ing state, has been booked for appearance here against the strong Y. M. C. A. Seniors during the week of the Canadian National championships. Those who have charge are of the opinion that the Y. M. C. A. gym would be unable to accommodate the spectators who would be in the city at the time and who would attend. Consequently, the military authorities have been approached in regard to using the Armoury on the night of Wednesday, January 18, and they have given consent for the staging of the contest there. This is the first time in several years that an opportunity has been afforded to the fans to see a team from across the border stuck up against the first St. John can produce. They are reputed to be an aggressive aggregation, playing a clean game. The Seniors will present their strongest line-up and make every effort to maintain their unbroken string of victories.
