GERMAN FLAG IS TORN BY INFURIATED SWISS

President of Swiss Federation to Enquire Into Disorders on Kaiser's Birthday.

GENEVA, via Paris, Jan. 29.—A battalion of the 123rd Landwehr has been sent to Lausanne at the request of the state council of the canton of Vaud. Camille De Coppel, president of the Swiss Federation, has been delegated by the federal council to proceed to Lausanne to discuss the situation which has arisen in that city as a result of the hostile demonstration during which the German flag raised by the German consul on the occasion of Emperor William's birthday on Jan. 27 was torn down by a crowd. He is to confer in this regard with the state council of Vaud.

SONORA

The Perfect Phonograph

Why will you spend your money on a phonograph which is built solely to exploit some particular record? Can't you see that it limits your choice to the artists hired by that particular maker? Just think this over. The Sonora is made to play any and every disc record on the world's market, including the beautiful Edison diamond disc, the artistic Pathe, the magnificent Columbia and Victor records, the renowned Odeon and Fonotipia, and the famous "English double diamond." See what this means to you in intrinsic value when you buy a Sonora. When you realize that the best judges in America awarded a special Gold Medal of Honor and 100 per cent. for pure tone to the Sonora Phonograph in competition with all other makes, doesn't that fact alone speak volumes for the beauty and perfection of Sonora tone? Come in to-day and hear it demonstrated at the Sonora headquarters.

TORONTO ARTILLERYMAN TO BE SENT TO KINGSTON

Two Hundred a Month to Go From City For Training At That Point.

Arrangements have been made with the Toronto recruiting depot of the Kingston artillery for two hundred more recruits a month to be enlisted here, to be sent to Kingston to maintain the strength of the batteries there. The Toronto enlistments about balance the drafts sent from the brigade at Kingston overseas, Toronto having now been drawn upon for fifteen hundred men for that purpose. This was exemplified by the home unit of Toronto artillerymen from Kingston to this city during the past week. It was an appropriate sequel to Lieut-Col. Roy's acknowledgment at last Sunday's recruiting league rallies of the important part taken by the young men of Toronto in supplying artillerymen for the Kingston division in addition to keeping the Toronto division artillery brigade up to full strength as rapidly as men seem needed.

If there is not some Point of Love Somewhere in this great Universe,
Whence comes the joyous treasure-trove,
As from some boundless open purse,
That fills the heart of man with peace,
And mitigates the sting of woe,
And sends him smiling o'er life's seas
Whatever adverse winds may blow?

INDIA IS INTENSELY INTERESTED IN WAR

Canadian Missionaries Constantly Called Upon By Natives to Explain the Situation.

"What about the war?" is the question facing Canadian missionaries every time they address a native audience in India, according to a letter just received from Rev. J. Stillwell, who went from Toronto to Cocanada, where he has been a member of the Baptist mission staff for some years. In a report just received from him by Rev. Dr. Brown, secretary of the Baptist Foreign Mission Board, Rev. Mr. Stillwell says that there is a great deal of unrest among the natives of India owing to the exaggerated claims being spread by German agents of Teutonic victories. As a large majority of the natives are unable to read or write, such reports inflame their imaginations and lose nothing, as they spread thru the dependencies.
