WANT NAMES OF PEOPLE KILLED IN GREAT WAR

Photographs of the men and women of Toronto who were killed or died of wounds received or illness contracted while on service in the great war are being collected by Sgt. Major George Crighton with a view to their display in a museum to be erected for the purpose. The idea was first put forth by the Toronto Ratepayers' Association and was accepted by the board of control, and the work of assembling the pictures is being undertaken by the department of Property Commissioner Chisholm.

Photos of any description will be acceptable, but it is intended to make the display in uniform size.

It is requested by Commissioner Chisholm, when these photos are sent to Sgt. Major Crighton, that particulars of name, rank, battalion, and former address of the soldier, and next-of-kin, of friend, be furnished.

WANTS ABOLITION OF TAX ON AMUSEMENTS

Mayor Church is endeavoring to have the amusement tax abolished. He wrote to Hon. Peter Smith, provincial treasurer, yesterday as follows: "Could not something be done, now that the war is over two years next Thursday, to eliminate the amusement tax in Ontario, the large bulk of which is collected from this city? It reacts on the working classes and those less able to pay, and is a very unpopular form of tax."

B'WELL? IT MAKES PEOPLE FEEL WELL

B'Well is a medicine that assists nature, made from roots, barks, herbs, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm destroyer that is sure death to worms, and can be used with perfect safety.

B'Well is not a tapeworm exterminator, and is not recommended for that trouble. B'Well is restoring thousands of people to health. I am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will surely make you feel fine.

It does not contain poison in any form or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, liver and kidneys into healthy action, helps digestion and keeps the bowels regular, expels all gases from the system, and takes away the bad feeling around the heart, and the fearful feeling from the head, depressed spirits and melancholy simply vanish, and a cheerful spirit takes their place.

A blessing to those that feel life is a burden, to them that are downhearted and unhappy from disease. B'Well carries the poison out of the system through the natural channels of health, and as the poison is carried out of the system, nature restores herself, and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. People treated for Epilepsy, Fits have been restored by its use. Don't ask me if it cures this, that and the other diseases. It is different from most medicines advertised as cure-alls, and I am not advertising this remedy as such, but simply advertising it as a medicine that has and will regulate the system, carry the poison out of the blood, and common sense must surely tell you that healthy and cheerful from its use, and I can only say what it has done for others. It will surely do for you. Young men and women whose faces are covered with pimples are a sickening sight to look at, are now free from them from its use. Men, women and children who have eating ulcers and running sores have been healed and what it has done for them it is likely to do for you.

Prof. Mulveney's World-Famous Tape-Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those requiring this kind of medicine.

B'Well is put up in powder form for convenience to send to foreign places by mail, which does away with all breakages. The packages of powder make twice as much medicine for the same amount of money. Full directions for making. Price, \$1.25; six packages, \$6.00. Write for further information, and send self-addressed, stamped envelope, with your address written plainly, for reply. These remedies are sold only by Prof. R. L. Mulveney, 211 Ossington Avenue, Toronto, Ont.

SAYS CONVENTION FIRE AIDED CHRISTIANITY

Rev. Dr. Chown, superintendent of the Methodist Church, in writing from Japan, states that the great Sunday school convention in Tokyo is a huge success from an international and religious point of view. "The Japanese are a wonderful people," Dr. Chown says, "surpassing all expectations. The convention is being held in the Y.M.C.A. since the fire, and the scenic effects are magnificent, and the singing from a choir of 600 voices superb. Christianity, largely thru the burning of the auditorium, is getting a lot of free advertising and international recognition."

OPPOSES GIVING FUNDS FOR OUTSIDE HIGHWAYS

Mayor Church said yesterday that he was not in favor of continuing the contributing of funds to the Toronto and York Highways Commission for the building of roads many miles outside the city. This was a work, he said, that the government and the municipalities should assume. He hoped also that the management of the Toronto and Hamilton highway would be left with the highways commission. He would not favor the government taking it over.

ACCORD WELCOME TO NEW MAGISTRATE

Toronto Police Court Deputy Takes Seat on Bench for First Time.

