When promptly treated, this disease may be cured.

H. ROGERS' SILK HATS BOOMING.

We have been established since the year 1815 and never before did we sell so many SILK HATS in one day as we did last Saturday. But we can easily account for it, as we are offering the public a FINE SILK HAT at less than two-thirds the price of imported English or American Hats, the same quality. And how do we do it? Simply because we are manufacturers, thereby saving duty, freight and other expenses, which add to the cost of imported goods. The trade supplied at a small advance.
