—Reflected in the dainty styles of The Slater Shoe for Women.

It combines the correct elegance of Parisian models, with that nicety of fit, and that shape-retention, which characterize The Slater Shoe for Men.

From the factory to your feet—through the Makers price—stamped on each pair,—\$3.50 and \$5.00.

"Sandy" Will Fill the Bill.
Ottawa, June 27.—Alexander Hall of Toronto, Grand Master of the Loyal Orange Young Britons, has been specially invited to preside at the unveiling of the Hull monument at Billings Bridge on Dominion Day. Great preparations are being made for the ceremony.

The late Wesley Hall, whose memory the monument will perpetuate, was a member of L.O.B. No. 48, also of the 43rd Regiment of Ottawa. He went to South Africa with the second contingent and was taken ill with cardiac fever and died.

The Evangelical Alliance.
On Dominion Day, there will be held in the Young Women's Christian Guild Hall, McGill-street, under the auspices of the Evangelical Alliance, a meeting for thanksgiving and prayer. Rev. Principal Caven, D. D., president, will take the chair at 10:30 o'clock. Rev. Principal Sheraton, D. D., will deliver an address appropriate to the occasion.

IT RESTORES STRENGTH.

To be strong again: To feel the vim, the ambition and undaunted courage of youthful days. Do you wish for it? To awake in the morning without that dull, stupid feeling; to feel energetic; to have bright, sparkling eyes, quick brain, and above all, confidence.

DR. McLAUGHLIN'S ELECTRIC BELT

Is devoted to this purpose. Its power goes into the body in a gentle stream, saturating every nerve with new life. It cures while you sleep. From six to eight hours each night my Belt is worn. From one to three months I can restore to all the weakened parts that life which they have lost.

I will not promise to make a Hercules of a man who was never intended by nature to be strong and sturdy. Even that man I can make better than he is; but the man who has been strong and lost his strength I can make as good as he ever was. A man whose brain and body are weak, who is easily discouraged, inclined to brood over imaginary troubles, no energy to tackle hard problems, what you lack is animal electricity, which the Dr. McLaughlin's Electric Belt supplies. This refers to men who ought to be strong and have lost their physical strength. Any man who has been strong can be again. Age is no barrier. I deal in vitality. I have made men of pigmies.

I know that my Belt will restore strength in every instance. I am willing to restore that strength to any man before I ask my pay. Is that fair?

Dr. McLaughlin's offer to all men and women who are suffering weakness from any cause is an offer that no one should refuse. Any man or woman who will give me reasonable security can use the Belt at my risk and

PAY WHEN CURED.

CAUTION. Beware of those concerns offering you electric belts free, others offering you gold dollars for fifty cents. Even an honest man should be willing to pay for a cure when he gets it. The belt is none too good when you want that and my terms are such that any man or woman who is suffering from any cause can get cured.

SPECIAL NOTICE. The Dr. McLaughlin's Electric Belt is the only one on the market to-day with which you receive the advice of a physician. You are under his charge until you are cured. The success of any electric appliance depends upon intelligent application. No agents or drug stores are allowed to handle my Belts.

WRITE TO-DAY FOR MY FREE ILLUSTRATED BOOK AND FULL INFORMATION.
Dr. McLaughlin's book is published for free distribution to those interested in the development of vigorous health in men and women. It is profusely illustrated and describes my method of treatment and appliances. Send sealed free request. Send for it to-day.

FREE TEST.—Any man who will call at my office may test my Belt free and satisfy himself of its great power to cure. I offer free consultation and advice and my book to every one. Call to-day. To-morrow you may not be well enough.

INSPECTOR HUGHES TO STAY

On Condition That He Be Placed in Charge of the Inspectorate and Be Held Responsible.

HAD DIFFERENCES WITH MR. CHAPMAN

But They Did Not Cause His Resignation—Committee Decides to Keep Him.

It was brought to light at a meeting of the public school management committee yesterday afternoon that there has been friction between the senior inspector, Jas. L. Hughes, and the junior inspector, W. F. Chapman, but that it was not owing to this that Mr. Hughes tendered his resignation.

The matter of Mr. Hughes' resignation was presented in a report from the sub-committee on teachers, which recommended that the resignation of Inspector Hughes be not accepted, but that he be placed in charge of the inspectorate and be held responsible for the administration thereof.

