Conservative Convention in West Hamilton to Choose Candidate Tonight.

was \$27,000. This is about half of last year's reduction.

Ca. Badly Damaged.

It was announced to the fire, police and jail committee last evening that it would require \$1200 to repair Fire Chief Ten Eyck's car, which was struck by a Grand Trunk train at the corner of Ferguson avenue and Barton street two weeks ago. It was decided to make an effort to have the Grand Trunk pay part of the costs.

Damage Case Non-suited.

At the asize court yesterday afternoon the case of Mrs. James McCurdy, who was suing the C.P.R. for damages for the death of her husband was non-suited. It was shown that the dead man stepped in front of one train when he saw there was no chance of escaping being struck by another on the opposite track.

To Instal Scienc. Room.

The separate school board last evening decided to instal a science room

affairs. It was shown that no accur-ate record had been kept for the pas-five years of oil received and distribut-ed at the city yards, and that even now ed at the city yards, and that even now it was the custom of the foreman in charge of these yards to guess at the amount of oil on hand or taken away. It was also shown that in many cases no effort was made to get quotations on the supplies when they were being purchased, but that they would be secured from the Crescent Oil Company, despite the cost. M. K. Cowan, K.C., counsel for the investigation committee, pointed out that Hamilton has year paid 66 cents per gallon for its cylinder oil, while Toronto only paid 45 cents, and that Hamilton paid 40 cents per gallon for engine oil as

paid 45 cents, and that Hamilton paid 40 cents per gallon for engine oil as against 191.2 cents paid by Toronto. Dennis McBride, foreman at the city asphalt plant, stated that on December 15, 1913, he had vouched for the receipt of a car of oil, which was paid for and then taken away, because it was found to be too thin.

Overcharge for Oil

Mayor Has Rival.

There is rivalry between Mayor Allan and A. C. Garden for the nomination of the Conservative party as candidate in the West Hamilton by election in Association Hall tomorrow

To Continue D illing. Lt.-Col. Ross, commanding officer of the 13th Royal Regiment, announced

the 13th Royal Regiment, announced yesterday that the weekly drills of the regiment would not be discontinued until spring as reported, but had only been called off for one week.

Secures Sewage Outlet.

City Engineer Macallum has returned from Cleveland, where he obtained the consent of the Grasselli Co. officials there to allow the city the use of a portion of an inlet owned by the company, to empty the proposed

use of a portion of an inlet owned by the company, to empty the proposed new east end sewer drainage into, and the constructing of the sewer will be gone on with immediately.

Volunteers Dined.

The 91st Regiment's sergeants' mess last evening met in their quarters at the armories and gave a farewell banquet to the 17 members of the mess, who have enlisted for service with the second contingent. Gifts were made to each one. ad been employed by Miss Poyner, a riend of Miss Davis, to do some intended in the settled of Miss Davis, to do some intended in the He also stated that he had been and the settled in th

Missionary Meeting.

The annual meeting of the Women's Missionary Society of Hamilton district will be held today, in the Barton Street Methodist Church.

Object to Civic Methods.

Officials of the Hamilton United Re-

city Crown Attorney Corley, his distant Frank Hughes, J. M. Godfrey, member of the firm of Robinotte, odfrey and Phelan, who was counsel J. L. Wettlaufer at the recent trial, Officials of the Hamilton United Re-lief Association are taking strong ob-jection to many men employed by the city who are being sent to the asso-ciation to receive their pay in the form VEGETABLE GROWERS.

The ting of the Toronto Vegetable at the morning to protest against this action. The officials are of the opinion that the city officials are getting considerable civic work done at the expense of the relief association.

City Paid for Orders It Did Counsel for Ottawa Separate Council Was Unanimous in School Board Pin Faith to B. N. A. Act.

Use of Lincoln Light Company's Poles.

aries of teachers who had been dismissed in spite of the fact that his sympethies—tho as a judge "he should have none"—and his dislike to increase litigation which also was quite unprofessional pointed in that direction.

What Does B.N.A. Act Say?

