METROSTYLE PIANOLAS AND PIANOLA PIANOS

ARE the standard instruments of their type, not only in this country but throughout the world. They are always used as a basis of comparison by other manufacturers, and are invariably selected by the greatest living Artists and by Royalty.

The PIANOLA PIANO or a METROSTYLE PIANOLA attached to any piano brings all the music in the world into the home. It is not necessary for the owner of a Pianola Piano or a Metrostyle Pianola, when he wishes music, to rush from his office, hurry through dinner, dress hastily, and travel a long, tiring journey, possibly through rain or snow, to the concert hall or theatre. The most tireless, willing and sympathetic interpreter of music is constantly at his own fireside. Nor is it necessary, after these irksome preparations, to sit restlessly through half the programme that does not interest him to hear the possibly small percentage of numbers that do interest him. He can, without going outside his own home, have exactly the music that he most wants to hear at the moment.

Half the pleasure of music is in playing it. The Pianola Piano or Metrostyle Pianola places this pleasure in its perfection at the instant command of anyone.

Pianola Pianos, \$600 to \$1,000
Metrostyle Pianolas, \$275

The Nordheimer "ONE-PRICE SYSTEM" and easy methods of payment apply to the purchase of every instrument.
