James Hamilton of Slate Creek Killed by Mrs. Thomas Rabbitt.

In Self-Defence the Woman Discharges a Rifle With Deadly Effect.

From Granite Creek comes news of how a plucky woman, Mrs. Thomas from James bay to Capt. Wm. Grant's Rabbitt, in defence of her honor shot wharf, where she will discharge hersealand killed a man who had attacked her. It was on the afternoon of Saturday the 18th inst., that the shooting took place, and though Mrs. Rabbitt is now under arrest and will be tried at the assizes at Kamloops on October 4, there seems not the least doubt, as far as can be gathered from the story of the tragedy, that she will be fully acquitted on the ground of

justifiable homicide.

According to the story as told at the inquest, Mrs. Rabbitt is the wife of a well known merchant at Slate Creek, garden she was attacked by James Hamannoyed her by his unwelcome attentions. Enraged at Mrs. Rabbitt's refusal to have anything to do with him, Hamilton, a large, muscular man, whereas, these false and malicious stateseized her and tried to assault her. The ments emanate from discouraged tenderwoman screamed for help and feet who were failures at home and failluckily attracted the attracted the attracted. a Mr. Kile, who promptly backed villages of Alask, being outcame to the rescue. Mrs. Rabbitt seeing him coming shouted again to him.

Strametry for neith and target who were satures at ome and fallures here; and whereas, certain mossbacked villages of Alask, being outstripped in population and enterprise by Skagway, the future metropolis of Alaskstripped in population and enterprise by Skagway, the future metropolis of Alaskagainst a property of the stripped in and Hamilton letting her go went away.

Mrs. Rabbitt rushed into the house and

been coming on each of the 'Frisco
liners for months; but for all the passenger list totalled up 162 names, of which
39 came under the heading of Victoria.
As freight this California ship brought
103 tons for Victoria. She was
in till about 4 o'clock. The stay of the
Alaskan boat was much shorter and her
business in port considerably less. Having left the north behind the City of
Seattle, she brought very little late
news. She had fifty passengers, of whom
only two hailed from Skagway, nearly
all her crowd being Juneau and Sitka
citizens. She brought no gold dust and

all her crowd being Juneau and Sitka citizens. She brought no gold dust and her Alaskan mail included nothing whatever from the absent sealers. The Tacoma remained in port until 10 o'clock on Sunday night, while theother members of the quartette only remained at the dock during the loading of a small freight for Vancouver. Later in the day—on Sunday evening—the Walla Walla, bound south, was in, but received nothing other than passengers, of whom yesterday saw but the one deep sea arrival. She, the former Puget-Sound Central American liner Amarapoora— (Signed) Dr. C. R. Ray, Charlman Charles Kelly, secretary; D. Samson, H. B. Eunnalls, M.D., and W. M. Davis, constituting the citizens' committee." nly called to take on a pilot and then passed on to Comox to coal, prepartory to loading lumber at Moodyville for

vessel's voyage to England.

A Little Heated Discussion Over a An Interesting Account of the Methods Followed in Yukon

Gold Mining.

For a short time last night it appeared as if the meeting of the Jubilee hospital board would be a somewhat lively one, but after a momentary flare up things but after a momentary flare up things simmered down and ended quietly.

Almost the first business that came up was the following letter:

VICTORIA, Sept. 21, 1897.

Alex. Wilson. President Jubilee Hospital.

DEAR SIR.—We understand that in the letter of Mr. H. M. Yates of 13th

A letter from A. I. MacFarlane, of Winnipeg, dated Dawson City, Klondays of Victoria, B. C., happened to be present, and they increase of the best quality, sells at 50 cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is let cents per pound; venison, when you can get it, from 50 to 75 cents, and flour is A letter from A. I. MacFarlane, of VICTORIA, Sept. 21, 1897.

Alex. Wilson. President Jubilee Hospital.

DEAR Sir.—We understand that in the letter of Mr. H. M. Yates of 13th instant to your board, which was read at the meeting of the directors held on the 17th instant, certain remarks were made affecting the position and conduct.

MINORITURATE enough to get one of our board on our or our of our the mines are much lower. We have all secured work for some months, and others for all winter, and if in 61:34 2-5, or but a minute and a half nothing turns up better we will avail over the even hour, having been without their scow. We went as far as the made affecting the position and conduct.

The mines are much lower.

We have all secured work for some months, and others for all winter, and if in 61:34 2-5, or but a minute and a half over the even hour, having been without their scow. We went as far as the grain and the world at 38 miles, the mines are much lower.

