaches range from 45 to 80 cents a basket, and from \$2.50 to \$3 per bushel. These are Niagara grown. Yesterday there were no oats offered and very little hay. So far today, only one load of hay was offered, and sold

Social at Sacred Heart Academy in Aid of the New Seminary.

116½ 147 172 112 held on the Sacred Heart Academy grounds Wednesday evening in aid of the new Roman Catholic seminary for the education of priests. The grounds were prettily decorated by Chinese lanterns and trailing ivy was attached to the numerous booths. Pretty girls as waitresses made a hit with the crowd, and sold their merchandise so well that a handsome addition to the well that a handsome addition to the seminary fund was the result. Rev. Monsignor Aylward was in charge, and was highly pleased with the success

A unique feature of the social was the arrangement of the flower booths, which were no less than dainty birch.

A pretty wedding took place yesterday which were no less than dainty birch bark canoes, and tilled with profusions of flowers. Smiling damsels completed the picture and proved so fascinating that there was irresistible force which induced all lovers of the flowers to pu-chase their wares.

Many parishioners from St. Peter's, in the many parishioners from St. Peter's, indeed all lovers of the flowers to pu-chase their wares.

WAR ON "WINDSOR WEDDINGS."

Detroit, Aug. 14.-According to a declaration made by Police Justice Stein on the bench today, much of the divorce business which has closed the courts of Michigan, and particularly those of Detroit, is the result of the Windsor "hasty marriage" sys-

of Detroit, is the result of the Windsor "hasty marriage" system, and Judge Stein believes a concerted effort should be made to get rid of this class of "trade."

The case of Leo Twedell, who is charged by his wife with non-support, was what brought about the court's declaration that "You people ge" into trouble in Canada, and then you come over here and expect us to straighten you out. So far as I am concerned, I am going to throw out all these Windsor marriages from my court, and you can get them annualled somewhere else. from my court, and you can get them annulled somewhere else.

SIX-TEAM LEAGUE IS TAKEN SERIOUSLY BY BASEBALL FANS

That It Would Make a Stronger Combination.

The proposed change in the personnel of the Canadian League, if carried through, will certainly make a great improvement in the standard of baseball served to the public. The grouping of the teams will also help the financial end of the league. With Ottawa, Montreal, Toronto, Hamilton London and Niagara Falls, the schedule could be rranged more satisfac-torily than at present with the long jumps to Peterboro and Ottawa. London, Ottawa and Hamilton are by far the best places on the present circuit as far as attendance goes, and could easily support Class B clubs. St Thomas, Berlin and Guelph have ends meet this year, and the additional cost of support Class B teams would make it impossible for these places to remain in the league, and be on the right side of the ledger upon the conclusion of the season.

Gamo Is Popular. Baseball is very popular in the district surrounding Montreal and Otawa, and another team in Montreal rould not affect the attendance at the International Legus games there. Joe Boyle said Wednesday while speaking of the proposed change, that he would notbe surprised if a small professionnext year, as the people are not satisfied with the amount of ball played there this year. The quality is satisfactory, but the quantity is not.

Londoners Are of the Opinion support Class B ball, and the only Nia-question to be considered could Nia-gara Falls. In the of old gara Falls. In the of of ternational League it was a paying proposition in that city, and there is no reason why it should not be able to do so next year. The league officials when drawing up the schedule could sarrange it that Sunday games culd be played in Montreal, Ottawa and Niagara Falls. At the present time International League clubs play in Montreal on Sundays, and in Niagara Falls. Sunday is the him day in gara Falls Sunday is the big day in amateur circles. The games scheduled in Ottawa could be played in Hull where Sunday ball is allowed.

That this scheme is no "pipe.

dream' is shown by the fact that the ufficers of the Montrea and Toronto International League clubs are behind the movement to establish Canadian Leagu clubs in those cities. While no definite action has yet been taken by the present Caradian League in regard to the change those who are on the inside state that without doubt there will be a number of places missing next year, and also several new

cities holding franchises.

Another question to be dealt with in the reorganization of the league is what to do with the other cities that the league is the league in the league is the league at present.

The are in the league at present. The most practical scheme would be to drop Peterboro altogether and add drop Peterboro altogether and add Windsor and Chatham, which are both exceptionally good baseball towns. This would make a very compact sixteam league, and would be given a Class D standing in the National Association, of Professional, Leagues, This parangement would do away with undisputed possession of last place all

AFTER BUTTER TRUST.

Chicago, Aug. 15.—United States District Attorney James H. Wilkerson will file suit within a couple of days for dissolution of the Elgin butter board of trade, the Tribune today says. The charge will be violation of the Sherman anti-trust law.

The Government alleges that the board is able to control prices, not only in the territory tributary to Elgin, but in a large, outlying territory.
