A nation of five millions which can more than hold its own against the world in athletic sports and competitions which require strength and skill, health of body, and cool, well-balanced minds, is a nation that has no reason to fear for the future. The grandest possible product of any country is a fine breed of men and women; and, whatever may be said of the people of European countries, it is certain that we Canadians are no degenerates. INFLAMMATORY RHEUMATISM—Mr.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas Electric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas Oil on hand, and I always recommend it to others, as it did so much for me.

chicago. Sept. 8.—Richard Arnold Fitzroy Berkley is the amie given by a tramp who was yesterday sent to Bridewell, though sentenced under the name of William Brown. The man claims to be the second son of Sir Fitzroy Berkley of Berkley Hall, Hants, England, and has in his possession medals which he claims were given him for participation in battles of the Soudan. He claims to have afterward served in India, where he became involved in trouble with a high caste Indian woman and was disinherited by his father. After numerous adventures he reached America and made his debut in Chicago as a full-fledged tramp. He was arrested while sleeping in a wagon and yesterday morning said he wished to be sent to the Bridewell. He was accommodated.
