**WOULDN'T ASK CATARACT TO BRING FRIENDLY SUIT**

**Instead, Power Committee Instructs Solicitor to Draw Up Formal Application to Send Commission.**

HAMILTON, Oct. 1.—(Special.)—The special power committee this evening passed the following resolution: "That the city solicitor be instructed to draw up a suitable resolution applying for a hydro-electric commission, safeguarding the city in all points as the committee has suggested as advisable, and report back to the committee at the earliest possible moment."

It was agreed that the committee should meet again Tuesday afternoon and have the application in shape to go before council on Oct. 11. A new stipulation that the committee wants, in addition to not being bound to take more than 1909 horsepower from the commission, is that it shall be free to sell to any person it sees fit, providing that it does not sell below cost.

Ald. Cooper and Anderson thought the application should be made at once, in view of the fact that the ratemakers had so voted.

Knowing that the Cataract Power Company was going to try to hold the city to last year's contract, Ald. Percival suggested that a committee should be sent to the Cataract Power Company to ask it to bring a friendly suit to test the liability of the city under the Cataract contract, but not one member of the committee would consent to act on the committee, and the motion that City Solicitor Woodell be instructed to wait upon the company with that end in view was voted down.

**Dr. Husband Dies Suddenly.**

Dr. George E. Husband, 129 West Main-street, 70 years of age, who had practised medicine in the city for many years, died suddenly from apoplexy this afternoon while driving with Warden Gee near Waterdown. He fell out of the rig and when picked up he was dead.

Arthur Solvitsburg, King William-st., was arrested this afternoon on a charge of assaulting Constables James Clark and Campaign, jr., at 3 o'clock this morning. Solvitsburg was standing in a doorway at home and the constables went inside and fired a cuspidor thru the door at the officers.

**False Pretences Alleged.**

Detective Sayer this afternoon arrested Eric Wilson, Oak-avenue, on a warrant charging him with false pretences. The complainant, Mrs. M. M. Hote, Fred W. Wilson, and she claims he was trimmed by his name on a patent deal. The amount involved is \$700.

Christopher King, James and Barton streets, was struck on the head tonight during a drunken row at James and Merrick-streets. His assailant escaped. King's condition is not serious. The police are after operators outside the racetrack who are making books on the races.

**Sold Liquor Without License.**

The magistrate this morning found George Shugart guilty of a second offence, selling liquor without a license, but deferred sentence until several questions can be submitted to the attorney-general's department. The defence is that the liquor was sold without the knowledge of Shugart. Wm. Daniels was fined \$20 for exceeding the speed limit in his auto.

Dr. Colquhoun, deputy minister of education, formally opened the Normal School, for the season this afternoon. He said the government had done all in its power to get an increase of pay for teachers, but they would have to make many sacrifices in the cause of education.

**Population Increasing Slowly.**

Ed Bedwell, owner of a string of race horses at the Jockey Club, and Arthur Dade, the starter, had a fistic encounter this evening. Bedwell harbors the notion that the horses have been getting the worst of it on the start, and was talking to Judge Murphy this evening when Dade happened on the scene. Some remarks were passed and blows were exchanged by Dade and Bedwell, but they were parted before much harm was done.

The assessment returns given out today came as a great shock to those who believed that the city was going ahead by leaps and bounds. An increase of only 201 in population is shown in the assessment for 1909. The assessment shows an increase of only \$67,268, as compared to nearly \$3,000,000 last year. The increase assessed at present taxation, will add only about \$20,000 to revenue. Wards two and five dropped off in population, but ward seven showed an increase of 481, and ward one added 244. There is a decrease of 133 in the number of children between 5 and 16 years. The total assessment amounts to \$41,166,758, the figures for the wards being:

Assessment	Population
Ward 1	\$3,242,644 6,453
Ward 2	8,498,210 6,186
Ward 3	5,472,710 10,442
Ward 4	4,300,085 9,813
Ward 5	6,573,390 6,828
Ward 6	5,339,950 11,535
Ward 7	7,938,769 19,011
<b>Total</b>	<b>\$41,166,758 67,268</b>

**Street Railway Repairs.**

The street railway has intimated that it will do little towards reconstructing its system next year. A formal announcement will be made to the railway committee next Monday.

W. C. Beekwith has purchased the John Patterson property at the corner of King and Hess-streets, and will divide it into building lots.

It is rumored that the G. E. R. will build a new station at James and Stuart-streets, using some of the iron work from the present Toronto Union station.

In order to spur the county constables to get after automobiles which break the speed limit, the county council notified the constables that they would be given half the fines imposed on offenders. Magistrate Jelfs says that is illegal, and he will not allow the divisions. The fact that they would get credit their evidence in his mind.

**The BELL Playerpiano**

**The New Autonola**

The "Autonola" is a remarkable instrument. It provides music for those who are unable to play for themselves, and it is also an exquisitely beautiful instrument for playing by hand in the usual way.

This is the ideal piano for every home, for it makes music possible whether there be any present able to play or not.

It is TWO PIANOS IN ONE.

We will accept your present instrument in part payment and arrange convenient terms for the balance. Come to our warehouses and play this wonderful instrument for yourself—not the slightest knowledge of music necessary.
