

RADWAY'S READY RELIEF

FOR INTERNAL AND EXTERNAL USE.

Instantly stops the most excruciating pains, allay inflammation and cures congestions, whether of the Lungs, Stomach, Bowels, or other glands or mucous membranes.

ACHES AND PAINS.

For headache (whether sick or nervous), tooth-ache, neuralgia, rheumatism, lumbago, pains and weakness in the back, spine or kidneys, pains around the liver, pleurisy, swelling of the joints and pains of all kinds, the application of Radway's Ready Relief will afford immediate ease, and its continued use for a few days effect a permanent cure.

Strong Testimony of Emigrant Commissioner, the Hon. George Starr, as to the power of Radway's Ready Relief in a Case of Sciatica, Rheumatism.

VAN NESS PLACE, NEW YORK.

DR. RADWAY—With me your Relief has worked wonders. For the last three years I have had frequent and severe attacks of sciatica, sometimes extending from the lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September at the urgent request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limbs in a warm glow, created by the Relief. In a short time the pain passed entirely away. Although I have slight periodical attacks approaching a change of weather, I know now how to cure myself, and feel quite master of the situation. RADWAY'S READY RELIEF is my friend I never travel without a bottle in my valise.

Yours truly, GEO. STARR

INTERNALLY.—A half to a teaspoonful in half a tumbler of water will in a few minutes cure Cramps, Spasms, Sour Stomach, Nausea, Vomiting, Heartburn, Nervousness, Sleeplessness, Sick Headache, Diarrhoea, Colic, Flatulency and all internal pains.

Malaria Cured and Prevented.

There is not a remedial agent in the world that will cure fever and ague and all other malarious, bilious and other fevers, aided by RADWAY'S PILLS so quickly as RADWAY'S READY RELIEF.

BRITISH DOMINION WINE.

Manufactured from the Best Canada Grapes without the use of either artificial coloring or distilled spirits in any form.

After repeated chemical analysis of the Wines made by Robert Bradford of No. 595 Parliament St., Toronto, I do not hesitate to pronounce them to be unsurpassed by any of the native Wines that have come under my observation.

Analyses show them to contain liberal amounts of the ethereal and saline elements, sugar and tannic acid etc., characteristic of true Wine and which modify materially the effects which would be produced by alcohol alone.

Retaining to a high degree the natural flavor of the grape, they serve the purpose of a pleasant table Wine as well as that of a most valuable medicinal Wine.

The following remarkable statement to which we direct special attention, is from a Tenn. farmer.

My age is 63. I suffered intensely from catarrh 10 years, dry scabs formed in nostrils, one or both sides stopped up continually, dryness and soreness of throat, hoarseness, intense headache, took cold easily, and had continual roaring, cracking, buzzing, and singing in my ears. My hearing began to fail, and for three years I was almost entirely deaf, and continually grew worse. Everything I had tried failed. In despair I commenced to use the Aerial Medication in 1888, and the effect of the first application was simply wonderful. In less than five minutes my hearing was fully restored, and has been perfect ever since, and in a few months was entirely cured of catarrh. ELI BROWN, Jacksboro, Tenn.

HEALTH AND HOUSEHOLD HINTS.

Add a teaspoonful of borax to a pan of hot soap suds; put your table silver in it and let it stand two hours; rinse it with clear water and polish with a soft cloth or chamois.

It is a very great mistake to mend gloves with silk, as the silk will cut the kid much sooner than cotton of equal fineness. All kid gloves are sewn at the manufactory with cotton thread.

A thick rug of some thick woolen stuff, such as old carpet pieces, is a great relief for tired feet to those who have to stand at a table for any length of time, say washing dishes or kneading bread.

The latest remedy suggested for diphtheria is pineapple juice. It is said to be successfully used as a cure by the coloured people of Louisiana. The juice is of so corrosive a nature that it is said to cut out diphtheretic mucous.

A physician recently lecturing upon physical exertion declared that if only twenty minutes a day were spent in physical exercise as an adjunct to mental education, most people might live to seventy without a day's illness, and perhaps prolong their lives to a hundred years.

Powdered soapstone and salt in equal proportions, wet with water, will make an everlasting and fire proof mending for the lining to stoves: it is much less expensive and troublesome to procure and put in place than new fire bricks. Don't let fire spoil the stove because the bricks need mending.

