AMERICAN PICTURES,

DRAWN WITH PEN AND PENCIL.

By the Rev. Samuel Manning, LL.D.

Profusely Illustrated in the best style of
Wood Engraving by eminent English
and Foreign Artists.

*Imperial 8vo., elegantly bound in cloth, gilt
edges, 8s.; morocco, 12s.*

"These 'American Pictures' are a
credit to all concerned in their produc-
tion."—*Pall Mall Gazette*.

"The able author is a shrewd observer,
and his pleasing pen-pictures are always
thoroughly *real*. There is not an un-
interesting page in the book. The volume
is beautifully got up,—pleasant in the
extreme as to type and paper."—*Record*.

"The text is clear and vigorous, and the numerous illustrations
which bear it company are a striking complement to its descriptions.
As a popular account of the Northern and Western portions of the
United States in their present aspect, this handsome volume has
scarcely a worthy rival."—*Guardian*.

"The pictures are executed in the highest style of art, and
leave nothing to be desired by those who only travel in imagination.
Tourists who have traversed the same ground as the author can
secure no better mementoes of their travels."—*Sword and Trowel*.
