

and of his public usefulness in our industrial departments, in which many will feel and deplore his death." —*St. John's N. B. Courier.*

CORRECTION.—The transcriber of the List of Lay Delegates in our last, unintentionally (of course) omitted the name of the Parish of St. Margaret's Bay, which was represented by James Croucher and W. E. Brine, Esqrs. The omission was not perceived by the Editor, until attention was called to it some days afterwards.

Certain Cure for Erysipelas.—Holloway's Ointment and Pills.—Remarkable instance of the efficacy of these medicines.—Henry Watson, of Luton, Bedfordshire, was afflicted for three years with this disease, large purple blotches came on his face, and different parts of his body, which very much irritated the system, and thus caused a derangement of his general health, although he tried many reputed remedies, nothing would cure him. He bought a quantity of Holloway's Ointment and Pills, and he has informed Professor Holloway, that he is perfectly cured, and his face and complexion are as clear as possible.