Thousands of soldiers, hunters and lumbermen sleep every night in tents and open sheds without the least injurious consequences. Men in the first stage of consumption have recovered by adopting a semi-savage mode of life and camping outdoors in all but the stormiest nights. Is it the draft you fear, or the contrast of temperature? Blacksmiths and conductors seem to thrive under such influences. Draft? Have you ever seen boys skating in the teeth of a snow-storm at the rate of fifteen miles an hour? "They counteract the effect of the cold air by vigorous exercise." Is there no other way of keeping warm? Does the north wind damage the fine lady sitting motionless in her sleigh or the helmsman of a storm tossed vessel? It cannot be the inclemency of the open air, for even in the sweltering summer nights the sweet south winds, blessed by all creatures that draw the breath of life, bring no relief to the victim of ærophobia. There is no doubt that families who have freed themselves from the superstition that night air is injurious, can live out and out healthier in the heart of a great city than its slaves on the airiest highlands of the southern Apennines.

Pickled Peppers.—Pick them just as they being to turn red; soak in strong brine 10 days; take from the brine and soak one day in cold water. Remove, wipe dry, lay in jars, cover with cold vinegar. The vinegar is nice as an accompaniment to spring salad.

Baked Corn.—Select nice fresh ears of tender corn of as nearly equal size as possible. Open the husks and remove all the silk from the corn; replace and tie the ears around with a thread. Put the corn in a hot oven, and bake thirty minutes or until tender. Remove the husks before serving.

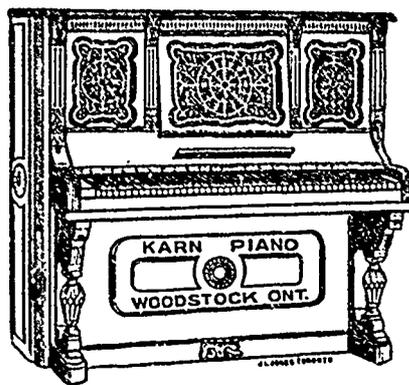

Pickled Pears.—Make a syrup, using six pounds of light brown sugar and one quart of cider vinegar. Peel the pears nicely, leaving the stems on; leave the pears whole and steam until tender; have the syrup hot; put them into the syrup for three minutes, skim out and put into two-quart jars, pour syrup over them and fill the jars full, then screw the covers on. Allow five teaspoons of ground cinnamon put in two bags and cook in the syrup.

Chicken Patties.—Cut the white meat of a cooked chicken into dice and mix with one can of mushrooms. Drain the mushrooms free from their liquor and cut in halves. Make a cream sauce with two tablespoons of butter, two tablespoons of flour and one pint of cream; when it has thickened add the meat and mushrooms, and just before taking from the fire add the yolks of two eggs. Season with two teaspoons of salt, one-quarter of a teaspoon of white pepper and a dash of cayenne; fill the cases and serve.

Custard for Sauce.—Heat to the boiling point one pint of sweet milk. Remove from the fire and stir in the yolks of three eggs beaten together with half a cup of granulated sugar. Return to the fire and stir constantly until thickened sufficiently. Flavor with grated lemon peel. The custard to be cooked over hot water, or in a custard-kettle like all boiled custards. If difficulty is found in removing the snow from the mold, immerse for an instant in hot water. Place in a deep dish and pour the custard about the base.

THE WEEK

A JOURNAL FOR MEN AND WOMEN.

Is published every Friday at 5 Jordan Street, Toronto.

THE WEEK

Is an independent weekly review of Politics, Literature, Art, and Science, with serial comment on the most important Canadian, English, and foreign events of the week. Not to read THE WEEK's special and occasional correspondence, editorial and miscellaneous articles on prominent political and social topics is to miss some of the best things in Canadian journalism. Its contributors represent all parts of the Dominion.

THE WEEK

Has been pronounced by a leading American journal to be one of the ablest papers on the Continent. It has a good and widely distributed circulation in all the Canadian Provinces, in England, and in the United States.

THE WEEK

Has ever aimed to promote independence in public life, and honesty and integrity in our legislature. Subscription, \$3 per annum. Sample copy free on application.

THE WEEK

AND ITS ADVERTISERS

The number of copies printed of THE WEEK represents but a small portion of the readers of the journal. The Public Libraries, Clubs, and Reading Rooms of Canada all have it on their tables. It enters the homes of the intelligent and the well-to-do. It stands alone in Canada. THE WEEK has no competitor. Prominent Banks and financial houses and other high class advertisers of all kinds use its columns constantly.

From mad dogs and grumbling professors may we all be delivered; and may we never take the complaint from either of them!—*Spurgeon.*
