### A Royal Gardener.

Her Majesty Queen Alexandra has very pronounced tastes in gardening. At Sandringham there are several pretty and interesting gardens lald out after her designs. One consists of South African flowers only, brought back to England by several of her soldier friends after the Boer war, among them being many specimens of the lillies and white roses that thrive even on the arid veldt. Another garden is of wild flowers only, another of violets, aud in this plot are some fine roots of purple violets sent to the queen by the late czar. In the violet flowering season, wherever she may be, at home or abroad, a big bunch of "Czar violets" is sent daily to the queen.