Trustee Douglas believed that two inspectors was a necessity, but wanted to know what was behind Mr. Hughes' resignation. He thought the sub-committee on teachers should take the management committee into their confidence.

Dr. Noble, chairman of the Teachers' Committee, declared that the newspaper reports of Mr. Hughes' resignation were wrong, which opinion was also shared by Trustee Kent.

The Reasons Why.

At this juncture Mr. Hughes spoke. He said that he never had any cause of trouble with any of the members of the board, who he had been treated outrageously by some of them. He had had conferences with Mr. Chapman, but they were not responsible for his resignation. He had received four offers of trouble with Mr. Chapman, but he never realized that he was held in such high esteem by the officers and teachers until he tendered his resignation. If it was desirable that he should stay he would do so at a sacrifice to himself. He would remain on one condition, and that was to be placed at the head of the department and be responsible to a committee of the board. "I rest my resignation on that condition," he said.

He had always experienced trouble with Mr. Chapman, but he did not want to refer to it. Anything he did was done above board. If an investigation was ordered, he would be prepared to go on with it.

Would Keep Him Home.

Trustee Douglas said if Mr. Hughes remained he would endeavor to keep him at home and not allow him to go about lecturing in the United States. In answer to this Mr. Hughes declared that he had not spent one day a year lecturing in the United States, and when he did so it was at his own expense. He had recently returned after a tour of \$500 to go to a convention in California and deliver an address. On his lecturing tour he had been away on Saturdays and holidays.

Trustee Douglas still contended that Mr. Hughes should remain at his post all the time.

Dr. Noble thought it was good training for Mr. Hughes to go abroad, and Mr. Douglas was aware that Mr. Chapman differed with Mr. Hughes in many things, but he believed in the difference of ideas was in the interests of the schools. The instilling of American ideas into the school system of Toronto was a curse, said the speaker.

Trustee Jones' Views.

Trustee Jones agreed that there could not be two heads in the department, still he did not want to see either Mr. Hughes or Mr. Chapman leave the service of the board.

On a vote being taken the recommendation was adopted, with the additional words that the duties of the inspector in charge be such as determine.

Still in State of War.

Ottawa, June 27.—Although the war in South Africa is over, permits to land have not yet been issued by the military authorities. Hon. R. W. Scott, Secretary of State, called the Colonial Office, and was told that the war was still in force, and received a reply in the affirmative. It seems strange that this precaution should be maintained, now that hostilities are at an end. The officials here regard it as altogether unnecessary.

PLASTERS FAILED.

LINIMENTS, OILS AND MANY OTHER MEDICINES DID NO GOOD.

A New Brunswick Postmaster Tells How He Failed to Cure His Kidney Trouble—He Suffered for Years and Tried Many Medicines, But Only Recently Found the Right One.

Lower Windsor, N.B., June 27.—(Special.)—Mr. T. H. Byles, postmaster of this place, has made a very interesting statement of his experience in his efforts to be cured of his kidney trouble. He has been suffering from it for many years.

At times he would have very bad spells, and when these came on he was almost laid up.

He tried several doctors and used many medicines, but nothing seemed to help him in the least.

Plasters, oils, liniments, on the outside, and doses of all kinds and descriptions taken internally seem to have had no result. He was no better.

Finally, through reading an advertisement, he was led to the use of Dodd's Kidney Pills. He says:

"Dodd's Kidney Pills were so highly recommended for Kidney Trouble that after reading some testimonials I concluded to try them according to directions."

"I had tried so many things that I was very skeptical and had but little faith that Dodd's Kidney Pills could or would help me. However, I did not use them long before I found that they were all and more than was claimed for them."

"I have received more benefit from them than from any other medicine I have ever used, for they seem to have made a complete cure of my case."

"I feel as well as ever I did, and have not the slightest trace of the Kidney Trouble that bothered me ever so long."

"I want to say that I believe that Dodd's Kidney Pills are the right medicine for Kidney Trouble."

Mr. Byles is very well known of everybody in this neighborhood, and there are but few who have not been aware of his serious illness.

Everyone is delighted at his improved health, and his published statement has done much to make Dodd's Kidney Pills even more popular in this neighborhood than they have been.
