### THE EXHIBITION.

**B**y the time this reaches some of our readers, we shall be once again engaged in our work for the Master, on the Exhibition Grounds. Permission having been cheerfully granted us, we have arranged for securing every

comfort in connection with the tent. We have also prepared a handsome Ice Water Fountain with four taps, and fitted up in good shape. This will be erected in a small marquee outside our large Reading tent. Being connected with the City water pipes, this fountain will furnish a constant supply of "pure cold water."