We have all secured work for some months, and others for all winter, and if in 61:34 2-5, or but a minute and a half over the even hour, having been without their scow. We went as far as the grain and the world at 38 miles, where all secured on the property of the distance named on the secured work for some months, and others for all winter, and if in 61:34 2-5, or but a minute and a half over the even hour, having been without the secured work for some months, and others for all winter, and if in 61:34 2-5, or but a minute and a half of the distance named on the secured work for some months, and others for all winter, and if in 61:34 2-5, or but a minute and a half of the distance named on the secured work for some months, and others for all winter, and if it is 42.5, to secure the other for all winter, and if it is 42.5, to secure the the 17th instant, certain remarks were made affecting the position and conduct of our client, Mr. W. M. Chudley. We should be glad to be afforded an opportunity of inspecting and if necessary copying the document.

We shall be pleased to receive an early constant the property of the constant of the co

Mr. lates: He had a chance but did not take it."

Mr. Chudley remarked that it was no use splitting hairs. The letter wanted was that addressed to Mr. Helmcken on September 15. The date given by Messrs. Crease was an apparent error.

Mr. Helmcken inquired if Mr. Chudley was coming there as a solicitor or a client.

Mr. Attes: He had a chance but did known as drifting, that is, tunnels to either successful he will either quit the creek or sink one or more holes at some distance from the first, and so with much arduous and trying government are eligible for membership and office, and some of our best city or four weeks, and if gold be not displey was coming there as a solicitor or a covered in paying quantities the poor miner has to quit and go elsewhere to steps of the Patrons of Industry, or the

him to the hospital had been sent to claims are not much being them.

Mr. Chudley rose to say that he had last fall and winter, so we could get not doing this as a result of our labor we was at present under consideration.

There are other afwhereas that amount nad never been disputed by him. It looked as if it were intended to hound him out of the board, but he was not going to be put down.

but he was not going to be put down.

Well. I was fortunate enough to hear of the state of the sta accordingly.

The president also stated that there prove good. By next summer we will

there are three creeks in which gold has titled to this rule, but in the case of secretary or treasurer the usage applied.

Mr. Chudley accepted the explanakirk, and Jack Baker, of Winnipeg, have

over glowing, have fallen short of the reality, now well known in this locality. In some spots, or pockets, on bed rock on more than one claim, there was actu ally nothing found but fine and coarse gold! The biggest Yukon nugget to date, and valued at \$583.75, was covered the other day on one of the famous claims of this famous creek! It is said, and the report is true, that one miner has obtained as much as \$96,000 rom last winter's labor of himself and partner, who left in June, but previously sold him his interests for \$15,000! Another is mentioned as having shovelled "pay dirt" of last season's collection by means of shafting and tunnelling of his claim, which, in six days' box sluicing, yielded him as much as \$33,000. I could go on enumerating similar strikes of exceptionally great of the latter, had they been careful and

economical, might have done much better for themselves. There are menhere to-day who came to the Yukon years ago, and are just as poor as they in 2:0114.
were at that time; but in many Calm Counsel Prevails and the Meeting Ends Quietly if Net Harmoniously.

A Winnipegger Gives Some Late to blame. At present wages are themselves chiefly to blame. At present wages are \$15 per diem, but they may go lower during the early winter months, arriving every week, and many more are reported as coming. It 40 lengths, with 180 pounds, in very costs a lot to live here. Bacon, by no means of the best quality, sells at 50 quick time.

nothing turns up better we will avail ourselves thereof. Later on we will, of course, proceed to develop of mining claims. We are all in good health and spirits, and so far I know of no one who has regretted coming here. I shall give further details in my next letter. We have had no news from Winnings and the strength over the even hour, having been witgreatest fortune a man can save. Ten thousand people say HUDYAN is good; ten thousand people know HUDYAN is good; ten thousand people have had no news from Winnipeg since day. leaving Victoria in June last.

Sec'y Farmers' Alliance. Eburne, B.C., 27th Sept., 1897.

THE JUBILEE HOSPITAL.

TO THE EDITOR: -In your issue of this day you publish a most violent and abusive letter from Mr. J. S. Yates against myself. I have no intention of following his example in this respect, and will merely remark that my record in this city for the past eighteen years will bear most favorable comparison other with himself, and the public will doubt fully endorse my remarks. at. The late secretary (H. M. Yates) took \$100 (one hundred dollars) in six

different amounts, which sums were fully explained and accounted for in the slips produced by me to the committee,

JOHN UNDERHILL

License Commissioner. Strathclair, Ont.

"Yes, ma'am," concluded Captain Marlinghike, as he steered the yacht to the New Jersey dock. "I've lived on salt water all my life."

"Don't you get very thirsty?" asked Miss
