FROM THE PRESIDENT OF BAYLOR UNIVERSITY. Independence, Texas, Sept. 26, 1882. Gentlemen: Ayer's Hair Vigor Has been used in my household for three reasons:— 1st. To prevent falling out of the hair. 2d. To prevent too rapid change of color. 3d. As a dressing. It has given entire satisfaction in every instance. Yours respectfully, WM. CAREY CRAZE.

AYER'S HAIR VIGOR is entirely free from uncleanly, dangerous or injurious substances. It prevents the hair from turning gray, restores gray hair to its original color, prevents baldness, preserves the hair and promotes its growth, cures dandruff and all diseases of the hair and scalp, and is, at the same time, a very superior and desirable dressing. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

ALLEN'S LUNG BALM THE WAY IT WILL AFFECT YOU. It excites expectation and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action; and imparts strength to the whole system. SUCH IS THE IMMEDIATE AND SATISFACTORY EFFECT THAT IT IS GUARANTEED TO PRODUCE IN THE MOST DISTRESSING CASES OF CONSUMPTION. It is warranted not to produce costiveness (most remedies cause this trouble) or affect the head, as it contains no opium in any form. It is warranted to be a powerful restorative to the most delicate child, although it is an active and powerful remedy for restoring the system. There is no necessity for so many remedies as Consumption, when ALLEN'S LUNG BALM is having its effect in time. To Physicians having consumptive patients, and who, having failed to cure them with their own medicine, would recommend to give ALLEN'S LUNG BALM a trial. Sold by all Druggists.

A GLOOMY OUTLOOK. THE BRITISH ARMY AND NAVY IN POOR CONDITION. LONDON, February 24.—The general outlook for England is blacker than ever. The retreat in Egypt has made Englishmen extremely harassed, and the pessimistic mood which has been prevalent for some time past is leading to an examination of the military and naval resources of the empire in the spirit of downright and almost childish panic. The assertions as to the powerlessness of the army, however, receive startling confirmation from the complete disorganization that has followed on such a small demand on the strength of the British Government as the reinforcement of the Egyptian expedition. To send 14,000 men to the Soudan it has been found necessary to deplete the best regiments of the country, and to call upon the Guards, which used to be considered the crack corps, that was only brought out as a last resort. Even in this sense the examination by medical officers has revealed terrible weakness, no fewer than 250 men being rejected in one battalion as unfit for a campaign in Africa, while from another battalion at least 200 men are ordered to the front who have not yet been through a full course of musketry drill. The completeness of the military collapse is proved finally by the calling out already of the reserves and the militia. Sir E. J. Reed, a naval expert, has in the midst of all this written a three-column letter to the Times to prove that the ten ships recently added to the fleet are absolutely worthless. He even goes so far as to declare that, owing to their defective construction, any one of the ten ships could be sunk by the poorest machine guns.

CONSUMPTION CURED. An old physician, with a long practice, having had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this receipt, in German, French or English, with full directions for preparing and using, sent by mail by addressing wrapper to the name of W. A. NOYES, 149 Power's Block, Rochester, N. Y. 10-19 eow

AN INDEPENDENT OPINION. DUBLIN, Feb. 24.—The Freeman's Journal hopes the Prince of Wales when he visits Ireland will be received with respect and cordiality. His visit will afford a welcome stimulus to trade. The paper states it must be clearly dissociated from politics. If the caste authorities think to make political capital out of the Prince's visit they will be mistaken. And it would be better that the Prince should stay at home. The Irish Times is gratified with the proposed visit of the Prince. It says: "We cannot imagine that one should treat the Prince's intention other than a frank and generous repatriation for the past royal neglect of Ireland."

How often we hear middle-aged people say regarding that reliable old cough remedy, N. H. Down's Elixir: "Why, my mother gave it to me when I was a child, and I use it in my family; it always cures." It is always guaranteed to cure or money refunded.

ENGLAND AND GERMANY. CORRESPONDENCE BETWEEN GRANVILLE AND BISMARCK ON COLONIAL ACQUISITIONS.

LONDON, Feb. 25.—In another despatch Lord Granville combats the assertions of Prince Bismarck that England was influenced by jealousy of Germany's colonizing policy. Granville asserts that his statements and those of Mr. Gladstone have always been favorable to the development of a colonial policy by Germany. The correspondence regarding the Samoan islands shows that England was the recipient of frequent requests from the people of Samoa for the establishment of these requests. In consequence of these requests Germany, asked England to join with her in giving mutual assurances that the independence of Samoa and the Tonga islands should be respected by these two powers. England acceded to this arrangement. On January 8th Earl Derby received a despatch from the governor of New Zealand stating that two German vessels had arrived at the Samoan islands, and that the officers had forced the king to sign a treaty by which the whole authority of the government was turned over to Germany's representative. The King of Samoa wrote on December 20th to the Emperor William protesting against the action of the German officers. On February 18th Earl Derby directed the British minister in Samoa to instruct the governor of New Zealand to look towards the annexation of the islands by Great Britain.
