

A COAL MINER'S RESCUE.

The Story of a Worker in the Westville, N. S., Mines.

Suffered From Asthma and Indigestion— Unable to Work for Eight Long Months— He Has Now Regained Complete Health and Strength.

From the Stellarton, N. S., Journal.

Faith doesn't come to all by hearing. With many seeing is believing. Many when they read of what has been effected in other parts of the country may shake their heads with an incredulous air. To satisfy such people it is necessary to bring the matter home; to show it to them at their own doors. The people of this country may not have heard, or only know little about the places where good has been effected by the use of the medicine, the name of which is on every body's lips, but they have heard of Westville, the second most populous town in the county, and people far and near have heard of the mining town where in '73, twenty years ago, over fifty lives were lost by an explosion in a mine, and the people of these provinces know it to-day as the place from which they draw their supply of fuel. Hearing of a cure that had been effected in Westville through the agency of Dr. Williams' Pink Pills, a Journal reporter thought it might be of general interest to ascertain the particulars. So to Westville he went, and called at the home of Mr. Thos. McMillan, who is known to every man, woman and child in the place having taken up his home there twenty years ago. Mr. McMillan was not to be seen at the time, unless our reporter sought him at a distance of between three and four thousand feet underground, in one of the deepest coal mines on the continent, where he was at work Mrs. McMillan was at home, however, and when informed the object of the reporter's visit, said he could give all the information necessary—and she gave it freely. "Yes," said she, "Tom was a very sick man, so sick that he was unable to work for eight months—a long time wasn't it?" she said by way of question. "He had been sick more or less for about a year. He was like a great many miners who had to work in poor air troubled with the asthma and indigestion. He couldn't eat well and of course did not thrive. He lost flesh gradually and at length became so weak that he was unable to work. After he had been sick for some months we read of Dr. Williams' Pink Pills. We talked the matter over and it was agreed to give the Pink Pills a trial—and it was a blessing we did. After he began to take the pills he felt himself gradually gaining strength. By degrees his appetite returned and with it his strength, and by the time he had taken six boxes he considered himself a well man. At this time he returned to his work in the mine but he continued taking the Pink Pills for some time, to make sure that the trouble was driven out of his system. He can now work steadily and is as strong and healthy as he ever was. We are both so pleased with the great good this remedy did him that we never fail to recommend it to any sick acquaintances. This statement is simple facts, and is voluntarily given because my husband has been benefitted by reading the statement of another, and so knowing what they have done for him, Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces such as St. Vitus' dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressing and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sorrow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature. These pills are not a purgative medicine. They contain only life-giving properties and nothing that could injure the most delicate system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper. (printed in red ink.) Bear in mind that they are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Government Work in the West.

Mr. D. Smith, inspector of Dominion public works, returned on Sunday from a trip as far as Banff. Speaking of the progress made on Dominion structures, he said that the Calgary post office, custom house, etc., building was receiving the inside fittings, and would be ready for occupation in three weeks; the new court house at Regina would be finished Oct. 1st; the new court house at Wolsely would be ready by Nov. 1st; and the Brandon Industrial school was nearly finished. The government have not yet taken action on Mr. Smith's report on the new post office for Portage, which he sent down recently.

Think of it. You receive a new and complete novel, by mail, post paid, every week for fifty-two weeks, and in addition you get the magazine once a month for twelve months, all for one dollar. Conan Doyle, Miss Braddon, Captain Marryat, Miss Thackeray and Jules Verne. If you wish to take advantage of this unusual opportunity send one dollar for Stafford's Magazine one year.
