

Pure Air is as Necessary as Pure Food

THE ENTERPRISE BLAZER FURNACE heats your home in Nature's way. It draws in the sweet pure air from the big outdoors, moistens it thoroughly, turns it into heat and comfort and passes it on to every corner of your home.

The best that base burners and radiators can do is to heat the air that is already in the house—that has been breathed again and again. Stoves choke the air with dust and in real cold weather they fall short of their job. Another reason for the

ENTERPRISE BLAZER FURNACE

is economy. For thirty-five years we have been learning how to take all the heat out of a piece of coal; and then how to make most use of it. The Enterprise Blazer is the result. And it costs a great deal less to install than a hot water boiler, pipes and radiators.

An Enterprise Blazer will wear for years and years. Every part is made a little better than it need be, and it carries the famous Enterprise guarantee of satisfaction. Get your dealer's advice and write us today for our free booklet "Warmth and Comfort".

\$200,000,000 INCREASE WAGE COST IN AWARD TO U. S. MINERS

Joint Conference of Operators and Mine Workers Sets April 1 as Date When New Scale Becomes Effective

NEW YORK, March 23—The scale committees of the bituminous operators and the mine workers, in a joint conference here this afternoon agreed to make the monetary provisions contained in the award of the bituminous coal commission, as affirmed by the president, become effective on April 1, and the mines continue in operation pending the working out of a new agreement. The award provided for a wage increase of 27 per cent.

The wage increase to the miners under today's agreement amounts to approximately 27 per cent, including the 14 per cent average increase granted by Fuel Administrator Garfield. As the miners are now receiving the 14 per cent, the net increase under the new contract will be 13 per cent. Figured in dollars, the increase is approximately \$96,000,000 more than the advance allowed by Administrator Garfield, according to the report of the coal commission. The total increase in wage cost is given at \$200,000,000.

CHARGED WITH MANY THEFTS

Harry Umlah and Charles Doyle Arrested by Detective Reyno

(Halifax Chronicle)

Detective Reyno Wednesday afternoon arrested two ex-service men, Harry Umlah and Charles Doyle, on charges of theft. It is alleged that they are connected with a series of thefts which have been going on for some time at the D. S. C. R. establishment on the North Common. Among the stolen articles which are valued at some hundreds of dollars, were 150 candle power electric light globes and numbers of tools. A quantity of the stolen goods has been recovered.

Beside Umlah and Doyle a number of other men were arrested in connection with the thefts. But were later released at the instance of the D. S. C. R. Umlah and Doyle will face several charges when they are arraigned before the Stipendiary this morning. Umlah will be charged with the theft of a buffalo robe from Thomas Fraser's automobile.

HUMOR OF THE COUNTRY

(From Farm and Home)

Ghosts and weird apparitions were said to appear in the empty farmhouse and they were not an inducement to possible tenants, so the agent had it elaborately done up and decorated, and by the way of a tempting bait he had some expensive gas-fittings put in all the rooms.

The next week he heard that some bold man had been in the house. His heart leapt with hope and expectation, and he rushed off in frantic excitement to the house keeper of the haunted house.

"This is splendid," he gasped; "some one has taken the house, hasn't he?"

"I don't know, sir, I'm sure. Perhaps he'll come back for the house. He's taken all the gas fittings."

First to Give Peace-Time Value
\$1365 GRAY-DORT

Immediately the armistice was signed, Gray-Dort executives began working towards a readjustment of motor car values.

Last fall we were able to put in production the present Gray-Dort—the first car to offer you heaping, peace-time value.

Overshadowing Other Light Cars

Ordinary light car standards did not satisfy us in building the Gray-Dort. So we built a bigger and better motor—with 3 1/2-inch bore and 5-inch stroke; with a heavy crankshaft—weighs 40 pounds, as against about 25 pounds in other light cars. Specially-designed, quiet valves; extra-large wrist-pins; extra-light, three-ringed pistons.

As in the motor, so it is throughout the chassis. A cellular-type radiator and extra big water jackets for cooling. A heavy, safe steering gear which is unusually easy on the driver. Frame heavier and sturdier than the light car standard. Rear axle specially strong and fine—and built right under our supervision here in Chatham. The long springs are built here, too. The gas tank is big and is placed in the rear for convenience and appearance. The emergency brake is on a lever, as in big cars—and the brake lining is Thermoid.

