Nicolet, Que., Sept. 5.—A stable, containing a valuable horse, and a barn, with hay and grain, were all consumed by fire to-day. Loss on building \$2000, on hay, etc., \$1000: partly covered by insurance. A barn of 130 feet, full of grain, etc., was saved owing to the hard work and great exertions of the Nicolet Fire Brigade. Origin of fire not exactly known. The Lily May Again.

A Rossland advice says that the deal for the sale of the Lily May mine to the English-Canadian Company, limited, has been concluded. The terms were made public several weeks ago. The basis of the sale was \$10,000 cash and 70,000 one pound shares in the English-Canadian Company, which is equivalent to \$380,000 in cash and stock for the property. The English-Canadian Company is a new corporation recently registered in London by Harry White, ex-mayor of Seattle. Besides the Lily May, the company has acquired 25 other properties, largely in the south belt, and one or two in Alaska. The 16 claims formerly the property of the Fourteen Consolidated Gold Mines are among the holdings which the new corporation has secured. The Lily May Again. Gored by a Bull.

Cornwall, Sept. 5.—(Sneclal.)—Albert Abrams of Summerstown Station is recovering from serious injuries recently inflicted by the horns of a Jersey bull. Mr. Abrams was in the act of tying the animals in his stall, when the bull hooked him twice on the thigh. The animal rushed out into the yard, but was finally subdued and secured.

It is expected that work will be resumed on the property November 1. W. J. Harris, who engineered the deal, and who was one of the principal stockholders, is in charge of the property for the new owners. He has been instructed to let contracts at once for the wood and other supplies needed around the property and to call for tenders for sink.