Mr. Belcourt, K.C., took the position that the British North America Art preserved to the French not only rights established before confederation but also rights acquired subsequently.

Must Not Make Returns.

Mr. Justice Lennox made an order which perpetually restrains the returning officer of Welland County from making any return to the secretary of state with regard to the results of the Scott Act vote in that county. The order is made in connection with an action brought by A. E. Murdock against F. W. Kilgour, president of the Welland County Hotelkeepers' Association.

His lordship stated that it was

hardly open to argument as to whether the vote was according to law. While literal compliance with the law is not necessary there must be substantial compliance and the ballot used can-not be said to be even the substantial equivalent of the one prescrited in the

Refused Injunction.

The application made by the Lincoln Electric Light Company for an injunction to prevent the Hydro-Electric paid for and then taken away, because it was found to be too thin.

Overcharge for Oil.

Adam Zimmerman, ex-M.P., and collector of customs for Hamilton, produced a record which showed that a car was passed thru the customs as containing \$402 imperial gallons of oil on April 18, of this year. Despite this fact the same car was delivered to the city invoiced as containing 9637 imperial gallons of oil, an increase of 1225 gallons.

From a comparison of the custom books and those of the city it was shown that on several occasions the amount of oil charged on the invoices for oil received by the city were greater than the amount which went thru the customs.

Mayora May Blint

The company's poles for its distributing plant till the trial of its action against the commission was refused as Osgoode Hall yesterday.

The city on Saturday was lighted by hydro light for the first time. C.

H. Conners for the commission stated that it was merely a matter for damages as the right of the commission to the use of poles was undoubted. The City of St. Catharines was behind the commission to pay any damages.

The following cases are down for hearing in the appellate divisional court today:

Jones v. Neil; Re. Fort Frances; Moody v. Murray; Rudd v. Shumer; Faulkner v. Holt; Mantha v. Townsend; Kidd v. National; McGillivray v. O'Toole.

## TURKISH NATION BLEND OF CHURCH AND ARMY

"The relation of the Balkan States "The relation of the Balkan States to the European War" was the subject dealt with last night by Prof. H. T. F. Duckworth, before a large audieuce, in Convocation Hall. "The action of the Ottoman a few days ago had answered the question, 'Is there any room in Europe, for a barbarian state?' Prof. Duckworth has spent several years in the near east, and is conversant with conditions relating to the Balkan peninsula.

The declining power of Turkey was

the Balkan peninsula.

The declining power of Turkey was traced by the speaker, who described the shrinking of the sultan's deminions in Europe, until only a small portion of the Balkan peninsula is now under Turkish sway. That country includes, however. Constantinople, Adrianople and the Dardanelles.

and the Dardanelles.

Prof. Duckworth touched on the ingenious method of the Turks to use the young men of the subject peoples to destroy the nationalist spirit of their own people. "A greater barrier than that of race is that of religion," he said. "The nations are divided between the Roman Catholic faith, the Greeg Catholic and Islam. The Ottoman nation is a church and an army in

# UNCONSTITUTIONAL BLOOR STREET LINE

Decision to Go Ahead With Project.

ST. CATHARINES HYDRO EXPERT - UNNECESSARY

Will Not Be Restrained From Mayor's Proposal to Appoint Finance Commissioner Defeated at Busy Session.

"Surely we do not have to go to a law court to deal with a friendly commission," said Ald. Wickett in opposing the motion. "Every time we go to the courts the city has had to pay a great big hill."

opened the debate by quoting statistics to show the tremendous responsibilities at present loaded on the shoulders of City Treasurer Patterson. Mayor Hocken intimated he had in mind an excellent man for such a position. In response to Controller O'Neill's question as to salary, the mayor mentioned \$10,000 a year as a suitable salary. Controllers Church and O'Neill opposed, and alderman Wicket advocated the appointment.

"Many of the aldermen here are appalled at the mention of a \$10,000 salary," declared Ald. Wickett. "But what is \$10,000 a year alongside of the possibility of losing two or three hundred thousand dollars in one sale? I understand that on one occasion last year a slip was made, bonds were sold at an fnopportune time, and the city lost \$800,000 on one issue."

