SPRINGFIELD, MASS.

50 YONGE STREET

TORONTO, July 2nd, 1894

Dear Sir,

Our Fall Announcement this Season is of special interest to all keen buyers of

FANCY GOODS, TOYS AND NOTIONS.

Continued depression in manufacturing districts of the United States and European Countries has increased the purchasing power of ready cash and our very close prices attest what great advantages have been obtained by our representatives in these foreign markets.

By careful and constant study we succeed in placing before the trade each season a selected line of the most saleable goods shown in Canada. Travellers representing the house are again fully equipped to meet the requirements of customers. They have started on their respective routes and solicit your esteemed orders.

Yours truly,

HARRIS H. FUDGER