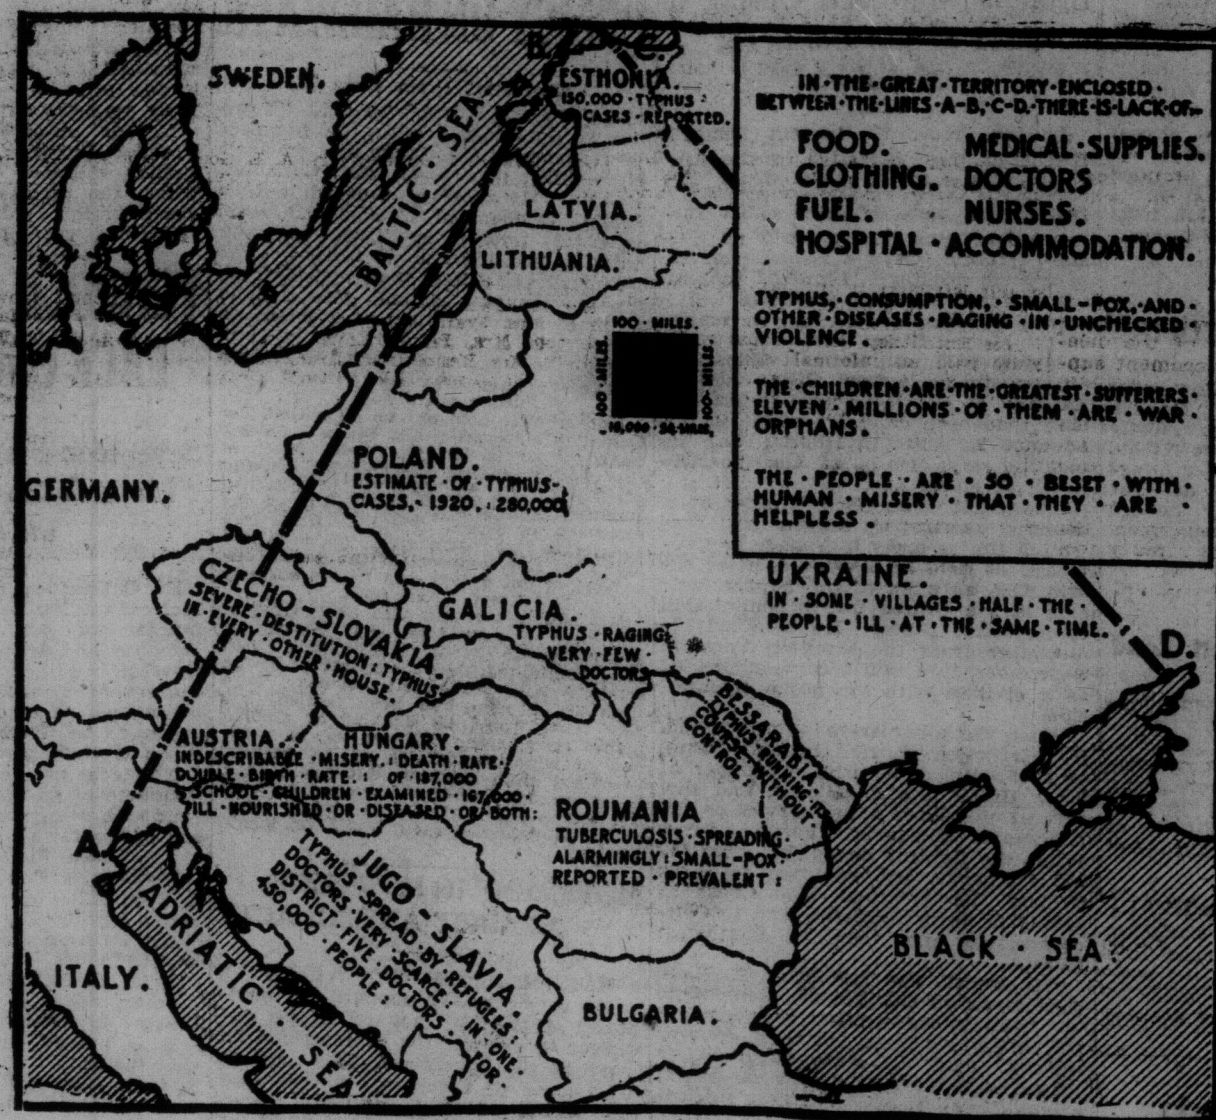

J. Edmund Jones, the newly-appointed deputy police magistrate, took his seat in the police court yesterday morning for the first time. The initial greetings were extended to him by Norman Sommerville, his former law partner, who described the new magistrate as "a man's man," adding: "In your elevation to the bench you will bring to the administration of justice the same qualities of head and heart that have signalled your work among the boys of this city. Not only are you honored, but the bench is honored by your presence."

Speaking on behalf of the department of public health, Inspector Robert Wilson recalled his 30 years' experience in prosecuting cases, and said he hoped that both the department and the public look forward to receiving from Mr. Jones "straight, honorable British justice." "This is a job that requires some nerve," replied Mr. Jones, "some of my old school friends who are now on the bench at Osgoode Hall had only to sit quietly beside older men, and learn their job. I am pitted into this position, never having heard of it until 10.30 last Thursday night. I feel that if I can only deserve a few of the good words my friends have spoken of me I shall be amply rewarded."

To Annie Jeffries, who faced a charge of selling liquor from her home on Grandview avenue, fell the distinction of being the first "case" called. The woman pleaded guilty, and was fined \$200 and costs or three months.

Forward Once Again in the Cause of Humanity

Study this map. Typhus has seized on these war-weakened nations. A terrible dearth of doctors, nurses and medical supplies makes them an easy prey. They are dying like flies. Their resources at an end, there is no hope for these peoples save from outside.

The British Empire War Relief Fund has been organized under the patronage of His Majesty the King to raise funds to combat world-threatening plagues and distress in these stricken areas.

The fund will be administered in Europe in co-operation with the League of Red Cross Societies.

Every dollar will be made to count.

Canada's achievements in the war must not be dimmed by laggard support here.

This is a call to common effort for humanity that the Empire sends forth to all its peoples.

Canada can only give one answer.
