

was the chosen one, and was followed by Dr. Kidd, who takes his place on the medical staff.

In New Edinburgh, on Sept. 26th last, an event of considerable social importance took place, namely, the marriage of Thos. H. Henry, M.D., of Orangeville, son of Dr. Henry, representative of his own division in the Council of Physicians and Surgeons, to Margaret Henderson, third daughter of the City Clerk. The bride was attired in her travelling dress of pearl grey silk, and was attended by Miss French and Miss Jean Henderson. The groomsmen were Walter Henry and John Askwith. The young couple left for Toronto and Niagara Falls, where they will spend their honeymoon. The presents were very handsome and very numerous, showing strongly the popularity of both bride and groom. May they live long and happily in their chosen sphere.

### Miscellaneous.

W. R. Warner & Co., of Philadelphia, have obtained the highest prize for the purity and perfection of their medicinal and official standard

pharmaceutical and chemical products. This extensive firm have obtained hitherto twelve grand World's Fair prizes, and they must feel deservedly proud of the Columbian award, which is the highest of its class.—*The Inquirer*.

**MALT EXTRACT.**—Extract of malt is no longer an official preparation—at least it will very soon not be, as it is one of the dismissed articles from the Seventh Decennial Revision of the United States Pharmacopoeia. Why this is “thusly,” when it is an article of so much therapeutic value and so largely used, it is not within our province to say. It looks to us as if the Revising Committee were either perfectly satisfied with the quality of the present commercial supply, or that they despaired of describing or defining the product in such a way as to permit of easily-applied tests for limitation and verification of the standard by the ordinary druggist. If the former supposition be the correct one, we surmise that Parke, Davis & Co.'s Extract of Malt was one of the brands on the market that they found to respond to every test, both as to diastatic strength and palatability.

# ROTHERHAM HOUSE

Dr. Holford  
Walker

Announces to the Profession, that having taken Dr. WILLIAM NATTRESS into partnership, it is their intention to enlarge the Hospital, to permit the admission of men. A separate building will be devoted to that branch of the work.

APART from the special work of Nervous and Surgical Diseases of Women, general non-contagious diseases of men and women will now be admitted. The application of the various forms of electricity is resorted to in all suitable cases.

Medical Men can obtain Nurses and Masseuses for outside work on application.

For Terms, or other information desired, address

**DR. HOLFORD WALKER, Isabella St., TORONTO.**
