CANCERS CURED.

DON MOUNT, October 2nd, 1875. O. C. Wood, Esq., M.D.

DOR MOONT, October 2nd, 1075.

O. C. Wood, Esq., M.D.

Dear Doctor, —You enquired after my health and views relative to your treatment of the canceror cancerous affection in my lip—now just eleven years ago—in reference to which I have to express my gratitude to an overruling Providence that I was led to an acquaintance with you, and became a subject of treatment by you. My lip had been sore at least seven years (?) years, exceedingly painful, and for two or three years before you took it in hand, almost unendurable. All sorts of experiments had been submitted to by me, embracing caustics, excoriation—everything indeed but the surgical knife—and in vain; for it always returned, and worse than before. Your treatment effected a speedy, complete and permanent cure. The cancerous humour seems thoroughly expurgated from my blood. I have now for a long time used nothing antagonistic as at first, nor any stimulant or tonic to keep up my system; and yet my health is perfect, and, at the age of sixty-six, I am laboring with a vigor equal, if not superior, to any other part of my laborious life. You are at liberty, to make any use of this you may judge proper. Yours gratefully, John Carroll, Methodist Minister.
