

QUIPS AND CRANKS.

He—sentimentally—"My income is small, and perhaps it is cruel to take you from your father's roof." She—practically—"I don't live on the roof."

"Think of starting in this neighbourhood, eh? Seems to me you are rather young for a family physician." Young Doctor: "Y-e-s, but—er—I shall only doctor children at first."

TAKE A PLEBISCITE.

Should a plebiscite be taken it would be found that Burdock Blood Bitters is by long odds, the most successful and popular cure for dyspepsia, headache, constipation, biliousness, bad blood, etc. It is purely vegetable.

"We've had no rain to speak of for some weeks," observed Mrs. R., "and, if this goes on, I heard some scientific gentleman say, the other day, we ought to have the land irrigated by hydras."

Knowitz—to his wife who contends that smoking is a bad habit—"There! I thought so. A scientific paper says—'There are no microbes to be found in tobacco.'"

Mrs. Knowitz—quietly—"Yee, that's where the microbe shows his good sense."

TO-DAY

Hood's Sarsaparilla stands at the head of the medicine world, admired in prosperity and envied in merit by thousands of would-be competitors. It has a larger sale than any other medicine. Such success could not be won without positive merit.

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

It is not what its proprietors say, but what Hood's Sarsaparilla does that tells the story of its merit. Sarsaparilla cures.

"Our mamma is very kind to us. Every time we drink our cod-liver oil without crying, we get five cents each." "And what do you do with the money?" "Mamma buys some more oil with it."

Cockey Art Teacher—to ambitious amateur, who rather fancies himself, but has come for a few "finishing lessons."—"Now, yer know, what I say is, if you're going to be an artist, yer should try to make it something like!"

FRESH AND VIGOROUS.

On a fine morning and a fine road, what is more invigorating than a spin on a cycle. When it comes to a race, the suggestion of Mr. George Phillips, Secretary of the Leinster Cycling Club, Dublin, Ireland, has force: "I have found St. Jacobs Oil an invaluable remedy for strains and bruises, and so have several members of our club." This ought to be borne in mind.

Jack—"How are you going to spend the summer?" Tom—"I'm going to put it in travelling from one summer resort to another, until I find a girl worth a million or two who wants to be loved and married for herself alone."

The Sole Inhabitant.—Fishing club keeper—to new member—"Excuse me, sir, but, bein' a stranger so to speak, mayhap yer mayn't ha' noticed as how this here little bit be private water." Mr. Bulligan—who has had bad sport—"Shure private is it, ye say, Rodgers? Faith, an' I'm thinkin' the whole strame's pretty private, for divil a fish is there in it at all at all, 'cept wan, an' he's in my basket!"

Bad Drinking-Water.—Travellers suffer greatly from the different kinds of water they are compelled to drink, as nothing is likely to bring on an attack of Diarrhoea as a change of drinking-water. Perry Davis' Pain-Killer is the only safe, quick, and sure cure for Diarrhoea, Cramps, and Cholera Morbus, and the valise of every traveller should contain a bottle of the mixture, which he can procure at any reputable drug-store. 25c. for a large bottle.
