Make More Dollars From Your Apple Orchard

Everything in connection with the growing of apples, from the planting of the tree to the harvesting and selling of the fruit is covered in the new book.

THE CANADIAN APPLE GROWERS' GUIDE

By L. Woolverton, M. A.

The information in this book is invaluable to every person who has an apple orchard. It will give you just such information as will help you to make your apple orchard produce more dollars for you. It is a Canadian book and deals with Canadian conditions. Below is a brief review of its contents.

Part 1.—A Complete Guide to the Planting, Culture, Harvesting and Marketing of Apples.

Part 2.—Descriptions of Varieties of Apples, which are grown in the various Provinces of the Dominion of Canada, made by the author from personal study of both the trees and the fruit with full size photographs of the fruits themselves made under his personal supervision.

Part 3.—Varieties of Apples recommended for Planting in the various sections of the different Provinces of the Dominion.

The price is \$2.00.

We make a special offer of the book and a year's subscription to *The Canadian Horticulturist*.