"The finest proposition ever handed down by the heart of

ost \$800,000 on one issue."

"The finest proposition ever handed down by the board of control," was Aid. Maguire's comment on the scheme. Alderman F. S. Spence thought a finance commissioner to be altogether unnecessary. Controller McCarthy and Alderman Singer favored the appointment.

McCarthy and Alderman Singer favored the appointment.

Changed His Mind.

Controller Simpson, whose vote on the board of control allowed the matter to come on to council for discussion, explained that on that occasion he reserved the right to investigate and oppose it in council. He now found it necessary to oppose it. He had found the treasurer was carrying on splendid work in looking after the city's finances. Among the reforms executed by him was assessment and tax methods reform. According to the controller Toronto now has the best system in this regard on the continent.

Ald, Cameron said he would have to oppose the appointment unless City Treasurer Patterson were made assistant city treasurer, at a reasonable sal-

art city treasurer, at a reasonable salary, certainly not \$7500 a year, which he now receives.

By a vote of 13 to 5 council finally carried Ald. Whetter's motion to strike out any refer back the recommendation to create the office of finance commissioner. commissioner.

Want More Details.

Ald. Cameron said that it was with amazement he saw the recommendation to annex Cedarvale on the report. "We have a board of control who would annex anything," he said.

Ald. F. S. Spence continued the opposition to annexation, declaring it a real estate venture.

position to annexation, declaring it a real estate venture.

Ald. Walton's amendment that the Todmorden annexation be voted on at the same time, and without terms, was ruled out of order.

Ald Cameron's motion to strike out the recommendation was lost by a vote of 11 to 9.

It was later discovered that the annexation was to be made on a totally livered by Dec. 1.

## Digging Deeper

Mr. Manufacturer: You are asking the public to support you by buying Canadian made goods. What are you yourself doing to help the cause?

Few manufacturers take absolutely raw material from field or mine and turn out an absolutely finished product, ready for consumption.

A maker of biscuits, for example, uses flour, sugar, flavoring extracts, boxes, labels, etc., all of which have passed through various processes of manufacture before they come to his hands.

The wheat is ground into flour, the sugar is refined, the boxes fashioned, the labels printed by other

In the same way your industry is dependent on others just as others are dependent on yours.

Are you, Mr. Manufacturer, buying your "raw" material, which is really a manufactured product, from Canadian makers? Much of what you need is produced here. Your own markets depend on the continuous employment of every Canadian workmen.

Employ Your Resources to Employ Canadian Workmen

connect with the Lake Shore line when the city takes it over."

Vote Was Unanimous.

Ald. Whetter spoke supporting the proposition and pointed out the wisdom of tracking a street which must be well served from Quebec avenue on the west to Danforth on the east. By an unaminous vote (Ald. McBride having returned to the chair) council adopted the board's recommendation to give Commissioner Harris a free hand in constructing the Bloor street line.

ine.

Getting Cheap Labor.

Ald. McBride brought to the council's attention during the afternoon session the fact that certain contractors doing work for the city were paying as low as 14 cents an hour for labor. He requested that the matter be looked into by the board of control and works department.

Ex-Ald. W. A. Baird and D'Arcy Hinds headed a large deputation of Ward Seven ratepayers favoring the immediate construction of the Bloor street car line from Dundas street to Quebec avenue.

Quebec avenue.

The second reading of the bill to extend the guarantee of bonds of the Toronto Housing Company for the purchase of land outside the city

limits was held over.

Test is impracticable.

Ald. Ryding's motion that all drivers of motor cars be compelled to take out a license was defeated by a big majority. In support of his motion the alderman quoted statistics which prov-ed that there had occurred 317 motor ed that there had occurred 317 motor accidents on Toronto streets within the past year, in addition to 92 bicycle accidents. Twenty of these accidents proved fatal. The motion was spoken against as impracticable and defeated by a small majority.
