### BUILD SKATING RINK

PALMERSTON. July 29—If the resolutions of the Palmerston Athletic Association are carried out there will be skating in Palmerston his coming winter. It will not probably be under a cover, but there will be good ice, and a foundation for one of the best rinks and buildings in the county. In addition to skating this winter there will likely be a swimming pool for the summer on the same premises. There are resolutions adopted by the association, and it has been decided to start the ball rolling at once to provide for a rink, and the committee in charge, composed of the president, secretary and treasurer, is negotiating for the purchase of sufficient property at the rear of Dr. Coleman's property on Queen street, upon which to build.

Notice of Appeal Is Announced by Irish Commander's Counsel.

DUBLIN, July 29 .- Writs of attach ment, calling for the apprehension of General Sir Nevil Macready, commander of the British troops in Ireland, and Major-General Sir Edward P. Strickland, commander in Munster, were issued today by the master of the rolls. Sergeant Hanna, attorney for General Macready and General Strickland, and also for the governor of Limerick jail, for whom a similar writ was issued, announced that a notice of an appeal against the decision of the master of the rolls would be lodged with the House of Lords.

The case had its origin in the failure of those against whom the writs were issued to comply with proceedings in habeas corpus to produce John Egan, under sentence of death by a military court in Limerick, in court today.

Not Yet Executed.

Sergeant Hanna told the master of the rolls that he had been instructed by Macready to give an undertaking that, pending a final hearing on the appeal, the sentences of death against Egan and another prisoner named Higgins would not be executed.

The master of the rolls, however, declined to listen to Sergt. Hanna. He declared the case represented deliberate contempt of court, unprecedented in the whole history of British law, and ordered the writs of attachment issued.

Next Step Uncertain.

Uncertainty prevails as to the next step in the case. Dublin is not under martial law, and it is therefore presumed that General Macready, who is now in London, and the otners against whom writs are issued, are liable to arrest.

It is reported that appeals will be ledged not only against the lissue of nent, calling for the apprehension of General Sir Nevil Macready, con

arrest.

It is reported that appeals will be ledged not only against the issue of the writs of habeas corpus but also against the order for the writs of attachment.

Alderman Fears Many Rate- Sports Will Feature Big Propayers Would Not Vote For Bylaw.

BRANTFORD, July 29.—The city is gay with flags and bunting in readiness for the opening of Old Home Week, which starts on August 1. A splendid meeting of the council tonight, to the building of storm sewers by piecemeal as the property owners not directly benefited by the sewer would not favor a bylaw to cover any special section of the city and the cost of it to be raised by a vote in installments. Ald, Meehan demanded that a bylaw go to the people for the construction of a system which would cover the entire city. All the municipality would be interested and a general benefit would result to the whole city.

Chairman Curtis placed the cost of the proposed improvement on Wellington street at \$25,000. In case of extending the system, Ald. Chirrie explained that a special act would be necessary and the aldermen desired to hasten the work and relieve that end of the city. The mayor suggested that before any definite action is taken that the scheme be thoroughly investigated by the council.
