

COOKIES.—Take one and one half cup of white sugar; one half cup of lard; one-half cup of butter; sufficient caraway seeds or nutmeg to season to suit the taste; one cup of sour milk, with a teaspoonful of soda, and flour sufficient to make dough. Mix thoroughly, roll very thin and bake quickly.

A Scholar in a country school was asked "How do you parse Mary milks the cow?" The last word was disposed of as follows: "Cow, a noun, feminine gender, third person, and stands for Mary." "Stands for Mary! How do you make that out?" "Because," added the intelligent pupil, "if the cow didn't stand for Mary, how could she milk her?"

A married man of Portage, Wis., eloped with a widow and her two daughters. After traveling a short time he took the prettiest daughter and left the others in the lurch. That seems to be something new in the way of elopements where a man takes the whole family and then sorts them out when he gets them on the road.

Clark's Hay Elevator, and Carrier.

WHAT OUR CARRIER HAS DONE.

Nineteen loads of hay weighing over a ton each have been unloaded in three hours each load being pitched off at four forks full in from two to four minutes. We have testimonials from reliable farmers stating that they have unloaded 250 pounds of hay in less than two minutes. Hay can be pitched into the barn from the gable end as well as from the barn floor, and can be pitched from the box as well as into it.

FOR STACKING we guarantee that our Carrier has no equal. In the far West it has been used quite extensively with the best possible results.

ANY FORK can be used with the Carrier, and as most every farming section has its favorite fork, we do not presume to say which is best.

THE CARRIER adjusts itself to any position on the tracks so that it makes no difference whether the load stand under the track or twenty feet away. This is an advantage possessed by few Carriers, and is a very essential one if you wish to fill the barn floor with hay or grain.

Our Offer.

Upon written application we will send one of our Hay Carriers, on trial, to any responsible farmer in the United States or Canada, with the understanding that if it performs its work fully up to the warranty, he shall pay us our advertised price for it. If it does not perform according to contract, it may be returned to us, we paying the return freight charges.

Price of Hay Carrier, Complete, \$15.00.

WITH PLAIN OR SECTIONAL BOILER

If so ordered. We are testing an Engine every day. Intending purchasers are invited to call at our Works and thoroughly examine the Champion. We use KRUPP'S CELEBRATED BOILER PLATE.

Every plate tested. Every boiler tested to 100 pounds, cold water pressure.

OVER 600 SOLD

In 5 seasons. The favorite everywhere. It has no equal.

The sectional safety boiler is manufactured expressly for the "North West" trade. This boiler is so arranged that it is readily taken apart in sections enabling purchasers to clean thoroughly every part of it and prevent burning out. We know from experience this is absolutely necessary with the alkaline waters of the great Western prairies. Largely used by the Pacific Railway Company and all the large Colonization and Rancho Companies.