Convenience has not been sacrificed to sturdiness in the Gray-Dort. The side-curtains open with the doors as in cars costing \$2000 and up, and they fit smoothly. The tonneau has very much more leg-room. A shorter, smarter cowl does the

same for the driving compartment. The gears can be shifted with the pressure of two fingers. The brakes are positive in action. To drive a Gray-Dort is real pleasure.

Clothed in Beauty

Completing this high-grade chassis is a body wonderfully good-looking. The smooth lines do not force themselves upon your attention. They are not extreme. But always you are aware of their supreme good-looks. And Gray-Dort design is the type which remains in favor for many years.

And then the wonderful Gray-Dort finish! We have spent 60 years developing this finish for vehicles. It is applied as only master craftsmen can finish a job. It is lasting and lustrous. It is one of the outstanding features of the Gray-Dort.

*You will notice, too, the rather high hood with its many long, narrow, louvres. The smart top, hand-tailored in our own shops. The French pleated upholstery. The full sweep of the heavy gauge fenders.

At \$1365 the Gray-Dort will be the fastest selling car of the year. The output has been doubled. Yet there is every sign of a shortage. We advise you to see the Gray-Dort dealer now.

*Features marked with this asterisk are some of the improvements new to this Gray-Dort.

THE WORLD'S HOLIDAYS

New Republics Fall to Commemorate Birthdays of Former Rulers

A general tendency among the nations of the world to suppress all minor holidays and give official recognition only to those of national importance is noted in the third annual issue of the Guaranty Trust Company of New York, says the Financial Post. The list of holidays contained in the booklet has been carefully compiled and the nature of the government in each case is indicated. It is interesting to note that with very few exceptions the birthdays of royal personages have ceased to be public holidays—none of the new republics thus commemorating any of their former rulers. It is pointed out that during the year 1919, bills were introduced into the legislative bodies of several countries providing for a permanent holiday on Nov. 11. In Uruguay, congress passed a law effective March 1, 1919, which expressly abolished all religious holidays. In many other countries the official observance of religious festivals is being greatly curtailed.

"No; you see he proposed over the telephone."

Mothers'

The responsibility for a daughter's future rests with the mother. The right influence imparted at the proper time has not only saved life but insured the success of many a beautiful woman. When a girl's thoughts become sluggish with apathy, dizziness, or a disposition to slouch, to back or lower limbs and a desire for soft mother should come to her aid and remember Lydia E. Pinkham's Vegetable Compound, and native roots and herbs, will at this time prove a system for the coming change and start this period in a young girl's life without pain or difficulties. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

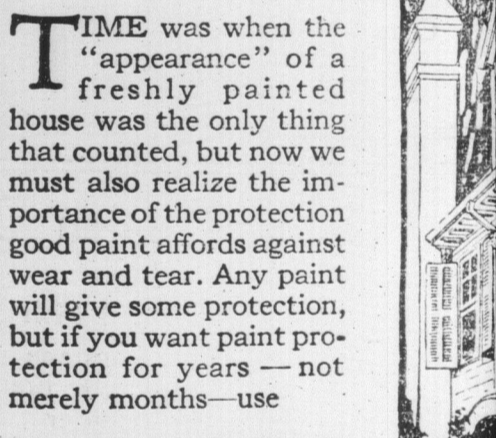

Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y.—I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better. I always complaining about her back and she would not eat. I did not know what to do. I read in the paper about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and she is acting. She has gained weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters. Mrs. M. E. Dixon, 615 Mary Avenue, Brooklyn, N. Y.

Add years to the life of your

TIME was when the "appearance" of a freshly painted house was the only thing that counted, but now we must also realize the importance of the protection good paint affords against wear and tear. Any paint will give some protection, but if you want paint protection for years—not merely months—use

B-H PAINT

"English" 70% Pure White Lead (Superior Quality) 100% Pure Paint
"American" 70% Pure White Lead (Superior Quality) 100% Pure Paint

A 100% formula (70% of which is Brandram's Genuine B. B. White Lead) providing a coat of such body, brilliance and "toughness" as to defy rain, sun or snow, where cheaper paints will chip, peel and crack.

If your house is painted this Spring with B-H it actually has a surface-protection which renders it impervious to the decay of passing years.

You have the choice of 36 attractive colours as shown on color card which is supplied on application.
