

shelled in jobbing lots, are calculated an average crop, and will be lower than last year. New filberts are quoted 37s. the hundred kilos, c. & f. New York. The pack of California dried prunes, apricots and peaches is calculated to be very short of last year's, letters to hand from some packers stating they will not handle half of their last year's output. Packers of California raisins are reported to be trying to arrange a uniform schedule of prices, to overcome the cutting of former years.

HIDES.—The market presents no new features this week, and dealers are buying on the basis as revised last week, namely, 9c. for No. 1 beef hides. The demand from tanners is quite light still. Lambskins are steady at 30 cents, and calfskins at 10 and 8c. for No. 1 and No. 2 respectively.

LEATHER.—The market tends to quietness. Local boot and shoe manufacturers are buying in moderate lots, but the demand from Quebec is extremely light, and a number of the factories there are practically idle, owing to the continued lack of orders from jobbers. We quote: Spanish sole, B. A., No. 1, 24 to 25c.; do., No. 2, 22½ to 23½c.; No. 1 ordinary Spanish, 23 to 24c.; No. 2, 20 to 21c.; No. 1 slaughter, 25 to 28c.; No. 2, do., 24 to 25c.; common, 20 to 21c.; waxed upper, light and medium, 30 to 35c.; do., heavy, 27 to 30c.; grained 32 to 35c.; Scotch grained, 30 to 35c.; Western splits, 22 to 25c.; Quebec do., 18 to 20c.; juniors, 18 to 20c.; calf-splits, 30 to 35c.; calfskins, (35 to 40 lbs.), 60 to 65c.; imitation French calfskins, 65 to 75c.; colored calf, American, 25 to 28c.; Canadian, 20 to 24c.; colored pebble cow, 13 to 15c.; russet sheepskins linings, 30 to 40c.; colored 6 to 7½c.; harness, 24 to 27c.; buffed c w, 13 to 15c.; extra heavy buff, 15c.; pebble cow, 13 to 13½c.; polished buff, 12 to 13c.; glove-grain, 12 to 13c.; rough, 22 to 23c.; russet and bridle, 35 to 45c.

METALS AND HARDWARE.—In pig iron we hear of quite a few sales in car-lots of Hamilton iron at quotations, but foreign brands continue quite neglected. In other lines of heavy metals the movement is just a moderate one. A good deal of American galvanized iron seems to be finding its way to this market; one large metal house reports bringing in 50 car loads since spring, and reports the quality affording good satisfaction, while the quotation ranges about \$4.25 for equal to gauge 28 English make. Some scarcity of Terne plates is reported, due to same causes as affect Canada and tin plates. Ingot tin continues very strong, lead steady, copper easing off slightly. We quote: Summerlee pig iron, \$17 to \$18; Carron, No. 1, \$18; No. 3, \$17.25; Ayresome, No. 1, \$17.50; No. 3, \$16.50; Shotts, \$17.25 to \$17.50; Carnbroe, \$16, ex-store; Feronna, No. 1, \$15; Hamilton, No. 1, \$15 to \$15.50; No. 2, ditto, \$14 to \$14.50; machinery scrap, \$14 to \$15; common ditto, \$12 to \$13; bar iron, Canadian, \$1.40 to \$1.50; British, \$2 to \$2.15; best refined, \$2.40; Low Moor, \$5; Canada plates—Pontypool, or equal, \$2.15 to \$2.20; 52 sheets to box; 60 sheets \$2.25; 75 sheets, \$2.35; all polished Canadas, \$2.40 to \$2.45; Terne roofing plate, 20 x 28, \$5.75 to \$5.90; Black sheet iron, No. 28, \$2.25; No. 26, \$2.15; No. 24, \$2.05; No. 17, \$2; No. 16 and heavier, \$2.15; tin plates—Bradley charcoal, \$5.60 to \$5.70; charcoal, I.C., Alloway, \$3.15 to \$3.25; do., I.X., \$3.90 to \$4; P.D. OILS, PAINTS AND GLASS.—The seasonable slackness of demand still remains, but values are all pretty steady. Stocks of domestic linseed oil are small, but a good deal of English oil coming forward; advices from England indicate a rather firmer feeling there. Dry lead is also reported very stiff, and there is some difficulty in getting orders placed, nearly all the leading houses having all the commands they can fill for some time to come. We quote: Turpentine, one to four barrels, 42c.; five to nine barrels, 41c.; net 30 days.
